Autumn Project

Yeast Breads, Doughnuts Make Morning Project for Housewives

By MAXINE BUREN
Statesman Woman's Editor

A nip in the air, and women feel the inspiration to make yeast breads. We know just how they feel, for we get the bug, too, every year. So when an invitation came to attend the West Salem home extension unit's break-making meeting Tuesday, we accepted with alacrity. The meeting was at the home of Mrs. Roy Smith, Kingwood Drive, and Mrs. Jack Henningsen, transplanted from Marion county (but a member of the Polk county unit) was project leader.

A number of kinds of rolls were made from the one basic recipe—part of the Polk county extension winter project series. Mrs. Henningsen's own favorite recipe for buttermilk doughnuts was thrown in as a bonus.

Here's the doughnut recipe as she gave it to the ladies:

BUTTERMILK DOUGHNUTS

- | | |
|---|--------------------------|
| 3½ cups sifted flour | 2 eggs |
| 4 teaspoons double acting baking powder | ¾ cup sugar |
| 1 teaspoon soda | 1 teaspoon vanilla |
| 1 teaspoon nutmeg | 1 cup buttermilk |
| | 2 tablespoons shortening |

Sift dry ingredients together. Beat the eggs, add sugar and vanilla together until eggs are light. Stir in the buttermilk, melted shortening and chill. Stir in the dry ingredients. Turn onto lightly floured board and roll to ¼ inch thickness. Dry at 365 degrees until golden brown.

Here let me suggest that if you are going to fry doughnuts, you should use a thermometer, which may be found in the housewares sections, unless you have an automatic electric deep fat frier.

Mrs. Henningson handles her dough as little as possible after mixing, too much handling makes a tough doughnut, she says.

Then the yeast dough, the following recipe was used for the various rolls:

BASIC SWEET DOUGH RECIPE

- | | |
|--|---|
| 1 cake yeast or 1 package granular yeast | ¾ to 1 cup sugar |
| ¾ cup warm water | 1 teaspoon salt |
| 1 cup milk, scalded | 1 egg beaten |
| ½ to ¾ cup butter or other shortening | 3½ or more cups enriched white flour or use half wholewheat flour |

Mix yeast with water. See page 2 for temperature. Scald milk; add butter, sugar, and salt. Cool milk mixture to lukewarm. Gradually add enough flour to make a thick batter. Add softened yeast and beaten egg. Beat the mixture thoroughly to incorporate air and develop gluten. Gradually stir in more flour until dough is too stiff to stir well with a spoon. Turn dough on a lightly floured board. Knead, adding more flour gradually until dough is smooth, and tends to hold shape when the dough stands on the board for a few minutes. Swirl dough around in a lightly greased bowl to grease the top. Cover and place bowl in a moderately warm place, or surround with moderately warm water. Let dough rise until double in bulk. Shape according to directions on pages 6-8. Let rolls rise to double in size. Bake according to directions for shape and size of rolls.

Using this basic dough, the women made clover leaves, Swedish tea ring, cinnamon rolls, butterscotch rolls, brioche, a French specialty, and other variations.

FOR CLOVERS, shape pieces of the dough into balls only large enough to fill up muffin tin halfway when placed in clusters of three. Roll in melted fat, placing three in each muffin cup. When doubled, in bulk, bake at 400 degrees about 20 minutes.

FOR THE BUTTERTSCOTCH ROLLS: Prepare muffin pans or a baking pan in this way: Into each muffin cup put about ½ teaspoon butter or other fat, 1 teaspoon white or brown sugar, and nuts if desired. Sprinkle with 1 teaspoon water. (If a baking pan is used instead of muffin pans, prepare bottom, using similar proportions. Prepare rolls as for cinnamon rolls. Place rolls in pans. Let rise until double. Bake at 350 to 375 degrees.

SWEDISH TEA RING: Sweet roll dough and ingredients as for cinnamon rolls. Follow same directions through rolling in a strip. Form dough into a ring on a large, well-greased baking pan. With scissors cut through ring almost to center, in slices about 1 inch thick, turning each section sidewise, and lap over previous section. Let rise until double. Bake in moderate oven 350 to 375 degrees about 30 minutes.

Homecoming Festivities Scheduled

By MARY JEAN SCHRUNK
Statesman Correspondent

PORTLAND — Once again the vines that cover elegant Palatine Manor are turning red, and cheers are heard from the football field as orange and clark-clad players practice. These and other indications of fall on the Lewis and Clark campus signify that it is homecoming time.

Newly-elected homecoming queen is sophomore Joyce Fields. Shirley Crothers of Salem is representing the junior class on the court.

Homecoming festivities begin Friday afternoon, October 21, with the Carnival and its theme "On the Trail of Lewis and Clark". A bonfire rally is scheduled for Friday evening. The carnival will continue Saturday morning with the game against Chico State at 2 p.m. in Griswold Stadium.

The homecoming dance will be an event of Saturday evening. Marilyn Lorenz, Shirley Crothers, and Lorraine Ellis are among those planning to attend the dance.

An unusually spirited freshman class has invaded Lewis and Clark's traditions this year. As the frosh boys refused to wear their dinks, the sophomore girls considered them ineligible for the annual pushball contest and challenged the freshmen girls instead. The girls fought to a tie with Lorraine Ellis and Judy Bone cheering the frosh while Joyce Randall, Willard Bone and Jerry Hunsaker supported sophomores.

Music majors have an unusual accompaniment to their practices this year—that of hammers and saws as the new John Stark Evans Music Building slowly materializes on campus. The long awaited building will accommodate the many music majors at Lewis and Clark.

Sorority rushing completed, the five local fraternities have been engaged in rush activities for the last week. Sophomore Will Bone, a member of Delta Tau Rho, was one of the many fraternity members participating.
