## "Bright girl, my Betsy!"

I just can't get over the marvelous way my Betsy outsmarts her housework. Take wood floors for instance. I hear other wives complain about all the scrubbing and waxing they have to do. But not my Betsy! She cleans and waxes them in one easy operation with Bruce Cleaning Wax. Why, she's through in half the time and fresh as a daisy! And our beautiful wood floors are always getting compliments. My Betsy and her Bruce Cleaning Wax sure make small work of a big job. I'm mighty proud of both of them.

P.S. For lighter waxing on linoleum and wood, Betsy uses Bruce Floor Cleaner.

## St. Paul Girls Organize New Drill Team

ST. PAUL — Twenty-one girls have formed a new organization at St. Paul Union High School. It is called "The Buckaretttes", and will function as a drill team at school and civic celebrations.

The girls will be dressed in cow-girl outfits of a majorette style and will be held by Jeanne McCarthy as captain. Drilling is now in progress for the groups first appearance at the St. Paul homecoming football game Friday afternoon. A drum corps to accompany the drill group also is being planned. Advisors for the group are Mrs. J. J. Magnusen, H. W. Bowers and Mr. Weatherill of the school faculty.

## Trade Brisk At N. Howell Grange Fair

NORTH HOWELL—Long tables of vegetables, fruit and canned goods placed down the center of the main hall greeted visitors at the annual North Howell Grange Fair Saturday.

The country store, junior grange division, apron counter and fish pond carried on a brisk trade and the snack bar in the dining room served lunches from two till eight p.m.

Recent rains spoiled many of the flowers but the committee in charge made a good showing of late roses, chrysanthemums, and winter arrangements.

Judging the several departments were Mrs. Joe Henny, Mrs. R. S. Marshal, Mrs. E. A. Beugli, Mrs.

## Arizona Man in Line to Succeed Bishop Dagwell

PORTLAND, Ore. (AP)—The Very Rev. James W. Carman of Phoenix, Ariz., Tuesday was elected bishop coadjutor of the Oregon Episcopal diocese.

He will be in line to succeed Bishop Benjamin Dagwell on the latter's announced retirement in July, 1958.

Selection came on the sixth ballot of a special convention called to select the bishop's aide, with the 52-year-old dean of Trinity Cathedral at Phoenix getting 32 of 59 clergy votes and 25 1/2 of 42 1/2 votes cast by lay delegates. A majority of each was needed.

Dean Carman, a native of Denver, was educated at Carleton College, Northfield, Minn., and Seabury Divinity School, Fairbault, Minn. His first parish after ordination was St. Luke's, Denver. He went to Phoenix as dean in 1946.

## Yule Theme Chosen for Greens Show

HAZEL GREEN — The Labish Meadow Gardeners have chosen "Twas the Night Before Christmas" as the theme of their Christmas Greens show to be staged in the auditorium of the new Hazel Green schoolhouse on Dec. 10-11.

The show, under the general chairmanship of Mrs. Alvin Van Cleave, will feature Christmas arrangements of all kinds, including trees, packages, corsages, candle and mantel pieces, wreaths and swags.

Neighboring garden clubs will have a special section for exhibit. There will be a sales counter and tea will be served from 1:30 p.m. on Saturday, Dec. 10, and from 1:45 p.m. on Sunday, Dec. 11.

The garden club met Thursday afternoon at the home of Mrs. Ed Zahara on Blossom Drive. Following a dessert luncheon and business session, the group visited the Black gardens on Chemawa Road, where chrysanthemums are featured.

The next meeting will be at the Van Cleave home when a talk on horticulture will be given by Henry Hartwig.

## Met Officials Planning New Opera House

NEW YORK (AP)—The directors of the Metropolitan Opera Assn. have decided to cooperate with city plans for a new opera house farther uptown.

The chosen site is at the West side of Lincoln Square, between 62nd and 64th streets, a little over a mile north of the present Metropolitan opera house at Broadway and 39th St.

The decision to sponsor a new opera house was reached at a special meeting of the Met directors Monday.

The present opera house, built in 1883, has been considered obsolete for years. But many who are sentimentally attached to it have opposed tearing it down.

The Met has a seating capacity of only 3,500, can't store its own scenery and has other disadvantages. Anthony Bliss, a member of the Met board, said the association has raised about two-thirds of the money needed to purchase land at the new site and demolish buildings there.

## MOURNERS KILLED

NEW DELHI, India (AP)—A cremation for one became a funeral for 11 last week on the Ganges near Bijoor, 40 miles northeast of New Delhi. A delayed report said a flash flood burst the river banks while Hindu rites for the dead person were under way and drowned 10 mourners.

## Good News For Septic Tank Owners

Septic tanks are lifesavers for those who live away from city sewer systems. But septic tanks can, and do, stop-up and overflow! First, because the tank is not cleaned at proper intervals; secondly, toilet tissue that does not readily disintegrate may clog the drains and force them to back up!

This may be avoided by using MD Toilet Tissue—because MD is scientifically processed to absorb water quickly. Drains don't clog or back up so readily!

Good practice: Consult your County Health Department, your plumber, or a septic tank service company, for advice on cleaning your tank. Use MD Toilet Tissue!

## New Design Adds Speed To U.S. Jets

SAN FRANCISCO (AP)—Two new U.S. military planes with speeds approaching 1,000 miles an hour were reported Tuesday by Dr. Smith J. de France, aeronautical scientist, in a speech prepared for delivery here today before the Air Force Assn.

De France said a revolutionary aerodynamic design principle has added 150 to 200 miles per hour to the top speed of these new planes.

De France is the director of Ames Aeronautical Laboratory at Moffett Field, a major government facility for aeronautical research.

It was disclosed recently by the National Advisory Committee for Aeronautics (NACA) that by creating a "coke-bottle" design to an aircraft fuselage, narrowing it at the point where the wings are attached, much air resistance or "drag" is eliminated.

De France identified the new jets as the Air Force's Convair F102 and the Navy's Grumman F11F1 Tiger.

"They're coming in on the CASCADE"

"They" being all the people who look like someone, who are someone, and who have a wonderful time seeing each other on the Cascade when they travel overnight to and from the Pacific Northwest and San Francisco.

Any of them will tell you that for fine accommodations, service, food, comfort, and fun, no other train in the world can surpass it. They choose the Cascade too, for its smooth-gliding ride (which means a good night's rest) and wide choice of private room accommodations. Social center of the train is the "Cascade Club" where the attractions include telephone service to or from anywhere.
