Middle Grove Club Protests Halt of School Immunizations

MIDDLE GROVE—The Parents Club is on record as protesting the decision of the Marion County Health Department to rule out immunization at the schools.

Reasons given for the protest at the Monday night meeting of the club were that many do not have transportation or would not take advantage of the service because of the inconvenience of getting their children to the health center, where shots will still be given.

Extensive plans, under the leadership of Mrs. Vernon Glass, are being made for the school carnival Nov. 4 at the school. This is a fund project for the tape recorder which the Parents Club is purchasing for the school.

The school census, formerly taken by Mrs. John Gage in this area, has been assigned to Mrs. Earl Malm and Mrs. Joseph Simak, who have as assistants Mesdames David Karn, Verie Fields, Orville McCool, Merie Gallagher, Charles Wenger and LeRoy Austin.

Mr. and Mrs. Lee Surgeon, the program committee, presented a film on the Alcan Highway. Refreshment hostesses were Mrs. Stanley Britton, Mrs. LeRoy Austin and Mrs. Gil Blankenship. Miss Katherine Brandt's fourth grade won the room prize.

Polk Co. Tax Bills May Hit Mail Today

DALLAS—Polk County property tax statements probably will go in to the mail Thursday, Sheriff Tony Neufeld said Wednesday.

Most districts in the county will pay higher levies than last year. Exceptions are Dallas, Falls City and Valsezt where overpayments were made last year because not all assessed valuation was on the tax roll.

The county's rural school levy has been increased by 15.4 mills. First-class districts are not affected by this levy.

Areas with standing timber have benefited because the state tax commission has increased the assessed valuation on timber. Personal property has been cut from 40 per cent to 22 per cent of assessed valuation.

In total county assessments, new buildings and timber assessments have increased the value of real property enough to balance the loss in valuation through the cut in personal property.

New Library Location at Mt. Angel Due

MT. ANGEL—A special meeting of the City Council was called by Mayor Jacob Berchtold Monday night, following a caucus.

The possibility of having to find a new location for the city library called for a report from Joe Wagner stating building available were the former bank building on the corner of Main and Church Streets and the former Eberle store building. A raise in rent at the present location makes the above necessary.

The mayor appointed Carl Mucklen, Joe Wagner and Bernard Kirsch as a committee to investigate the size and lighting of the two locations to determine their suitability.
