

Blue Lake Praised At Cannery Meeting

By LILLIE L. MADSEN
Farm Editor, The Statesman
PORTLAND — "We could just as well be eating a great big beautiful plastic ornament as some of the canned peaches processors have offered consumers in recent years," Poppy Cannon told several hundred canners here Friday.

Ex-Truman Aide Cleared Of Disloyalty

WASHINGTON — A special loyalty board Friday cleared William Henry Taylor of disloyalty charges which have hung over him for seven years.

Taylor, 48, was a treasury expert in the Truman administration and is now an American member of the International Monetary Fund.

Transporting Plan of Cabinet 'Neglects Air'

WASHINGTON — Sen. Monroney (D-Okla.) charged Friday a Cabinet-level report on federal transportation policy, praised by President Eisenhower Thursday, completely overlooked aviation.

Monroney, chairman of the Senate aviation subcommittee, said aviation is an extremely important part of the U. S. transportation picture and no general report on transportation would be complete without it.

However, a Monroney query about an "airline protest" against the report brought to light the fact the Air Transport Association (ATA), composed of scheduled airlines, had not expected or wanted aviation mentioned in the report. It said that subject had been covered thoroughly in another report.

Bill for Plane Sent to Soviets

WASHINGTON — A \$724,947 damage bill was presented to the Soviet ambassador by the State Department Friday for the shooting down of a U. S. Navy patrol plane by Russia fighters last June over the Bering Sea.

Total damages, including injuries to the 11 American crewmen, were assessed at \$1,449,895, but the United States had agreed to accept Russia's offer of half payment because of "special circumstances" involved.

The plane, a two-engine Neptune, was downed in flames on June 22.

Adlai to Become Disc Jockey for March of Dimes

WAUKEGAN, Ill. — Adlai E. Stevenson will be a disc jockey for a half hour next week, radio station WKRS said Friday.

The candidate for the Democratic presidential nomination will play records on a half-hour program for the March of Dimes, Saturday, Jan. 14. The station said Stevenson will introduce records requested by listeners who pledge money to the March of Dimes.

\$300,000 Veneer Plant Planned In Portland Area

PORTLAND — The Dwyer Lumber Co. announced Friday it will begin building a green veneer plant in March, with the idea of expanding it into a plywood plant later.

The original plant will cost about \$300,000, President Anthony J. Dwyer said. It will be put up in the southeast section of the city.

Temporary Bridges Replace Fallen Span

VANCOUVER, Wash. — Two Bailey Bridges, rushed from Fort Lewis Friday are put in place across Salmon Creek on U.S. Highway 99, six miles east of here. Original span collapsed during heavy rains Wednesday. (Story on Page 1.) (AP Wirephoto.)

Prosecution In Abbott Case Airs Surprise

OAKLAND, Calif. — The prosecution exploded three surprises Friday at Burton Abbott's trial for girl murder — two in the courtroom and one outside.

Two women witnesses testified they saw the 27-year-old defendant in the Oakland area shortly before Stephanie Bryan was kidnapped after Abbott said he already had left on a fishing trip to Northern California.

Outside the courtroom the district attorney disclosed that a jail mate of Abbott's is being questioned about a cell chat in which Abbott purportedly voiced "very incriminating" comment regarding 14-year-old Stephanie's abduction.

Pilots Group Elects Officers

Salem's newest aviation group elected officers and looked forward to purchase of an airplane at a meeting held recently.

The group, Flight No. 2 of the Salem Pilots Association, named Al Bressler as president. Other officers: Ted Cusick, vice president; Clyde Ruthledge, secretary-treasurer; and Bill Swigart and Pat Holland, trustees.

Bressler is a flight instructor and a former crop-dusting pilot, while Cusick is commander of the Salem Civil Air Patrol Squadron.

The parent Salem Pilots Association will in the future be known as Flight No. 1 to distinguish it from the new group, announced Warren Merrill, over-all director of the entire association.

The entire association plans to own five aircraft and have a membership of 72 pilots by spring. The Salem organization already is the biggest of its type in the Northwest.

Flight No. 2's membership currently is limited to 20 but plans call for an increase to 22 when a second airplane is obtained.

Oregon's 1955 Road Toll Dips

Oregon's 1955 traffic death toll was 400, or 21 fewer than in 1954, Secretary of State Earl T. Newbry said Friday.

He said Oregon was one of the few states having a decrease last year. The nation as a whole had a 6 per cent increase.

Most of Oregon's improved record last year was caused by a big reduction in December, when 35 were killed, compared with 83 in December, 1954.

The worst months were October, with 48 dead; July 45, and August 42.

Unification of Presbyterian Churches Eyed

PITTSBURGH — A plan is underway to unite the Presbyterian Church in the United States and the United Presbyterian Church in the United States.

The announcement was made by Dr. Ralph W. Lloyd of Maryville, Tenn., and Dr. Robert W. Gibson of Monmouth, Ill., following a two-day meeting. They said they didn't know until Friday that revisions could be made in time for submission to the general assemblies of the two churches in 1956.

If the committees, the general assemblies and two presbyteries approve the plan, the two churches will unite in a combined general assembly in Pittsburgh in May, 1958.

A three-way merger was approved by both churches in 1954 but was defeated by the vote of the presbyteries of the Presbyterian Church in the United States (Southern).

The revised plan proposed Friday omits the Southern denomination, the drafting committee said.

Police Report No Leads in Cab Holdup

Detectives reported no luck Friday in tracking down a bandit who took about \$50 from a Salem taxi cab driver in a Thursday night holdup. One suspect was questioned but later released.

Victim of the robber was Harvey Lefever, who told officers he was forced to hand over the money after "an object like a gun barrel" was thrust against the back of his neck by a passenger in the cab's backseat.

The robbery reportedly took place in the 200 block of S. 20th Street about 11:30 p.m. after the passenger ordered Lefever to halt the cab. The bandit jumped into the cab near the intersection of N. Liberty and Chemeketa streets.

Lefever told officers he was ordered to stand under the light of a power sub-station at 20th and Ferry streets until the robber could make a getaway. Lefever said the holdup man claimed to have a partner nearby "who would shoot" if Lefever left the spot.

The cabbie reached a telephone and notified police about 12:45 a.m.

BAIL FORFEITED

Lola Jewell Kyle, Salem, forfeited \$250 bail Friday when she failed to appear in municipal court for her trial on a charge of driving while intoxicated, city police reported.

Reds Scorn U.S. Plea to Release Yanks

LONDON — Red China shunted aside Friday U. S. State Department efforts to speed up the release of 13 Americans—still in Chinese jails.

A government statement broadcast by Peiping Radio said the Mao Tze-Tung regime would deal with the Americans when and how it saw fit and "no foreign interference would be allowed."

Scorning Washington's charge that Peiping has violated a Sept. 10 agreement to free all Americans "expeditiously," the statement said:

"Americans who offended against the law in China must be dealt with in accordance with Chinese legal procedures, and no time limit can be set for their release."

The toughly worded declaration dampened hopes in London that the Chinese Reds would smooth the way to a Far East settlement through prompt release of the remaining Americans in prison.

U. S. Secretary of State John Foster Dulles has made it plain that release of the Americans must come before the United States will enter into any agreement with Red China on other issues dividing the two countries.

The Communist broadcast renewed Peiping's demand for an early conference between Dulles and Red China Premier-Foreign Minister Chou En-Lai "to discuss relaxation and elimination of tension" in the Formosa area.

It called for a speedy end to the Western embargo on shipment of strategic goods to Red China.

Gun Welders Interrupted

The West Salem scene was enlivened by some gun-brandishing late Thursday night. City police said nobody was hurt and no charges resulted from the episode, which involved a group of youths.

Officers investigated after a report that two youths were seen waving pistols after getting out of a car near the Willamette River bridge in West Salem. When questioned, the pair said the guns were unloaded and had been used merely to scare another party of youths, according to police.

The gun-wielders, reportedly brothers, said it all started when one of them, in the company of a girl, had been annoyed by the other party of youths while in a car in the Popcorn Hill district.

Emergency Loans Available for 5 Oregon Counties

WASHINGTON — Five counties in Oregon and 37 in California were designated by the Agriculture Department Friday as emergency loan areas under its farm aid program.

The Oregon counties, all hard-hit by last month's floods, are Coos, Curry, Douglas, Jackson and Josephine.

The Farmers Home Administration will extend loans to farmers who have suffered losses so they can carry on normal operations. The interest rate is 3 per cent. Such loans usually run from one to five years.

Harney County, Ore., also was designated by the department as eligible for its emergency livestock feed program, under which farmers may obtain certain feed grains at a reduction of \$1 a hundred pounds during the disaster period.

Albany Woman Dies In Mexico Accident

GUAYMAS, Mexico — An automobile accident near this small fishing and resort town killed Mrs. J. A. Kaufman, Albany, Ore., Thursday night. Her husband was injured critically.

Details of the accident were not available.

City Pumps Used In Salem Sectors

City pumps were put in operation Friday in West Salem and in Myrtle Avenue and Columbia Street sectors. An all-night rain required the move.

The city engineer's office said all pumps had enjoyed a respite the previous night after a battle against the weather and accompanying high water.

Trouble generally eased off elsewhere in the city Friday.
