Modern Etiquette

By ROBERTA LEE
Q. Is it proper, when setting the dinner table, to put the butter on one plate and pass it around, or put it on individual bread-and-butter plates?
A. This is more a question of convenience than propriety, and certainly it is more convenient to serve the butter on individual plates than to have your guests pass it around.

Q. Is it obligatory to make calls on the bride and bridegroom?
A. Yes; all those who received invitations to the wedding should call on the bride in her new home, even if they didn't attend the wedding.

I WOULDN'T DARE USE ANYTHING ELSE when my child catches cold!

He needs this proved relief that does more than work on chest. Don't take chances with colds—use Vicks VapoRub. It acts two ways at once. Rub it on, and it quickly relieves muscular soreness without irritating redness or burn. At the same time, VapoRub's medicated vapors travel deep into nose, throat and large breathing passages. Congestion starts breaking up. Coughing eases. Warming relief lasts for hours. So, when colds strike, use Vicks VapoRub. That's all it takes to make your child feel more like himself again!
