Cannery Work May Trim Pre-School Grid Practice

By THOMAS G. WRIGHT JR. Staff Writer. The Statesman
Twice-a-day football drills for Salem's two high school teams will probably be cut to one because of cannery work complications.
The change appeared on the way Thursday following a joint meeting of the Salem School Board with Salem area cannery representatives and a union representative to discuss mutual problems created by the heavy seasonal work.
It was estimated by cannery officials that some 3,000 high school youngsters work in food processing plants in the Salem area during peak of harvest in August. Included among these are almost all of football aspirants of mid-valley schools.

State Board To Consider Penal Sites

The State Board of Control at its next meeting Tuesday is expected to discuss a proposal for a new site for the state reformatory.
The current site, located 14 miles north of Salem on the Salem-Newberg Highway, will be absorbed in the site for the Air Force and Navy Air Base. Reports from federal officials in Washington, D.C., indicate that the government will pay the state the amount of money it has invested in the intermediate institution site.
The institution site was purchased by the State Board of Control more than a year ago at a cost of \$70,000 and the 1955 legislature appropriated \$6,000,000 for construction operations. Only money spent on the site up to this time involves that required for engineering surveys.
The institution site contains approximately 410 acres.
Gov. Elmo Smith, Board of Control chairman, said he hoped that purchase of a new site for the institution would not be delayed once Congress has appropriated funds for the Air Force Base.

Salem Naval Recruiter to Leave Post

Chief Quartermaster Robert S. Elliott, with the Salem Navy recruiting office for the past four years, has been reassigned to sea duty, the office announced Thursday.
Elliott will be stationed aboard the helicopter carrier Thetis Bay at San Francisco. He, his wife and their two children, residents of 3245 N. River Rd., will leave soon for the south.

Lions Conduct Nominations

List of nominees for office in the Salem Lions Club was announced at the organization's Thursday noon meeting at the Hotel Marion. Elections are slated May 17.
Loren Mort, chairman of the nominating committee, announced nominees for president as Richard Denton, William Kinsey and Walter Martin.
Other nominees include: First vice president—Floyd Bowers, Arthur Erickson and Derral Jones; second vice president—Wayne Gordon, Earl Hampton and Fields Merrick; third vice president—Fred Halvarson, Robert Hynd and Wald Zeller.
Nominated for directors (two to be elected) were Lester Davis, Howard Honck, Donald Peterson, Donald Ramsdell, Earl Riggs and Ellsworth Smith.

O & C Advisory Board to Meet

The 16-member O & C Advisory Board headed by Charles A. Sprague will meet at the Department of the Interior building in Portland May 15. Bureau of Land Management Area Administrator James F. Doyle announced.
The O & C board is appointed by the Secretary of the Interior on matters of policy in the management of the Oregon and California re-vested railroad lands.

Portland Bridge Traffic Proposals Recommended

PORTLAND — Two more proposals to speed bridge traffic in Portland were made Thursday by Paul C. Northrop, Multnomah County roadmaster.
He recommended widening of the Ross Island Bridge in south Portland from four to six lanes and building of a ramp system to bring about a smoother flow of traffic at the west end of the Hawthorne Bridge in downtown Portland.
County commissioners are considering the proposals.

Shell Found by Excavation Crew

PORTLAND — A demolition expert from Ft. Lewis, Wash., Thursday identified a metal object found at nearby Lake Grove as a 60 mm mortar shell.
The war souvenir was uncovered as workmen excavated for a new house. How it got there was not determined. The demolition expert was called. He took it to Ft. Lewis for disposal.
