SKIN DEW

No other beauty treatment in the

world gives dry, sensitive skin:

- · Deep-moisturizing yet greaseless lubricants so you can wear all day under make-up, all night without mess!
- Invisible film to protect the natural moisture way down deep inside your skin. Activated "ferments lactiques" (concentrated milk ferments) to maintain the

healthy acid skin balance that protects against surface blemishes and flaking.

Now Helena Rubinstein creates 5kin Dew, the result of years of working with her laboratory chemists and doctors in Paris. Skin Dew, a fabulous creamy-dew, forms an invisible film which protects the inner moisture of deep skin layers and maintains the healthy acid balance of the outer skin. Overnight your skin will look younger, dewier, healthier. A drop of Skin Dew before make-up keeps you glowing all day. Don't settle for partial effectiveness in your beauty carestart giving your complexion its Dew tonight!
