

Senate Okehs Big New Housing Action for 500,000 Public Units

WASHINGTON — The Senate passed a big new housing bill Thursday, including provision for 500,000 more public housing units and billions of dollars in credit and insurance for new home construction.

North Koreans Complete Major Irrigation Job

TOKYO — Communist North Korea Thursday reported completion of a 73,500-acre irrigation project. The Reds called it "the largest so far in our country."

ROMANCE RUMORED

RABAT, Morocco — The visit of Iraq's 21-year-old King Faisal to Rabat has touched off rumors that he may marry pretty Princess Lailaicha, eldest daughter of Sultan Mohammed Ben Youssef. Faisal arrives Friday as personal guest of the Sultan.

still has to be voted on in the House. Senators wrote into the bill a one-year extension of the GI home loan program, under which more than four million dwellings have been built. They voted to keep the program going until July 25, 1955.

Annual Subsidy

Under the program, the low-rent apartment units are built by local public housing authorities. But the federal government contributes an annual subsidy to the projects to help make up the difference between rental income and the cost of paying off the mortgages.

Other major features of the bill would: Authorize an additional three-billion dollars in Federal Housing Administration home loan insurance.

Provide an additional 100 million dollars in capital grants to cities engaged in slum clearance projects.

Authorize 450 million dollars of direct government loans for farm home construction in the next five years.

Liberal Credit

Liberalize credit terms for private housing for elderly persons, with FHA insurance up to 100 percent of the loans and down payment as low as \$200.

Provide 75,000 extra public housing rental units for the elderly over a five-year period.

Raise the ceiling on FHA home improvement loans from \$2,500 to \$3,500 and extend the repayment period from three years to five.

Former Commie Spy Requests DAR Membership

WASHINGTON — Elizabeth Bentley, self-described former communist spy who turned government witness, has applied for membership in the national society of Daughters of the American Revolution.

A national DAR spokesman said Thursday no attempt has been made, however, to check on whether Miss Bentley has the proper American Revolutionary War ancestor since it was found that her application papers were not in order.

It was explained that DAR rules require that an applicant must be sponsored by two DAR members in good standing. One of Miss Bentley's sponsors had resigned prior to signing the application, the DAR spokesman said.

\$10,000 Cost To California Panty Raiders

BERKELEY — Fraternity members and men in residence halls will pay damages, estimated at \$10,000, of a riotous May 16 party raid on University of California sororities, the faculty committee on student conduct announced.

The committee said fraternity members will be assessed \$3.59 each and those in residence halls \$3.

"Restitution is being made on a prorated share," a committee statement said, "with damage and loss to be determined by a detailed inventory being compiled by Katherine Towle, dean of women."

"The committee regards the party raid as a grave offense against the university and a gross violation of the law."

Student judicial committees have been assigned the job of punishing ringleaders.

Only student arrested the night of the raids—Raymond Kellner, 23-year-old Fresno junior—was convicted in municipal court Thursday of battery but acquitted on a drunk charge. He was fined \$20.

Wet-Dry Issue May Divide Street

GRAND BEND, Ont. — It may be legal to drink on one side of the main street here and not on the other.

Huron County is one of the two in Canada still operating under the temperance act. In 1951 Lambton County annexed part of the village north of the main street.

The Ontario Court of Appeal has just reserved judgment on whether the annexed area is still dry.
