Bandits Sidestep Police, Engineer Second Robbery

SUTTON, Ont. (AP) — A gang of hustling bandits, rifled a summer cottage of \$1,800 worth of jewelry near here Friday night, then eluded pursuing police and engineered a second theft which netted \$5,200.

The gang went into action at a cottage in the resort village of Keswick, 10 miles southwest of this Lake Simcoe town.

Then they sped off to Jackson's Point, a mile north of here on the lake shore, and broke into the cabin of Mrs. John Preston of Charleston, W. Va. En route, they dodged police roadblocks.

Mrs. Preston, who was visiting a neighbor when the robbery occurred, estimated her loss at \$200 in cash and \$5,000 in rings. The thieves sliced through a screen door to gain entry to the cottage.

Salvaged Nazi U-Boat May Rejoin Fleet

KIEL, Germany (AP) — Former crew officers agreed Saturday that a German World War II U-boat salvaged from the Baltic this week could sail again in the new Federal Navy.

The 250-ton submarine was raised off the Danish island of Anholt. It had been scuttled by its crew May 3, 1945, eight minutes before the German surrender became effective.

It was towed into Kiel harbor Saturday and inspected by its former skipper, Dr. Uwe Christiansen, and onetime chief engineer Guenter Herbst.

Both agreed the U-boat, which ranked among the world's fastest in 1945, would be acceptable to the new Navy after a thorough overhaul. They said that its diesel engines and diving installations were still in order.

Heavy Floods Hit Pakistan

DACCA, East Pakistan (AP) — Vast areas in East Pakistan lay under heavy floods Saturday. Reports reaching Dacca said many inhabitants had taken to bamboo rafts to escape.

Troops labored near the town of Comilla to fill a breach in the Guni River embankment, where the water threatened to engulf dwellings.

The worst hit areas were in the provincial districts of Sylhet and Mymensingh.

AF to Shoot Down 160 of Its Airplanes

BALTIMORE (AP) — The U. S. air force plans to turn guns on more than 160 of its own bombers and fighters in an effort to find out more about blasting enemy aircraft out of the skies.

The planes to be used in the tests are classified as obsolete and originally were headed for the scrap heap.

The 111 B28S and 50 early versions of the F84F will become targets for rockets, small guided missiles and 20 and 30 millimeter projectiles.

KIWANIS CONVENTION

Four members of Salem Kiwanis who recently returned from the organization's international convention will discuss what they saw and did at the San Francisco affair at Tuesday's Kiwanis luncheon in the Senator Hotel.

ROADS NOT AIRPORTS

TORONTO (AP) — Ontario has a new rule of the road for plane pilots. Those who make emergency landings on highways will not be allowed to take off from the roads but must have their planes towed away. The ruling followed two landing - takeoff incidents in the past month.
