Patterson Hand Injury Healed

NEW YORK (AP) — The broken right hand of Floyd Patterson was pronounced fit and almost ready for action Thursday.

Cus D'Amato, manager of the big Negro boxer, said "if Archie Moore meets him then we will have a new champion and a worthy successor to Rocky Marciano as a fighter and a person."

Moore and Patterson are the principle claimants to the heavyweight title that Marciano resigned April 27.

A plaster cast was removed from Patterson's hand Thursday. He broke it in winning a split decision from Hurricane Jackson June 8.

Loop Prexies To Hold Meet

(Cont. from page 27)

The emergency session to review the heavy crackdown imposed by the conference on four universities for under-the-table payments to football players has been requested by the University of Southern California and by the University of California at Los Angeles.

An Associated Press survey shows that, besides Dr. Fred Fagg, president of USC, and Chancellor Raymond B. Allen of UCLA, at least two other Pacific Coast Conference member presidents think such a meeting should be held.

Bird Seasons Set By Federal Group

WASHINGTON (AP) — The Fish and Wildlife Service Thursday set Sept. 1 through Jan. 10 as the outside limits for hunting seasons for rails, gallinules, and mourning and white winged doves.

The lone exception to this would be Texas where five additional half days hunting would be permitted if, as last year, the state is divided into two zones. The added hunting could be applied to either zone or divided between the two.

Other basic regulations by species include: Rails and gallinules — No season was set for Pacific flyways

and standing in the community and that this proposition had the tacit approval of those in authority.

"These present-day booster clubs have been composed of all the community leaders with whom the professors fraternize, and the community leaders from whom they ask university financial support."

"Without burdening you with my extensive views, may I ask you this: 'Where do we go from here?' I heartily endorse your carefully drawn distinction in your letter of June 29 when you say that these men are not being aided to obtain an education while they do play football."

"Apparently the University of California at Berkeley is accepting the Conference edict without a struggle. This complicates the situation very badly. And, incidentally, while we are on the subject, the rule that there could not be a 'repeater' in the Rose Bowl, regardless of merit, is, in my considered opinion, unrealistic and unsportsmanlike."

Meanwhile, presidents of the Pacific Coast Conference schools were polled Thursday to determine if they will meet for a review of the athletic scandals and a revision of the purity code.
