

Beauty Treatments for Cattle No Small Job, Crowd Learns

By LILLIE L. MADSEN
Farm Editor, The Statesman

HILLSBORO — Giving a 1,500-pound animal a pedicure and a hair cut is a considerable more trouble than giving a small boy a haircut, some 200 spectators learned Sunday at Oregon's first Aberdeen-Angus field day.

The two beauty treatments were a part of the day-long demonstrations held at Hawthorn Farms just north of Hillsboro.

Production Figure Tops \$400 Billion 'Magic' Mark Achieved in 1956

WASHINGTON (AP) — The nation's total production of goods and services passed the "magic" 400-billion-dollar annual mark in the final quarter of 1955 and rose to an even higher level of \$403,400,000,000 a year in the opening quarter of 1956, the government reported Sunday.

1956 showed the Great National Product (GNP) almost doubling from the 209 1/2 billions it reached in 1946 at the end of World War II. In 1939 the total was just over 91 billion dollars. National income edged upward to a new annual rate of 235 billion dollars the first quarter of this year compared with 224 billion for the year 1955 and 236 1/2 billion for 1954.

New York Fire Smothered After Gutting Famed Store

NEW YORK (AP) — A fire that raged out of control for 25 hours in the abandoned downtown Wanamaker's department store building was smothered Sunday night under a Niagara cascade of water.

City officials said a section of the Lexington Ave. IRT line may be out of service for about 30 days as the result of the flooding. Alternate subways are available but riders faced an added crush in getting to work Monday morning.

Dallas Crash Hurts Woman

DALLAS, Ore. — A Rickreall woman was hospitalized and the car in which she was riding was extensively damaged when it left the road and struck a utility pole and the edge of the ball park grandstand on entering Dallas Sunday morning from Rickreall, Dallas police said.

The woman, Mrs. A. J. Ramsey, was reported in good condition by Dallas Hospital attendants Sunday night. They said she was to be released from the hospital Monday after remaining overnight for treatment and observation of a scalp laceration. Her husband also was treated at the hospital for a cut over his eyebrow but released Sunday.

Robinson rated it of an intensity of three on a scale of 12. He said the center was probably about 100 miles southeast.

Science is Costly

NEW HAVEN, Conn. (AP) — It costs money to be a scientist these days, says Julian M. Sturtevant, Yale chemist. Time was when you got your scientific degree, acquired some chemicals and a batch of test tubes and you were in business as a researcher.

Now, says Sturtevant, the use of test tubes is diminishing, and electronic equipment is used more and more for testing. You could buy a few carboys of test tubes for the cost of one electronic device.

Man's Riddled Body Found Near Chicago

CARPENTERSVILLE, Ill. (AP) — The bullet-riddled body of a swarthy, well-dressed man carrying nearly \$4,000 cash was found early Sunday in an automobile at the edge of this village about 40 miles northwest of Chicago.

The victim's hands and feet were bound and his eyes and mouth taped. He had seven bullet wounds. The identity of the victims was not established immediately.

State policeman Robert Stroening said the car, a black and white Oldsmobile, resembled one which eluded his 100 miles per hour pursuit last night after he saw it chase a two-tone green Ford through a red light.

California license plates KJP-723 were found in the front seat of the car, and police said they apparently belonged to the car and had been ripped off their brackets.

Police found two \$1,000 bills, two \$500 bills and five \$100 bills wrapped in \$1 bill in one of the victim's socks; four \$100 bills wrapped in a \$1 bill in the other sock; and \$38.70 in trouser pockets.

The victim was about 30 to 35 years old, 5 feet 10 inches tall, and weighed 200 pounds. He wore good quality sport shirt, slacks and shoes.

The car was partly concealed in a thicket along a side road leading to the nearby Fox river. State police said they have established that the slaying took place between 2 and 6 p.m.

Father of Soon-Blind Boy Preaches Victory Sermon

ORLANDO, Fla. (AP) — The Rev. James M. Sibole preached Sunday on "Victory" while to himself he pondered how to tell his son Mike that the 4-year-old boy will be blind following an operation Wednesday.

that would rid him of his remaining eye. Sibole declared he and his wife have no choice but to remove the boy's remaining eye since it had been infected with cancer that destroyed his other eye when he was 2.

Sibole declared insertion of another eye would not be practicable in Mike's case as it would not arrest the ailment.
