

Pay Structure Study Eyed by State Employees

Distribution of questionnaires is planned by the Oregon State Employees Association as a step toward a state pay structure plan which will bring the state more nearly in line with private industry sales.

James Daniels, executive secretary of the OSEA, said the questionnaire will be distributed within the next few days to all classified state employees. It is a part of the OSEA salary and wages state-wide survey and is designed to get facts about each worker's pay status.

Daniels said findings in the survey, based upon individual returns, are to be based for the OSEA legislative program.

"This questionnaire is designed for use in making comparative analyses of state salaries in relation to those in private industry," Daniels pointed out.

"The state association," added Daniels, is committed to a policy of developing a realistic pay-plan revision to abolish inequities wherever they exist.

Jay W. Blair, chairman of the Salary and Wage Committee of the OSEA, pointed out "that state salaries in general are considerably sub-normal and adequate factual information is necessary for remedial action."

Meanwhile a conference is set today at Eugene to scan the problem of more nearly equitable salaries for faculty members in state colleges.

Daniels is slated to confer about the problem with Dr. John Richards, chancellor of the State System of Higher Education.

BAN CYPRUS TRAFFIC
NICOSIA, Cyprus (AP) — British authorities in Cyprus ordered a ban on traffic in Nicosia starting at 4 a.m. Tuesday. The action set off rumors in the capital that the execution of three Cypriot extremists might be near.

Thief Takes Beer, Beef

Theft of quantities of beer, cigars and beef from the East side Market Monday night was investigated by sheriff's deputies.

The burglary was discovered by the wife of John F. Zurawski, operator of the market. Entry was made by prying open the door to the Kuykendall Egg and Poultry plant adjoining the rear of the market at the Silverton Road-Lancaster Drive intersection, deputies said.

Although the thieves had to pass through the egg plant, nothing was reported missing from it, deputies were told.

Reported missing from the market were 27 cases of beer, 10 to 15 cartons of cigars and several packages of meat. No money was taken, deputies said.

Look at Baby Causes Crash

Two cars were damaged extensively but only minor injuries reported in a collision caused by a mother's concern for her baby Tuesday afternoon on Highway 99-E near North Jefferson Junction, state police said.

The collision occurred when Mrs. Opal Marie Anderson, Everett, Wash., turned to look at her one-year-old child asleep in the back seat, Officer Walter A. Karau said. Mrs. Anderson was cited for failing to remain on the right side of the highway, he added.

Driver of the other car in the 1:30 p.m. crash 1/2 mile north of the junction was listed as James Adam Ferguson, Milwaukee. His wife, Mrs. Edith Ferguson, was treated at Salem Memorial Hospital for bruises but not hospitalized. Other occupants of the cars received apparently minor bruises, which were treated by Salem first aidmen, although both cars required towing from the scene and one appeared a total wreck, Karau said.

Hamilton's

August STOREWIDE FURNITURE Sale!

Once again, Hamilton's offers a gigantic August Store-Wide Furniture Sale. If you visited our store during this sale last year, you know what to expect. If you didn't you've got a surprise in store for you. Come in today and see the drastic reductions we have for you in every department. Come in today and save on every room in your home.
