

Business as Usual Despite Moving

Mrs. Lotis Miller, state department of agriculture employe, does "business as usual" Tuesday while major moving into newly remodeled quarters in the agriculture building was in progress. In the background are fellow employes (left to right) Mrs. Sara Loertscher, Miss Gretchen Bartels and Miss Evelyn Stark. Bulk of the moving into the building's first floor will be finished this week with second floor remodeling scheduled to begin soon. (Statesman Photo).

Swindle Plan Eyed in Deaths Of 300 Women

EASTBOURNE, England (AP)—Scotland Yard Tuesday began examining the wills of 300 rich and elderly women who died in this resort town over the past 20 years.

Detectives were called in to investigate rumors of a huge insurance and legacy swindle.

The investigation climaxed months of gossip in tea houses and beach gardens that at least 12 of the women left money to a mysterious person in peculiar circumstances.

Richard Walker, chief constable, said he called in Scotland Yard after an Eastbourne woman sent him a letter concerning the deaths.

Supt. Herbert Hannam, one of the Yard's top men in the murder squad, took charge of the investigation. He detailed squads of men to check on names in the wills and report any coincidences. Walker refused to give out details of the letter.

Sullivan Back In Hospital

NEW HAVEN, Conn. (AP)—Ed Sullivan, nationally syndicated columnist and television personality, has been admitted to Grace-New Haven Community Hospital.

Sullivan, who entered the hospital night, was being treated for what the hospital described as "some congestion in the lower right lobe of his lung." His condition is not serious.

The hospital said: "His recuperation from a recent auto accident was interrupted by an elevation of temperature, and he was transferred from his Southbury home to the hospital. He is not in serious distress and his removal to the hospital is made primarily in order to take advantage of the diagnostic facilities there because of some congestion in the lower right lobe of his lung."

Sullivan and three others were injured in a two-car accident early Aug. 6 in Seymour and spent nearly two weeks recuperating at Griffin Hospital, Derby.

Progress Told In Hanna Issue

PORTLAND (AP)—Representative of striking United Steelworkers and management of the Hanna Nickel Smelting operations at Riddle, Ore., conferred with a federal mediator twice Tuesday and reported "some progress" in the four-week-old dispute.

Federal Mediator Elmer Williams said he could not say what progress had been made. He expressed belief, however, that differences between the company and union were "reaching a narrow area."

About 475 Hanna employes have been idled by the strike over a new contract. Most of the strikers are employed in the smelting works.

BAKER (AP)—Petitions calling for a vote on the commission form of city government have sufficient valid signatures to place the proposal on the November ballot, City Recorder Marcus Swan said Monday.

Of 923 signatures on the petitions, only 159 were invalid, the recorder said. Baker has had a city manager-council form of administration since 1950.

Baker to Vote on Commission Type Of Government

MEXICO POLIO DOWN
MEXICO CITY (AP)—Mexico's health department says polio cases so far this year are 79 per cent under the 1951-55 average. No figures were given. Salk vaccine injections were credited for part of the decline.
