

Oregon Hospital Association To Open Session Here Monday

Catastrophes and the role of hospital auxiliaries will be two of the major topics at the 23rd annual convention of Oregon Association of Hospitals starting today at the Senator Hotel.

The first official session will open with a talk by a man who was in the center of hospital activities at the time of a major disaster six years ago at South Amboy, N.J.

David T. Riddell, now assistant to the director of American Hospital Association, Chicago, was publicity director for Perth Amboy hospital in 1950, when 467 tons of ammunition on barges across the bay exploded, killing 30 and injuring 350. His subject will be "A Catastrophe Can Happen to You—It Did to Us."

He will be followed by four speakers whose talks will be related to the same subject. Mrs. Fred W. Hofer, state adviser to Washington Hospital Auxiliaries, will speak on "The Place of the Hospital Auxiliary in Meeting a Catastrophe."

Catastrophe Program
Dr. Edwin G. Robinson, orthopedic surgeon of Good Samaritan Hospital, Portland, and member of American Red Cross and Good Samaritan Hospital disaster committee, will talk on "The Responsibility of the Hospital Medical Staff to Organize a Catastrophe Program."

Aid from the Oregon Association of Hospitals in Preparing a Catastrophe Program" will be explained by Ross Godard, chairman of the association's disaster planning committee and business manager for Physicians & Surgeons.

Cars Collide, Woman Hurt
Two cars received damage and a woman was slightly injured about 8:30 a. m. Saturday in a collision in the 800 block of Court Street, according to city police.

Officers said Haverita Sattler, 54-year-old passenger in a car driven by Ralph E. Diehl, Tigard, suffered a bruised right leg but required no medical attention. Other driver was listed as Antoni M. Vistica, Woodburn.

6 Youths to See Juvenile Officer
Six boys, all aged 11 or 12, were given a date with juvenile probation Friday after investigation of vandalism at Baker Street playgrounds, city police said.

Officers said they found the boys on the roof of a residence building throwing shingles about the grounds. Considerable damage reportedly was done to the roof. Parents of the boys were told to have the youngsters before the city juvenile officer Monday morning.

hospital, Portland. Irwin Wedel, Salem Memorial hospital administrator, will speak on "Preparing an Emergency Program."
Auxiliaries and finances will be the subjects of the Tuesday morning sessions, Mrs. Hofer leading off with "Value of a hospital auxiliary to the hospital."

★ ★ ★ ★ ★

Speaker

Irwin Wedel (above), administrator of Salem Memorial Hospital, is one of many top West coast hospital officials slated to speak at the three-day Oregon Association of Hospitals convention opening in Salem today.

TV IS FOR THE BIRDS
SAN DIEGO, Calif. (AP)—The sparrow hawk population is thriving in some areas, says K.C. Lint, San Diego zoo bird curator, because of television antennas. They make fine lookout posts, from which the little hawks spot and swoop down on insects and mice.

Pair to Leave For Lutheran Conference

The Rev. John L. Cauble, pastor, and O. K. Nielsen, member, both of St. Mark's Lutheran church, will leave tonight for New York City and thence to Harrisburg as delegates to the 20th biennial convention of the United Lutheran church.

They are official representatives of the Pacific Synod, one of the 32 constituent synods of the United Lutheran church whose 2,270,000 members make it the largest Lutheran body in the United States.

One of the features of the convention will be a "religious spectacular," a pageant, "Nets in the Deep," written by Allan E. Stone who did the script for the motion picture "Martin Luther." It will be presented next Sunday afternoon at the Hershey arena.

Besides the usual routine business, several important questions will be considered by the convention, said Rev. Cauble: "For the first time in 25 years the church will take an official position on marriage, family life and divorce; decide on new organizational plans for its Board of American Missions; make an official statement on church segregation; and pass on a new pension plan."

Gov. George M. Leader will speak at the convention and Mrs. Leader will give a tea for the women who attend the convention.

Old First Aid Car Near End Of Line After Long Service

By JERRY STONE
Staff Writer, The Statesman

She is getting rickety and mileage-worn so she is being shunted to the sidelines. She simply isn't the gal she used to be.

As time comes for the city fire department's old first aid car to pull out of her downtown station stall for the last time, her speedometer will show better than 60,000 miles. That's a lot of miles and reflects the countless missions of mercy made by the 1947 Cadillac in her almost 10 years of service.

The old lady's reflexes may be sagging and her joints knocking from the grind of hurry-calls, but the men who man her still feel a twinge of sentiment as she nears her final mile.

New 'Wagon'
Sure, her replacement, a spanking new Pontiac station wagon, is fine, but . . .

Innumerable are the persons in the area who benefitted personally or have had friends or kin folk that drew help from the old lady in times of distress.

She has wheeled out of the station, voice growling, on an average of better than 100 times each month. Aidmen estimate she has averaged above 1,500 calls each year since joining the department in 1947 as a gift from Salem labor unions.

Around the Clock
Around the clock she's made her runs—day and night, rain and snow and shine. She's covered in on what aidmen like to call "those hand-aid cases." She has hastened to provide relief for heart attacks and children swallowing aspirin

and the injured of highway accidents.

The old lady has been on standby duty at fires and air shows, at rodeos and auto races. To sum it up, she's got around plenty in her time.

While she may be retiring from the fire department, the old car is not yet ready for the junk yard. She's to be put on the block for sale, indicating there's still some mileage to be squeezed out of that service-worn body of hers.

The new aid car, purchased by public subscriptions, will be put into operation as soon as installation of equipment is completed. That will be inside of two weeks.

GET THE 'L' OUT

SILVER CITY, N.M. (AP)—President J. Cloyd Miller of New Mexico Western College issued a formal statement to the staff recently calling attention to the fact that "college" has two Ls in it. He made the announcement after the college's new station wagon came out with a sign spelling it "Col-L-lege."

Adult Class Enrollment Up 16 Per Cent

Fall enrollment in Salem's adult education program is now up to 828 students, George D. Porter, program supervisor, said Saturday. He added that this is an increase of 16 per cent over last year's. Navigation for pilots continues to lead in number of enrollments with 52 students. Two secretary classes, medical and legal, are tied for second with 36 students.

Porter also said preparations are being made for the winter term which begins the first week in January. He said he would welcome suggestions for new classes.

Adults wishing to receive forthcoming bulletins announcing classes should write to the School Administration Building, 1309 Ferry St.

Aluminum ingot exports from Taiwan to China to the U.S. in the first six months of 1956 were 650 tons.
