

10th Inning Dodger Victory Sends Series Into 7th Game

Alston Picks Newcombe for Finale Scheduled Today

By ED WILKS
BROOKLYN, Oct. 9 (AP)—Clem Labine and Jackie Robinson were the heroes in the spotlight today for the Brooklyn Dodgers as the "Bums" beat the Yankees 1-0 in 10 innings. But the guy on the spot is Don Newcombe.

The big righthander, dogged by the jibe that mocks "he can't win the big one," is Manager Walter Alston's pitching choice for tomorrow's seventh and final World Series game against the New York Yankees.

"I couldn't be more ready than I am now," said Newcombe, all fouled up in legal action over whether he did or didn't pop a guy for a remark concerning his early departure in Friday's second game. The Yankees raked the 27-game winner for six runs, but couldn't hold the lead after he left. Young Johnny Kucks may pitch for the Yankees in the finals.

Ex-Warden at McNeil To Head Reformatory

Squier to Direct New Institution

Appointment of P. J. Squier, former warden of McNeil Island federal prison, as superintendent of the new Oregon State reformatory was announced Tuesday by Gov. Elmo Smith.

The federal prison service veteran of 30 years, now superintendent of Monroe Reformatory in Washington, will begin work as consultant to the architect on the new institution Nov. 8. His appointment as superintendent will become effective next July 1.

Life Terms Given to Eight Brink's Bandits

BOSTON, Oct. 9 (AP)—Eight men were sentenced to life in prison today for the \$1,219,000 robbery of the Brink's Inc. money transfer firm nearly seven years ago.

The prisoners—all from Greater Boston—heard Judge Felix Forte mete out the sentences in Superior Court without a trace of emotion.

Led out under heavy guard to begin their terms in the new Massachusetts Correctional Institution at Walpole were:

Anthony P. P. 48, a laborer; Adolph "Jazz" Maffie, 44, a salesman and pool room manager; Michael V. Geagan, 47, a longshoreman; Thomas F. Richardson, 48, a longshoreman; James I. F. Harty, 48, a bartender; Henry D. Baker, 49, a vending machine operator; Vincent J. Costa, 42, a truck driver; and Joseph F. McGinnis, 32, a former liquor store operator.

IT SEEMS TO ME

By Charles A. Souque

Chancellor-Richards of the state system of higher education recently suggested that admission to the state institutions of higher learning be made selective. That is, a high school diploma alone would not be sufficient proof of qualification for college entrance. The applicant's rating in his secondary school or his ability to pass certain examinations should also be considered.

A speaker at the meeting of principals of secondary schools now in session in Salem, Roland A. Parks, president of the association, who is superintendent at Bandon, recommended greater selectivity for students in high schools. He defined the need for a policy which would retain students showing promise and release those failing to measure up. He urged modification of the present compulsory school law which carries the age up to 18 years, with exceptions. He would limit the age of compulsory attendance at 16, or even less if the youngster lacked capacity to profit from school attendance.

On this last point this writer is in agreement, having on numerous occasions objected to the law which keeps youth in school up to the age of 18 unless they are employed. This tends to make school for unwilling youth a sort of jail, with the teacher the jailer. Presence of these maturing youth, often overage for their grade, indifferent to books and lessons, burdens the teachers and often creates serious problems in districts.

Police Seek Mother, Girl

GRANTS PASS, Oct. 9 (AP)—Police of Southern Oregon and California were on the lookout today for a 9-year-old girl and a woman who took her from school yesterday.

Quarter Inch Of Rain Falls

Almost a quarter inch of rain, welcomed by hunters and farmers, fell on Salem Tuesday evening. It was the first this month, but McNary Field weathermen said it looks like it will continue off and on for several days now.

Trainer Killed by Performing Bear

LIBERTYVILLE, Ill., Oct. 9 (AP)—A 500-pound performing bear turned on his trainer tonight and fatally mangled him despite a courageous rescue attempt by the victim's fiancée.

Paul Lemery, 28, Nashua, N.H., died of wounds inflicted by the bear a few minutes after it had been shot dead.

Family Car

By Wally Falk

Tonight, Lemery, his assistant Roland Racine and his fiancée Shirley Rodriguez, 23, scheduled a practice session with the bears in a shop they had made over for such purposes.

Racine busied himself in the shop as Lemery and the girl went to the cages in the rear to prepare the bears.

One of the brown bears turned on Lemery as he entered its cage and pinned him to the floor. It

Navy Scientists Planning Ascent Into Stratosphere

WASHINGTON, Oct. 9 (AP)—The Navy disclosed tonight that two of its scientists later this month will go "as high as they can" in a pressurized gondola suspended from a gigantic plastic balloon.

The ascension, which will take place from the Minneapolis, Minn., area, will be part of the Navy's "Stratolab" project in which the service is plumbing the stratosphere.

In this gondola will be two aerologists who earlier this year rode to 40,000 feet in an open gondola.

They are Malcolm D. Ross, 36, reserve lieutenant commander from Arlington, Va., and Lt. Cmdr. Morton L. Lewis, 42, Alexandria, Va.

Court Upholds Hells Canyon Private Dams

WASHINGTON, Oct. 9 (AP)—The licensing of three private power projects which would flood the site of the proposed federal Hells Canyon Dam was upheld today by the U. S. Court of Appeals.

The court refused to upset a Federal Power Commission order licensing three dams proposed by the Idaho Power Co. in the Snake River bordering Idaho and Oregon, a tributary of the Columbia.

This gave the private utility victory in another round of its long and bitter fight with public power groups which had unsuccessfully opposed it at a year-long FPC hearing.

But a spokesman for the public power groups indicated the fight will be taken to the Supreme Court if necessary.

The public power groups have asked the court to avoid the license on grounds the commission was required by the federal power law to reject the license application and recommend the federal Hells Canyon Dam. They termed the commission's action "an act of administrative lawlessness" which would result in "wasteful underdevelopment" of Columbia River basin resources.

The three-judge court in a 14-page opinion written by Judge Wilbur K. Miller held, in effect, that the power commission violated no provisions of the federal power law or the Constitution in granting the license.

Wife of M&F Bomber Held In Mail Fraud

PORTLAND, Oct. 9 (AP)—Mrs. Dorothy Peddicord, 26, wife of the blind bomber of the Meier & Frank department store here, was charged with mail fraud today in the sale of distributorships for a battery additive and a nylon preservative.

Also indicted on a charge of mail fraud was the woman's husband, William Clarence Peddicord, 39, who now is serving a 20-year sentence in the state penitentiary for exploding a bomb at the store 1 1/2 years ago in the extortion plot. No one was injured seriously.

Federal authorities placed a detainer on Peddicord and sent it to the prison in Salem.

Postal Inspector R. A. Severson said Mrs. Peddicord was involved in a scheme worked at Salem, Yakima, Spokane, Coolidge, Ariz., and Butte, Mont.

Two other persons also were indicted in the case. They are Sherwin J. Shoen, 31, a Portland barber, and his wife.

Severson said they are accused of selling distributorships with assurance they were exclusive in their area. Purchasers learned later, he said, that the products were available in stores under the same or different names.

Adlai Insists On 'Full-Time Presidency'

SEATTLE, Wash., Oct. 9 (AP)—Adlai E. Stevenson said tonight that "the undue delegation" of presidential responsibilities by the President "is hazardous at any time, let alone times such as these."

He added that the present administration is "narrowly representative of a limited interest" and that the Democrats will insist that problems be met by "an executive who assumes the full responsibilities" of his office.

The Democratic presidential nominee said in a speech prepared for a political rally here tonight that the Republican administration "has not told the people the truth" about the "crucial facts of history."

Met With Sneers
He said that his suggestion that the country start to find a way to stop the testing for huge hydrogen bombs had been met by the President and other Republicans "only with sneers and astonishing distortion of what I said, and with implications that even talking about this prejudices the nation's security."

"Without Criticism"
He said that his proposal was made "without criticism" of the Eisenhower administration "policy of hydrogen weapon development, which President Truman began."

Stevenson said "I have indicated my complete willingness to accept any better proposal for accomplishing the same purpose but I can't accept the apparent administration position that we are powerless to do anything to stop this headlong race for extinction."

(Add. details on page 15.)

Salem Demos To Go to Portland to See Adlai Today

A caravan of campaign-decorated cars will carry Marion County Democrats to Portland today to greet and hear presidential candidate Adlai Stevenson who will make a major campaign speech there tonight.

The Salem group will leave from Democratic headquarters at noon and will join with a 10-car caravan from Silverton at Woodburn Interchange to proceed on to Portland International Airport. Stevenson is scheduled to arrive by plane there at 2 p.m. and is expected to give a short speech.

The major speech is scheduled at Portland Auditorium at 7:30 p.m. where Stevenson will be introduced by Sen. Wayne L. Morse. Support of Morse's campaign for reelection against Douglas McKay is one of the major reasons for Stevenson's late-campaign visit to Oregon.

Among those greeting Stevenson will be Mrs. Marguerite Berg, state co-chairman of the Stevenson-Kellogg committee.

Parcel Holds Many Secrets For Clerk

SIoux FALLS, S.D., Oct. 9 (AP)—A little girl walked into the Sioux Falls post office to mail a package. M. T. Stark was on duty at the parcel post counter.

"Would you please wrap this for me?" the little girl asked. Stark smiled and proceeded to wrap the package. Completing the job, he asked her to address it.

"I can't write. Will you address it for me?" she asked. "Okay, little lady," Stark replied. "What's the address?"

"Trying not to show any exasperation, Stark unwrapped the package, removed the slip of paper, rewrapped and addressed the bundle."

"That will be 10 cents for mailing, please," he said, as he finished tying the knot.

President Labels Democrats As 'Politically Irresponsible'

PITTSBURGH, Oct. 9 (AP)—President Eisenhower tonight charged the Democrats with "political irresponsibility at its worst" and said they stand for "loose handling of the dollar—therefore, inflation."

Addressing a wildly cheering campaign rally, the President hit hard again at his Democratic rival, Adlai Stevenson, and credited his own Republican administration with a record of "clear accomplishments" toward lasting peace and prosperity.

Eisenhower spoke before an overflow crowd in the 8,000-seat flag-bedecked Hunt Armory. His speech was carried nationwide on television and radio.

The President criticized the opposition on many fronts and launched a fresh attack on Stevenson proposals that H-bomb tests be halted and the military draft be ended, both under certain conditions.

Howling Welcome
Eisenhower got a howling welcome to Pittsburgh, a traditionally Democratic city, on his arrival by plane from Washington this afternoon. A crowd of many thousands roared a welcome along the 14-mile drive from the airport to a downtown hotel.

There was another big crowd on the streets tonight, shouting greetings as the President rode bareheaded and standing in an open car from the hotel to the armory. Wearing a light topcoat as protection against a chill wind, Eisenhower stretched both arms aloft in familiar campaign salute.

Boos for Duff
Eisenhower was introduced by Republican Sen. James H. Duff of Pennsylvania, running for reelection, who a few moments before touched off a round of boos in the audience by referring to former President Truman as "haphazard Harry."

The President got a thunderous ovation as he took his place at the speakers platform. Cries of "We like Ike" rang out from all over the auditorium and a smiling Eisenhower told his audience when the applause and cheering subsided.

"You have just made a better speech than I can make."
Early in his address, he was interrupted by applause when he said he was going to talk about the record of his administration and "almost four years of clear accomplishments."

And there were cheers when he said the cost of living "has risen less than 3 per cent under this administration" and "almost 30 per cent" during the Truman administration.

Unauthorized Race at Bowl Trips Drivers
Two Salem men, arrested Tuesday after engaging in an unsanctioned bowl at the Hollywood auto racing race early Monday morning were ordered to make \$50 restitution.

Charged with trespassing, George Easter Williams, 27, and Bennett Norwood Eyerly, 26, both 778 N. Front St., were placed on five months probation by District Judge E. O. Stadler Jr. Tuesday.

Both men pleaded guilty to the charge. A 30-day jail sentence for each was suspended.

Arresting sheriff's deputies said they were called to the track on the north edge of Salem about 9:30 a.m. Monday on complaint of neighbors that cars were racing on the track. They found Williams, Eyerly and several other persons at the scene, they said.

A padlock had been broken off the track gate, a board torn loose from the grandstand and the track lights turned on.

BUS CRASH KILLS 17
MARACAIBO, Venezuela, Oct. 9 (AP)—In pre-dawn darkness a passenger bus plunged off a road today, killing 17 persons. Thirty more were injured.

\$340,000 Project to Expand South Salem Phone Service

A \$340,000 project to provide South Salem residents with increased telephone service was announced Tuesday by Elmer Berglund, manager of Pacific Telephone and Telegraph Salem exchange.

Berglund said the project is slated to begin Oct. 15 and will be completed early next summer. In addition, he said, 20,000 feet

of aerial cable on South Commercial and Liberty Road, between Kearney and Boone Road, is expected to be installed by Dec. 1.

The Commercial Street project will cost \$25,000 and will give four party service to new customers in the area, he said.

This year's expenditures brings the total that Pacific Telephone has spent in the Salem area during the past three years up to \$2,948,000, Berglund said.

Of the 11 cable projects undertaken this year, he said, a third went to the South Salem area.

An indication of the increase of residents to the South Salem area can be made by a study of water usage and school reports.

The Salem Heights Water District reports installation of water meters in the area up five-to-one over past years.

Opposition Said 'Standing For Inflation'

PITTSBURGH, Oct. 9 (AP)—President Eisenhower tonight charged the Democrats with "political irresponsibility at its worst" and said they stand for "loose handling of the dollar—therefore, inflation."

Addressing a wildly cheering campaign rally, the President hit hard again at his Democratic rival, Adlai Stevenson, and credited his own Republican administration with a record of "clear accomplishments" toward lasting peace and prosperity.

Eisenhower spoke before an overflow crowd in the 8,000-seat flag-bedecked Hunt Armory. His speech was carried nationwide on television and radio.

Man Sought in Silverton Party Probe Arrested in California

Arrangements are being made, Young said, to extradite French and two other men arrested in California last week for Marion County. They include Wayne Leo Standish, formerly of Salem, arrested at Modesto and charged with obtaining money by false pretenses in connection with a bad check.

Jewell V. Garrett, formerly of Hubbard, was arrested at Fresno last week on a Marion County warrant charging check forgery.

French was arrested by sheriff's deputies at Oakland on a Marion County warrant, Sheriff Denver Young said Tuesday.

Young said the charges against French came after the grand jury probed reports that the parties, at which considerable drinking and illicit sex acts reportedly took place among a group of teenagers and adults, were held at the house French occupied while he lived in Silverton.

He left Silverton early in September, Young said.

"Trying not to show any exasperation, Stark unwrapped the package, removed the slip of paper, rewrapped and addressed the bundle."

"That will be 10 cents for mailing, please," he said, as he finished tying the knot.

"The money is in the package, mister."

BLASTS ROCK TERMINAL
PORT ARTHUR, Ont., Oct. 9 (AP)—A chain of explosions rocked a grain terminal early today, injuring four men and crippling the Canadian terminal's operation. Damage was estimated at \$250,000.

ALASKA VOTES IN NASTY WEATHER
JUNEAU, Alaska, Oct. 9 (AP)—Alaska voters turned out in nasty weather today for an election watched for possible indications of what will happen in the United States presidential election Nov. 6.

The closing hour for the polls was 8 p.m. local time. A definite trend in the vote was not expected until Wednesday morning.

French was arrested by sheriff's deputies at Oakland on a Marion County warrant, Sheriff Denver Young said Tuesday.

Acting Postmaster Advised After Embezzlement

ST. PAUL, Oct. 9—Recommendation of Mrs. Elizabeth Faber as acting postmaster at St. Paul was made today by Rep. Walter Norblad.

Gerald P. Connor Jr., 36, was suspended as St. Paul postmaster yesterday and was arrested by federal authorities on a charge of embezzling \$235 in postal funds. Bail of \$500 was posted.

Work on New House Number Job Starts Quickly

Preparing for an entirely new system of street addresses for Salem and suburbs began Tuesday, City Engineer J. H. Davis informed Salem Planning Commission at its Tuesday night meeting in City Hall.

"We're just getting into the strategy of how to proceed," said the engineer. "We know that preparation of large scale maps must come first."

The house numbering plan by uniform grid, accompanied by compass point prefixes for all streets, was approved by the City Council Monday night after prior adoption by Polk and Marion County Courts. A majority of house numbers will change and all streets will get new prefixes.

Planning Commissioner U. S. Page said he hoped city officials would consider saving costs in new sign making by possibly having city firemen work with engineering personnel in the task.

Sign making has been estimated a three-month, indoor winter-time job. Target date for the new numbering plan is July 1.

(Planning Commission news also on page 2.)
