

Ike Unwilling to Lead, U.S. Policy Stalled, Adlai Claims

By ERNEST B. VACCARO
SAN DIEGO, Calif., Oct. 12 (AP)—Adlai E. Stevenson said tonight that "a paralysis of will has overtaken our national leadership" with Vice President Nixon as "the new head of the Republican party."

While the times call for an "effective leader," President Eisenhower is "either unwilling or unable" to lead his party, and national policy "has become stalled on a dead center," said the Democratic presidential nominee.

In an address prepared for delivery at a Democratic rally, Stevenson sought to push his proposal to halt H-bomb tests to the forefront of campaign issues.

"Most Americans, I know, are concerned, and deeply concerned, about mankind's need to tame the hydrogen bomb," he said. "Yet only yesterday, the President said he had uttered his 'last word' on this subject."

Stevenson's speech here was designed to climax a hard drive for California's 32 electoral votes.

Stevenson quipped that Eisenhower is "doing quite a bit of traveling with me to follow" after Republicans were "saying smugly that five or six television speeches would take care of the campaign."

Farm Crowd Hears Nixon, Sen. Kefauver

By THE ASSOCIATED PRESS
Vice President Nixon and Sen. Estes Kefauver, his Democratic opponent, plowed the same furrow Friday in their bids for the farm vote.

Both appeared at the National Mechanical Cotton Picking Contest near Columbus, Neb., and both promised the farmers better times in return for their support.

Nixon told the farmers to be wary of what he described as Democratic "get rich quick promoters." Democratic pledges of high rigid price supports, he said, are "a cruel hoax" because they mean a return to price-depressing surpluses.

Kefauver, in a speech prepared for delivery later, said President Eisenhower had "betrayed" the American farmer. "How many times does a man break faith with you and still retain your trust and confidence?" the Tennessee senator asked in his harshest attack yet on the President.

The crowd at the contest was estimated by the Nebraska Safety Patrol at between 60,000 and 70,000.

Handling of Poultry Led To Psittacosis

PORTLAND, Oct. 12 (AP)—The Oregon State Board of Health reported today that all cases of psittacosis in last spring's outbreak died under circumstances suggesting that psittacosis infection was an important factor leading to their death.

The report said:

"Of the 86 probable and confirmed cases, 54 were in contact with infected turkey flocks. All others were traced to contacts at rendering plants or processing operations."

Outbreaks were reported in three turkey flocks last spring. Turkeys from all infected flocks have been disposed of and the premises treated with disinfectants under supervision of state or federal authorities.

New Tankers Eyed by U.S. in Suez Crisis

WASHINGTON, Oct. 12 (AP)—President Eisenhower today ordered plans drafted for possible construction of a new oil tanker fleet in event of emergency arising out of the Suez Canal crisis.

Eisenhower's decision was announced at the White House by the defense mobilization chief, Arthur S. Flemming.

Flemming said in response to a question that no immediate emergency or new development in the Suez picture prompted the move.

Planning described it as a long-range program, and added:

"We are trying to get ourselves in the position where we are not as dependent on the Suez Canal as we are now."

He emphasized that the tanker construction plans will be drafted for study by government agencies. A decision will be made later on whether to build the tankers, he said.

Polish Bread Rioters Given Prison Terms

LONDON, Oct. 12 (AP)—A Polish court has sentenced four more defendants in the Poznan bread-and-freedom riots to prison terms ranging from 6 to 16 months.

The comparative lightness of the sentences was in keeping with the tone set by earlier verdicts in cases growing out of the June 28 disorders.

The defendants today were convicted of burglary and looting, Warsaw radio said.

Earlier this week a court sentenced three youths accused of killing a secret police corporal to prison terms of 4 to 4 1/2 years.

Pythians Elect Area Women

BEND, Oct. 12 (AP)—The Oregon Knights of Pythias, concluding their annual meeting here this week, elected G. H. Welsh of Grants Pass as the new grand chancellor.

Ann Brown Dallas was elected grand chief of the Pythian Sisters, and Edna Berger, Salem, was named grand juror.

Prineville Area Hunter Found

BEND, Oct. 12 (AP)—Fred (Jack) Frost, Suberlin deer hunter, was found safe in the Prineville area Thursday after being lost overnight.

An unidentified companion of Frost notified state police, and a search was started Thursday morning. Frost was found several hours later in the Juniper Springs area southeast of Prineville, state police said.

HOTEL BILL ENDS MARRIAGE

LONDON, Oct. 12 (AP)—Mrs. Leah Vileynsky testified her husband made her pay the hotel bill on their honeymoon. That helped win her a divorce here on grounds of cruelty.

Mother Blames Marines for Death of Son

PARRIS ISLAND, S.C., Oct. 12 (AP)—Brain Necrosis—dead tissue—killed a marine recruit here, doctors said today, but his mother insisted that her son had rarely been sick.

Pvt. Thomas L. Dillard Jr., 18-year-old Miami, Fla., negro, collapsed yesterday while taking exercises. He died a half-hour later in the Marine dispensary.

Marine authorities first said a heart condition was to blame, but doctors said today an autopsy revealed necrosis of vital brain centers.

Microscopic study of the tissues will be made to determine the cause of the necrosis, they said.

Dillard, nearly through boot training, suffered a mild virus pneumonia Sept. 20. He recovered rapidly and returned to full duty Oct. 3, the Marine depot said.

Mrs. Katie Dillard, the boy's mother, said at Miami that she had a letter Saturday saying her son had been hospitalized with pneumonia.

"The next thing I heard was this telegram saying he died in physical training. . . They killed my son."

Ike Planning Two More Major Talks

WASHINGTON, Oct. 12 (AP)—The White House today announced plans for two more campaign speeches by President Eisenhower—a major address in New York's Madison Square Garden the night of Oct. 25, and an airport talk at Denver Oct. 19.

Press secretary James C. Hagerty said the Madison Square Garden talk will be carried nationwide on NBC television and radio networks at 9 p.m. EDT.

He said the rally will be sponsored by the Citizens for Eisenhower organization and the New York State and County Republican organizations.

Hagerty said in response to a question that he did not know what particular theme the talk will have.

Firms Linked To Price Fixes In Salk Sales

WASHINGTON, Oct. 12 (AP)—Rep. Holfeld (D-Calif.) today accused five drug firms of "collusive practices and price fixing" in the sale of 13 million dollars worth of polio vaccine to the government.

His charge was based on a House investigation. Holfeld said a "ready-made" produced prima facie evidence that the antitrust laws have been violated.

He recommended that the Justice Department and the Federal Trade Commission look into the situation.

Officials of the U.S. Public Health Service, which has been buying the vaccine for a free immunization program being conducted by the states, contend the prices paid have been fair and reasonable.

Rod M. Hovey, purchasing officer for the health service, told the investigating subcommittee today that it's still "not too late to report to the Justice Department if we think prices are too high."

Portland Man Gets Year for Tax Evasion

PORTLAND, Oct. 12 (AP)—Fred Talbot, 51, Portland, was sentenced today to a year in prison for failing to pay \$30,000 in income taxes.

Federal Judge Gus Solomon spared his wife, Mildred, 50, a prison sentence, explaining that she was ill. He said, however, that he was placing her on probation for three years.

Federal Dist. Atty. C. E. Luckey said in court that the Talbots owed the government money from unreported income from gambling and prostitution.

The judge said Talbot would be on probation for three years after leaving prison, and said one condition of the probation would be that Talbot make "an honest effort to repay the taxes to the government."

'Lost' Flier Lands Plane

LA GRANDE, Ore., Oct. 12 (AP)—A Portland businessman landed his light plane here Thursday night, unaware that the Civil Aeronautics Administration had reported him overdue on a flight from Billings, Mont., to Pendleton, Ore.

The state Board of Aeronautics said Alvin F. Oren, flying alone in a single-engine Fairchild, did not report his landing to the proper authorities. He was listed as missing Friday and search planes took to the air in stormy skies over Southwest Montana.

Several hours later, when he took off to continue his flight to Portland, the CAA was notified and the search cancelled.

3rd Person Arrested in Mail Fraud

PORTLAND, Oct. 12 (AP)—Howard Martin, 39, of Portland today became the 11th person to be taken into custody in connection with an investigation of using the mails to sell memberships in plywood co-operatives.

Martin, who was released after posting \$2,500 bail, is accused of violating federal mail fraud statutes, the Securities and Exchange Act, and with conspiracy to violate the laws by selling memberships in the Mount Hood Hardboard and Plywood Cooperative, Escalanda.

Postal inspectors said that other arrests could be expected in the case.

Comedian Hardy To Leave Hospital After Stroke

BURBANK, Calif., Oct. 12 (AP)—Comedian Alvin Hardy, who suffered a stroke Sept. 14, is going home from St. Joseph Hospital today, attendants said.

The 64-year-old comedian has recovered sufficiently in permit his return home with special nurses attending him.

He was stricken at his home and for many days the hospital reported him in critical or serious condition.

The last Stan Laurel and Oliver Hardy movie was made in 1945 but the slapstick comedies now are running on television.

41st Person Arrested in Mail Fraud

PORTLAND, Oct. 12 (AP)—Howard Martin, 39, of Portland today became the 41st person to be taken into custody in connection with an investigation of using the mails to sell memberships in plywood co-operatives.

Martin, who was released after posting \$2,500 bail, is accused of violating federal mail fraud statutes, the Securities and Exchange Act, and with conspiracy to violate the laws by selling memberships in the Mount Hood Hardboard and Plywood Cooperative, Escalanda.

Postal inspectors said that other arrests could be expected in the case.

U.S. Woman Sentenced by Israel Court

JERUSALEM, Israeli Sector, Oct. 12 (AP)—Miss Mary Frances Hagan, 29, a U.S. citizen, has been convicted as a spy in Jerusalem District Court.

The court's president ruled she was guilty of two charges of espionage under the Israeli Official Secrets Act.

Two sentences were imposed, one of three months and the other one year in prison. They are to be served concurrently.

Miss Hagan was tried secretly on charges that she was a spy for Syria, with which Israel officially is at war. She was arrested Aug. 27 at a Tel Aviv hotel after she made a nine-day tour of Israel.

Censorship prevented announcement of Miss Hagan's arrest and the charges against her until after she was tried last week. Hagan had deferred judgment until today.

Miss Hagan, whom friends from Pembroke College at Providence, R. I., describe as a fervent idealist, excited suspicion of Israeli officials by the questions she asked as she traveled through the country.

Despite the secrecy of the proceedings against her, the U.S. Embassy was informed and advised her family in Huntington, W. Va. The family reportedly financed the slender, brown-eyed woman's defense, employing Tel Aviv lawyer Max Kritzman.

She had identified herself as the wife of Galeh Kayal, a Syrian diplomat once stationed in Washington.

Gorge Indian Carvings Set For Posterity

PORTLAND, Oct. 12 (AP)—Indian carvings, chiseled in the basalt cliffs of the Columbia River gorge centuries ago, will be removed and preserved for future generations.

The area will be flooded next spring as the reservoir forms behind The Dalles Dam, a federal project a year away from completion. Before the water rises, a number of the carved petroglyphs will be removed and stored for later use by the museum.

Army Engineers, reporting the bid opening today, said Barger Mills, Inc., Gresham, Ore., was low of three bidders at \$7,950 for the project. It requires carefully controlled blasting and machine drilling to keep the carvings and drawings safe.

The carvings and drawings are the work of Indians who gathered many years ago to gamble and barter at a nearby trading center.

Ione Observes Birthday of Centenarian

IONE, Ore., Oct. 12 (AP)—Mrs. Ellen Rieth observed her 100th birthday anniversary today, and much of the community got in on it.

A special mass of thanksgiving was said at St. William's Catholic Church in the morning, and a luncheon was held later.

Bishop Francis P. Leipzig of Baker will be here Sunday to celebrate a special mass in her honor and a choir from St. Patrick's Church in Heppner will come here to provide the music. Afterwards will be the guest of honor at a breakfast.

Mrs. Rieth, who still gets around like the roe and even takes walks, was born at Neosho, Mo. She was brought to Oregon across the plains by her parents in 1860. She has lived in Oregon and Washington ever since.

The town of Rieth, near Pendleton, was named for her husband, Eugene Rieth, who died in 1922, and his two brothers, Jacob and Joseph.

"She lives here with her daughter, Mrs. Paul O'Meara. A son, F. J. Rieth, lives at Harrington, Wash."

Stock Market Up Slightly

NEW YORK, Oct. 12 (AP)—The stock market made a moderate advance today in light trading.

The Associated Press average of 60 stocks rose \$1.00 to \$180.00 with the industrials up \$1.40, the rails up \$1.10 and the utilities up 30 cents.

Of 1,056 issues traded, advances outnumbered declines by 493 to 307. There were 22 new highs for the year and 24 new lows.

Volume was 1,330,000 shares, second lowest of the week, as compared with 1,700,000 yesterday.

Grain Posts Mixed Close

CHICAGO (AP)—Wheat futures rallied somewhat near the close, but lost a cent or more. Oats and soybeans showed little change.

Wheat closed 1/4 higher to 3/4 lower, corn 1/4 higher, rye 1/4 unchanged to 1/4 higher, soybeans 1/4 higher to 1/4 lower, and hard 20 to 27 cents a hundred pounds higher.

The drought in the Southwest has been holding wheat prices up. However, the five-day outlook is for 20 to 40 inches of rain in eastern Kansas and Oklahoma, and 10 to 20 inches in Nebraska. Although this isn't much rainfall, traders believe it may be the start of further precipitation in the area.

Good rainfall in the Southwest could cause a sharp break in the wheat market, since there are few bullish influences to hold prices higher.
