

Jordan 'Seeks End to British Pact'

By WILTON WYNN
AMMAN, Jordan, Oct. 20 (AP)—Jordanian voters, living in an air of crisis, are electing in a new 40-seat Parliament tomorrow expected to call for an ending to this desert kingdom's treaty with Britain.

The treaty is a defense alliance that has sustained poverty-stricken Jordan since its birth as an independent nation 10 years ago. It gives Britain three military bases in Jordan. In return, the British pay 25 to 30 million dollars a year for the upkeep of Jordan's 20,000-man army, once rated the Arab world's best; and promise to aid the Jordanians if they are attacked.

Anti-Western elements among Jordan's 1,400,000 population stirred up by increased Israeli frontier attacks and the rise of Egypt's President Nasser as a professed champion of Arab rights—figure to gain so much ground that even moderate independents will be under heavy fire to join in cutting the last formal link with Britain.

Snow-Swept Canada Peak Yields Youth

NORTH VANCOUVER, B. C., Oct. 20 (AP)—Alex Patterson, lost six nights and six days on rain- and snow-swept Mount Seymour was found alive today, the Royal Canadian Air Force reported.

An air force search officer said Patterson was in fairly good condition. The young Scots immigrant had shivered alone in a cave on the 4,000-foot mountain since last Sunday when with two companions he became lost on a hiking trip.

Patterson wore only light clothes, had no food nor matches, and withstood the worst week of early winter weather this year.

Patterson, all but given up for dead after a night of sleet and snow, was found at the 2,500-foot level on the side of a cliff-face.

A helicopter which had waited on the mountaintop during the day was unable to pick up Patterson because of the rough terrain.

One of the three men climbing party perished, Gordon McFarlane, 27, died while attempting to find his way down the mountain on the north shore of Vancouver harbor earlier this week. His body was brought to North Vancouver today. Coroner Dr. F. W. Dyer said an inquest will be held next week to determine the cause of McFarlane's death.

Robert Duncan, 23, who stumbled to safety Wednesday, said he saw McFarlane's body lying in a creek. Duncan said the face was badly gashed and it appeared his companion had fallen from a cliff.

2 White Men, Negro Woman Found Slain

CROSSETT, Ark., Oct. 20 (AP)—Two white men and a Negro woman were slain on a rural road near their south Arkansas town today.

Asheley County Coroner Billy Jones said it was a triple slaying by "assault or assassins unknown." The death weapon was a shotgun. It has not been found.

The bodies of George Wells, a 22-year-old bachelor of nearby Hamburg, and Hattie May Williams, 40, of Crossett, were found in a car.

Fred Watkins, 45-year-old father of three girls, was found critically wounded outside the car. He died a short time later at a hospital here. Watkins lived at Hamburg.

The Negro woman reportedly was single. Jones said police had no leads on the identity of the killer. Plans for an inquest had been postponed until police completed their investigation, he said.

All three persons apparently were shot at close range shortly before they were found about 7 a.m., Jones said.

The car was parked on Sulphur Springs road about six miles west of here.

Watkins, a construction worker, is survived by his widow and three daughters, Sherry, 14, Ella Ann, 13, and Cynthia, 2.

Wells was a farmer. Crossett, a town of about 4,600 persons, is located a few miles north of the Louisiana border in southeast Arkansas.

Airman Killed on Hunting Trip

BURNS, Ore., Oct. 20 (AP)—Gregory Franklin Zimmerman, an airman attached to the Burns radar base, became the fifth gun shot fatality of Oregon's deer season.

He died at a Burns hospital last night, several hours after he was accidentally shot by a hunting companion.

A. O. Pollentier of the state police office here, said Frank Darrell Sales, 18, also attached to the radar base, told him that Zimmerman stepped into the line of fire as he was shooting at a deer.

State Seeking Cause of Death 10 Years Ago

PORTLAND, Oct. 20 (AP)—Today the state crime laboratory here began trying to reconstruct the death of a Wasco County prospector 10 years ago.

Human bones, believed to be those of Joe Ingram, who disappeared in the rugged ravines of southern Wasco County in July, 1946, were brought here after a deer hunter, Mike Whitecotton, of Wamic, found them. The skull bore a bullet hole between the eyes, and a lead slug from a revolver was found in the cavity.

A rusty revolver and rusty cartridge of the same caliber as the slug also were found near the bones. Sheriff Ernie Mosier of Wasco County said he believed it was possible Ingram had taken his own life.

Ingram's half-starved pack-horses were found wandering a month after the prospector's disappearance. A brief search at that time failed to produce any trace of the man.

Daughters of Russ Leaders Start Trial

MOSCOW, Oct. 20 (AP)—Curious spectators jammed a Moscow city court today for opening of the trial of three "jazz age girls"—daughters of high ranking military officers—charged with burglary.

The case was a sensation two months ago when Soviet newspapers printed stories saying the three looted apartments to finance wild drinking parties, weekends in Leningrad and their Hollywood-style wardrobes.

The defendants admitted their guilt. They are Eriena Kuznetsova, 22, daughter of Maj. Gen. Sergei Kuznetsov, instructor at the Soviet military academy; Alla Makisova, 19, stepdaughter of Lt. Col. Koleyov of the internal security forces (MVD); and Tanya Andreeva, 18, whose father just resigned as a colonel in the Soviet air force.

They said they started their burglaries when they entered the apartment of former Soviet movie star, Ladianna, "just to see how a star lives." Once inside, they related, they stole a few things to pay for a trip to Leningrad. Their trial is continuing.
