Grains Gain Over Board

CHICAGO, Nov. 20 (U.S.)—After a slight dip at the start, grains moved higher on the Board of Trade today. Wheat closed unchanged to 1/4 higher, corn 3/4 higher, oats 1/2 higher, rye 1 to 1 1/2 higher, soybeans 1/2-3/4 higher and lad 20 to 42 cents a hundred pounds higher. Wheat was less able to hold onto its gains than other cereals, and this was particularly true of the new crop months. A snow storm in the Great Plains should provide wheat with needed moisture, traders reasoned. Yugoslavia picked up 430,000 bushels of wheat and a big business was expected shortly with Turkey, Greece, Colombia and French North Africa. It was rumored the Commodity Credit Corp. had halted sales of its wheat at 105 per cent of parity plus storage charges.
