Kansas Staters In First '56 Loss

MINNEAPOLIS, Dec. 20 (AP)—Minnesota answered a 33-point burst by Kansas State's Jack Parr by springing unsung guards Buck Lindsley and George Hanson for the payoff points that dealt the visitors their first defeat of the basketball season, 80-72, tonight.

Lindsley, who carried an average of only 5 points a game into the contest ,hit 21 points and sealed the Kansas loss after four victories by dropping a layup shot with less than a minute to go. Hanson collected 18 points, many of them on jump shots from well out.

Parr, the Wildcats' 6-foot-9 string bean, bagged 15 points in the first half and 18 in the second. He hauled in 19 rebounds. But he was virtually the only Kansas State offensive threat down the stretch while Minnesota spread its scoring more evenly.

The Gophers rubbed out an early Kansas State lead to hold a 41-37 margin at the half. They pushed their advantage to 12 points in the second half when Parr, with an occasional assist, narrowed it to 75-72 with 90 seconds left.

But Minnesota's Jed Dommeyer hit a free throw at this point and Lindsley drove in for an easy basket to clinch the Gophers second victory against two defeats.

as those in the Big Ten, although I would say that our conference probably has better balance.

"Usually, however, UCLA, Southern California, Stanford and occasionally a Northwest team can battle any Big Ten team on even terms."

The Iowa coach ventured the opinion after the Hawkeyes toured Disneyland, near Anaheim, and met their OSC opponents, who also were guests of Walt Disney.

Prothro seems to be satisfied with the physical condition of his players. He told them to keep in shape when he took off for a short vacation to Hawaii after the close of the season. Apparently they followed orders. They have had only four scrimmages since Prothro got back, but considerable was accomplished in these sessions, despite unfavorable weather.

"We're going to have to adjust ourselves to this good weather," said Prothro. "We've been enduring lots of rain and it has been chilly. It was 70 here yesterday. However, I guess Iowa has the same problem."

The 24-year-old DeMarco, who held the welter crown briefly in 1955 between a victory over Johnny Saxton and a knockout by Carmen Basilio, had won four in a row from Wallace (Bud) Smith, Arthur Persley, Vince Martinez and Kid Gavilan until he bumped into Ortega.

Ortega's surprise victory sent him into the No. 4 spot in both the ring and NBA. It was his fourth straight and fifth in seven starts this year. After beating Tex Gonzales and losing to Isaac Logart and Hardy Smallwood, the lanky Mexican came back to beat Gene Poirer, Smallwood, Logart and DeMarco. His career record for 43 fights is 36-7 with 15 knockouts. He never has been stopped. DeMarco's record is 45-7-1 in 53 fights.

The former champ said he thought he got down too light for Ortega last time at 145¼ pounds and expected to weigh at least a pound or two more for the second fight.

Tobin Rote Set to Quit Grid Game

HOUSTON, Tex., Dec. 20 (AP)—Quarterback Tobin Rote of the Green Bay Packers said today he will retire from professional football "unless my wife changes her mind."

"It's all up to Betsy," said Rote, who played professional football seven years. "We have three children and another on the way. Two will be in school next year, and my wife definitely says she will not return to Green Bay. She just doesn't want to move every year.

"As far as I am concerned I'm through. Salary will have something to do with whether I return, of course. I wouldn't take a cut and I wouldn't go back for what I got last year. Seven years is enough of pro football for me."

Rote said he plans to return to work in the sales department of a local transportation company.

FISHING REPORT

NORTH COAST AREA

This could be a fine weekend for steelhead anglers, barring heavy rain which would throw rivers out of shape again. The Nehalem was in fine shape Thursday for drift fishing. Wilson and Trask rivers were high and somewhat murky, but anglers had been taking fish on bobbers and eggs. Red Flatfish have been the favorite lures of anglers working the Necanicum, Lewis and Clark and Big creeks.

CENTRAL COAST AREA

Nestucca Thursday was still rather rather high, but was clearing nicely, and weekend prospects are excellent if the water continues to drop and clear. Past few days anglers have had wonderful luck on Oakie drifters. Siletz, in good shape, has been fair producer around Cahill riffle. Drift Creek has yielded a few fish. Salmon river has been slow but Lake Creek, a tributary of the Siuslaw River, has been redhot all week, with limit catches the rule on guided boat drifts. Alsea has been slow for steelhead.

SOUTH COAST AREA

Rivers expected to rise and become muddy with heavy rains. Prospects are considered poor for Coos, Millicoma and Coquille rivers.

WILLAMETTE DRAINAGE

A few steelhead have been taken from Clackamas River and Eagle Creek.

MT. HOOD AREA

Upper Sandy River in vicinity of Pipeline Hole has been fair to good for steelhead on eggs. River is high, but has good color.

SOUTHERN OREGON

Steelhead fishing is beginning to blossom on the Illinois River, where a number of fish have been taken at the falls. Eggs are best producers, but bobber-type lures also have worked. Umpqua River has been slow due to roily waters.
