

Bing Crosby Golf Show Set Friday

MONTEREY, Calif., Jan. 6 (AP)—Bing Crosby's 15th annual golfing jamboree takes its usual stand Friday for the pro-amateur event over three courses with about 270 club swingers in the picture.

A roster of celebrities joins the top pros and amateurs for three days of golfing fun and competition, Friday through Sunday.

Crosby picks up the tab for the \$15,000 festival but may himself be humming a tune on the sidelines rather than playing in this one. Last year he teamed with Ben Hogan in the pro-am, but says he may not compete this year.

Proceeds to Charity

All proceeds from gate receipts, concessions, etc., go to charity.

Dr. Carl Middlecott has captured the pro title the last two years. He sloshed through rain in 1956 to smash the tournament record with a score of 202.

Play alternately is over the 18-hole courses of Cypress Point, Monterey Peninsula and Pebble Beach.

Entertainers who have accepted invitation to compete include Bob Hope, Phil Harris, Dennis O'Keefe, Howard Keel, Dean Martin, Guy Madison, Randolph Scott, Richard Arlen, Bob Crosby and Curt Massey.

Football Stars

From the football fields come Bud Wilkinson, Red Sanders, Otto Graham and John Brodie. Baseball will be represented by Bob Lemon, Ralph Kiner, Leo Durocher, Dixie Dean and Jackie Jensen among others.

Business and military leaders also have been invited.

Veteran pro Byron Nelson has arrived from his Texas ranch and will pair with San Francisco automobile dealer Ed Lowery as usual in the pro-am.

Home Floor Not Advantage Here

INDIANAPOLIS, Jan. 6 (AP)—The alleged home floor advantage in basketball doesn't work for Ted Guzik, Butler University slim 6-foot-4 junior forward from Hammond, Ind.

Guzik is averaging 19.8 points for six home games and 31 for five road contests.

The foreign opposition wasn't soft, either. Guzik made 23 points at Ohio State, 37 at Illinois, 25 at Indiana, 30 at Michigan and 38 last night at Notre Dame, where he hit the last-second winning field in the 66-64 battle.

Altogether in compiling a 247 average, Guzik has connected with 84 of 93 shots from the field for .903.

Bowling Hits & Bits

(Cont. from preceding page)

Lanes, top fem is Ruth Cunningham with a 146 average and high series of 513. Ivon Long has a 212 game for tops. The girls out at the Cherry Bowl will have to wait 'til next week as the big meet's on and it's too busy out there to find out anything...

BITS... Wandered into the Cherry City Bowl the other night and watched two of the local taxidermists clipping a couple of Eugene pigeons. Also trimmed a few feathers off of a pair of Salem birds. The trimmings were sure a lovely green color. Wonder if D. Phipps and B. Ryan are licensed...

Another of the Senator flingers' average went up on Christmas. Bill Walsh, who was working at the U-Bowl, became engaged to be married to Terrie Tugate. Said he didn't balk either. Too much mistletoe maybe...

Singles Tournaments Now Going On

The guys rolling in the state meet at the Cherry City Bowl in the next month or so have a chance to pick up a few extra clams. Three game singles tournaments are going on at both the Capitol Lanes and University Bowl. The Capitol tourney has a guaranteed \$100 first place with second spot getting \$75 and third \$50. Also an added \$12.50 for high series every 25 bowlers. The U-Bowl has 400 bucks guaranteed with first and second places getting \$75 and third through seventh \$50. There's also an added \$5 round prize for every 10 entries...

The Capitol Lanes now have open bowling on Monday, Thursday, Friday after 8:30 p.m. and all day Saturday and Sunday. This should relieve some of the bowling rush on league nights.

In that U-Bowl singles tourney, the top three to date are Frank Walton with 621, Arvy Whitman 618 and Willy Drakeley with 609...

Next Saturday at 9 a.m., the juniors take to the alleys in their own tournament at the Cherry Bowl. There will be 48 teams that live within 75 miles of Salem entered. Joe Boyle, the Stayton school super, has entered two of his boys' teams in the meet.

Statesman Offers Free Gals Clinic

For the gals that want to learn bowling and don't want to spend too much money, here's your chance. The Statesman is sponsoring a bowling clinic at the new Cherry City Bowl that starts January 14. It's all free and to sign up just drop in the Statesman office or call the bowl at EM 4-0052. Even got free baby sitters and coffee...

Notice the muscles Roy Farley and Dean Henderson are getting from weighing all the bowling balls at the state shindig. At 16 pounds each, the weight piles up in a hurry. A vote of thanks must go to the Salem Women's Association for running the checkroom and furnishing most the scorekeepers for the big one. Men's secretary Jay Gould must also be thanked for keeping tabs on the women and making sure the scorekeepers get there on time...

Some of the state records that the local boys will be trying to improve on are the four and three year averages of Dick Phipps. Dick's four year mark is 191.4, which is second in the state, and his three year mark of 194.23, is good enough for third. Former villager Sam Steinbock leads in two year averages with 198.9 and is trailed by Vern Turner, in third place, with 197.8. Frank Evans has a 197.3 average and his 16,541 pins over a period of 10 years and 90 games is good enough for fifth in that division...

They'll Do It Every Time

Kansas '5' Only Safe Bet so Far

(Continued from preceding page)

decision over Maryland. Top-choice North Carolina, unbeaten and ranked No. 2 in the nation, was idle.

In the Southern Conference, West Virginia added to its monopoly by defeating Furman 110-95 with Hol Rod Hundley canning 54 points.

Richmond breezed past George Washington 72-64 and William & Mary handed Davidson an 11th consecutive defeat 80-67.

Idaho State, perennial Rocky Mountain champ, made it two in a row over Colorado College 77-58. In the Skyline, Utah State, after upsetting Utah, just did defeat Montana 80-79, while New Mexico went into overtime to defeat Colorado A & M 70-62.

Will Faces Wall

Princeton had to have an extra period to keep Penn winless in the Ivy League 67-64.

Chamberlain had only six points in the first half as Missouri put a human wall around the big guy. But he got busy in the final 20 minutes to finish with seven field goals as Kansas won its 10th Oklahoma knocked over Kansas State 89-67 on Joe King's bucket with 6 seconds left in the only other Big Seven contest.

3 Leaders Barely Win

(Cont. from preceding page)

only against Stanford, Oregon and Washington State.

The big surprise of last week was the showing of Idaho's Vandals against UCLA, which won the PCC title last season with a 16-0 record. UCLA won both games, 64-63 and 69-68, but the first one required 17 overtime periods.

UCLA won the second as Sophomore Fred Crabtree came in for the final minute of play and sank two long shots to pull the Bruins from behind. UCLA now has won 29 consecutive PCC games, but a few more cliffhangers like last week's may be the undoing of Coach Johnny Woodson.

Oregon State shaded Stanford, 64-63, in Friday night's game, but the Indians turned the tables Saturday night, 60-58. Sophomore forward Paul Neumann sinking a corner shot in the last seconds. Neumann tied OASC forward Dave Gamble for scoring honors in this game with 20.

Cougars Scare Cal

California's Golden Bears socked Washington State at Pullman, 66-58 and 61-51. The Cougars gave the Bears a scare in the second game, pulling up to within four points with three minutes left. At this point, however, WSC became over-eager to get control of the ball and California swelled its advantage with free throws.

Stanford plays California Tuesday night in a single game. The Friday-Saturday schedule. Southern California vs. Oregon State at Corvallis; Washington State vs. UCLA at Los Angeles; Oregon vs. California at Berkeley; Idaho vs. Washington at Seattle.

Southern Oregon Tops Eastern Oregon 80-66

ASHLAND, Jan. 6 (AP)—Southern Oregon came from behind in the second half last night to down Eastern Oregon, 80-66, in an Oregon Collegiate Conference basketball game.

Don Lowrance of SOC scored 9 points in the final 13 minutes of the game. Teammate Bill Hollingsworth was high scorer with 31 while Earl Smith and Larry Howard each had 15 for Eastern Oregon.

Design for Accomplishment

This Steel Age "1000" Line Executive-Conference Desk, was created for the man who demands the very finest in steel office furniture. Every detail of design—from the spacious top to the noisless drawers and adjustable height—has been planned to add efficiency and comfort to his busy work day. There's a famous Steel Age desk for virtually every job function in the modern office. Come in and see them today!

Goin' After 'Em

(Cont. from preceding page)

a high dam on every stream in the northwest. We are not and never will. We simply want to point out that every cloud has a silver lining for some although it may turn into a major storm for others. The major storm has been creeping closer to waterfowlers in Oregon and the full force of it may not be far away.

With an area which was once a desert filled with sagebrush, now a vast farm acreage, it is inevitable that the pattern of the Pacific flyway be changed. Waterfowl which once by-passed the desert region and sped on to Oregon and California, now are halted by the rich feeding area which is also abundant in water and resting areas.

Weather Not Good for Steelhead

Oregon waterfowlers will have to accept the change in pattern and be content with what comes our way. Some years may find the weather in our favor and we shall have good gunning. In other years the weather may be against and we shall wait in vain for the northern flights to appear. There is little we may do about it. Something may happen in the next fifty years to change the pattern again. Or, in another fifty years we may not even have any waterfowl flights to thrill us on the cold, wintry dawns of fall.

The weather remains against the steelhead angler although a few scattered fish are being picked up here and there along the coastal streams. None of the streams appear red hot at this writing and unless we are blessed with a rain to raise the rivers and warm the water we shall have to accept the low, clear water and like it.

The Siletz has been one of the best rivers of late and anglers boating the river have turned in some nice catches. It is a rare season indeed, which finds the Siletz in fishable condition for so long a time. Take advantage of it and catch fish.

Basilio Gets Examination

(Cont. from preceding page)

CLEVELAND, Jan. 6 (AP)—Carmen Basilio, who defends his welterweight boxing championship against Johnny Saxton Jan. 18 at the Cleveland arena, arrived in town unexpectedly over the weekend and underwent a complete physical examination.

He was pronounced in perfect shape at Mt. Sinai Hospital.

Fight promoter Larry Atkins commented: "There have been rumors circulating in New York and elsewhere that Basilio isn't ready and particularly that there is something wrong with his hands."

Basilio felt that the best and fastest way to disprove the rumors was to submit to a thorough examination, which he did. X-rays of his hands were also taken and there is absolutely nothing wrong."

Basilio, who regained his title by knocking out Saxton in Syracuse after the latter had taken it from him on a disputed decision in Chicago, also shadow boxed four rounds, then arranged for an apartment for himself and his wife when they return here Wednesday.

Lead Snared By Dickinson

(Cont. from preceding page)

who carded a 68, and England's Harry Wetman, who fashioned his second straight 69 to move into contention.

Four strokes off the pace were three others who still rate as dangerous threats in the final round. They were Jack Burke Jr., who took a 74 after two fine rounds of 69; Fred Hawkins of El Paso, who had a 68; and Cary Middlecott, who got in with his second 71 in a row as he celebrated his 36th birthday.

Dickinson played unexciting golf and had to scramble, while Casper blew his lead when he 3-putted two greens and hit behind a tree on another hole.

How you will benefit from saving with SALEM FEDERAL Savings and Loan Association

Perhaps you are not familiar with the advantages of saving with this specialized type of saving institution. Let's look at the facts:

There's no better safety for funds... anywhere! First of all, there's the financial structure of our association with ample liquid assets, Surpluses and Reserves resulting from the sound financial policies of our conservative management. Secondly, your money is invested chiefly in monthly-payable mortgages on owner-occupied homes... one of the safest investments known. (It has been shown that even in periods of deepest depression, owner-occupants go to great extremes to avoid default on their homes.) Thirdly, the funds of each saver are insured to \$10,000 by the Federal Savings and Loan Insurance Corporation, an agency of the U. S. Government with resources in excess of \$236,000,000.

You can withdraw your savings from our Association just as easily and quickly as you can from any other savings institution. The combination of our holdings of cash and Government Bonds, steady flow of new savings, monthly repayments on our loans, and line of credit of the Federal Home Loan Bank enables us to meet our savers' varying needs for funds. Like all other financial institutions accepting savings we too reserve the right to request reasonable notice of withdrawal.

Our Association has always paid the highest earnings compatible with safety. This is a higher rate than other type of savings institutions usually pay because in a Savings and Loan Association, there is no middleman stockholder to cut in on the profits. Each and every saver is "part-owner" of the Association. Where do the profits come from? From the interest charged on our monthly repayable first mortgage-loans on selected, owner-occupied homes... steady and sure income!

Our Association has always paid the highest earnings compatible with safety. Salem Kegler Tops Singles

(Cont. from preceding page)

shot in class "D", here's the top three. Independence Merchants with 2422, Lucky Five, an Albany team, 2338 and 2319 for the Western Lithograph team 6, Portland.

Play resumes at the Cherry City Bowl next Friday night, with the junior teams rolling Saturday morning at 8 and the men taking over again at 3 p.m.

Class "B" had a Hillsboro team leading, the pack as Alter's Shell Service shot a 2781 total. Second was the Woodburn Garage with 2607 and third the Salem Steel and Supply with 2603. Fourth was the Nisei team from Hood River, Ted Hackett TV and Appliance, with 2581. Fifth was Salem's Nicholson's Insurance team with 2576.

Jungle Inn of Beaverton, leads the "C" class with 2555. Marion Creamery, of Salem, is second with 2529 and 2510 gives Ken's Barber Shop of Hermiston third spot. Albany Lanes No. 1 and Berke's Garage, also of Albany, round out the tops in "C" with 2505 and 2489.

With only seven teams having
