Ike Names Press Secretary To Assistant Defense Position

(Picture on Wirephoto Page)

WASHINGTON, Feb. 20 (AP)—The White House today hand-picked one of its own press officers, Murray Snyder, to run the Pentagon's sometimes troubled public relations.

President Eisenhower Nominated Snyder to the office made vacant by the resignation of Robert Tripp Ross, who stepped out during inquiries by congressional committees into military contracts held by a firm headed by his wife. The appointment is subject to Senate confirmation.

Snyder, who has been assistant press secretary at the White House, will be assistant secretary of defense for public affairs.

At the same time, Eisenhower nominated former Rep. Dewey Short of Missouri to be an assistant secretary of the Army. Short, a Republican who served a dozen terms in the House until his election defeat last November, had been mentioned at one point for the post which went to Snyder.

Both jobs pay the same salary, $20,000.

Short, who is a former chairman of the House Armed Services Committee, will succeed George H. Roderick, assistant Army secretary for civil military affairs, who is transferring to assistant secretary for financial management.

Chairman Moss D-Calif. of the House Information subcommittee expressed pleasure at Snyder's appointment. The House group has said the Defense Department has the most restrictive and confused public information policies of any federal agency.

Court Ousts Shaw's Plan For Alphabet

LONDON, Feb. 20 (AP)—A British court today threw out George Bernard Shaw's plan to add 14 letters to the English alphabet.

Justice Sir Charles Harman ruled Shaw's will provision to finance research on alphabet revision was invalid.

An ardent little group of alphabet reformers, however, immediately started talking about appealing the ruling or inventing a Shavian alphabet without Shaw's money.

Shaw, the Irish-born dramatist who died in 1950 at 94, railed against what he regarded as alphabetic insufficiency. He flew into Shavian rages over the fact that a single letter now may stand for several different sounds.

He did not go so far as to invent the additional 14 letters but his will outlined a complicated scheme to get the reform started.

The British Museum and Royal Academy of Art are chief beneficiaries of money that would have been spent on alphabet research.

Abraham Lincoln and Gary Cooper once were door - to - door salesmen.

Death Claims 'Ma' Sunday, Billy's Widow

PHOENIX, Ariz., Feb. 20 (AP)—Ma Sunday, one of the last of the oldtime evangelists, died today.

The 88-year-old widow of evangelist Billy Sunday died at the home of her grandson, Paul Haines, a Phoenix advertising man. She had lung cancer and a heart ailment and had been in critical condition for five weeks.

Haines said his grandmother lapsed into a coma three days ago and never regained consciousness.

Her husband died in 1935, a few years after the last of the noisy, jubilant tent meetings he made famous.

Ma's maiden name was Helen Amelia Thompson. She was born on her grandfather's farm near Ames, Iowa, Nov. 19, 1868.

She married Billy Sept. 5, 1888, shortly after they met at a Christian Endeavor meeting in Chicago.

She was first named Ma by a newspaperman in the 1920s, and the name stuck.

In recent years, she was active in Youth for Christ, a young people's evangelistic movement. Her permanent home was in Winona Lake, Ind.

Russ Accused Of Falsehood By Sweden

STOCKHOLM, Feb. 20 (AP) — Sweden accused Premier Nikolai Bulganin's Soviet government today of lying and withholding facts about Raoul Wallenberg, a Swedish diplomat disclosed only two weeks ago to have died at a Moscow prison in the Stalin era.

A sharp Swedish note sought to saddle Bulganin's government with responsibility for what the note called high-handed acts of the Soviet secret police in an international mystery that spanned 12 years.

This traditionally neutral nation, refusing to accept any hand-washing by the present Soviet leadership, served notice it is unwilling to drop the matter until Moscow comes through with further details.

The Swedes want to know more about the arrest, imprisonment and final end of Wallenberg, who was picked up by the Russians in Budapest in 1945. While secretary of the Swedish legation there, he had saved some 20,000 Hungarian Jews from the Nazis by supplying them rigged papers.

The Swedish note replied to a Soviet memorandum of Feb. 6 blaming detention of Wallenberg and the secrecy surrounding it on Victor S. Abakumov, Soviet minister for state security who was executed in December 1954. Over the years the Russians had put off Swedish inquiries, saying they knew nothing about Wallenberg.

Actor Wins Custody Suit

LOS ANGELES, Feb. 20 (AP)—Actor John Carradine won custody of his children today. As he stepped from the courtroom two policemen arrested him on four old traffic warrants.

The settlement came in a custody fight with his estranged wife, Sonia, over their three sons. It was agreed that Carradine would get custody.

Later the actor was marched off to the police station for booking on the old traffic charges—all minor violations. He posted bail and was permitted to leave.

Carradine has a divorce suit pending against his wife. He charged in his custody petition that she was an unfit mother of their children, Christopher, 10; Keith, 7, and Robert, 2.

University Hall on the Brown University campus in Providence, R.I., was a barracks for American and French troops during the American Revolution.

Wheat Group Ends Session In Portland

PORTLAND, Feb. 20 (AP) — A two-day conference of 200 Oregon wheat industry representatives ended here today without finding any immediate solutions of industry problems.

An executive committee was named, however, to see that a running study is maintained in the future.

It will co-ordinate the work of the four study groups set up last year, on production and land use, income and costs, government programs and marketing problems.

The two-day meeting, the first of its kind since 1926, was sponsored by Oregon State College, in co-operation with the Oregon Wheat Commission, the Oregon Wheat League and industry representatives.

One speaker this morning, Vic Moen, urged the formation of a Pacific Northwest wheat council, to organize a long-range study plan for solving problems of the industry.

Moen, chairman of the conference's marketing committee, also called for more research into new, improved kinds of what products.

Civil Rights Law Asked to Thwart Reds

WASHINGTON, Feb. 20 (AP)—Sen. Dirksen (R-Ill), a Senate sponsor of President Eisenhower's civil rights program, testified today it must be passed if this country is not to be the target of effective Communist propaganda.

Dirksen told a Senate Judiciary subcommittee the measure is "the minimum we should seek to accomplish at this session."

Georgia's Atty. Gen. Eugene Cook, in a brief filed with the subcommittee, took an opposite view. He said the Eisenhower program would lead to "a federal gestapo" that would cater to Negro pressure groups "inspired by the Communist ideologies of the police state."

Dirksen defending the authority the bill would give the U.S. attorney general to act to enforce voting rights and other civil rights, posed this question:

"If the attorney general, as the chief law enforcement officer of the United States, is not clothed with the necessary powers to protect the U.S. citizen, how shall he be protected?"

Former Ziegfeld Girl Succumbs

LOS ANGELES, Feb. 20 (AP)—Funeral arrangements are being made for Eva Dowling, 64, a Ziegfeld Follies dancer of the 1920s who once was billed as "one of the five most beautiful girls in America."

Miss Dowling, once wife of a millionaire, died last Friday in her downtown hotel room. She had $463 in a bank and friends said she told them receptly it would "pay for my funeral someday."

Stocks Mark Minor Gains

NEW YORK, Feb. 20 (AP) — Oils stepped ahead again today but this time the rest of the stock market caught some of their enthusiasm and a minor rise resulted for the list as a whole.

A statement before a congressional committee by M. J. Rathbone, president of Stanard Oil (New Jersey), estimating that his company would earn 900 million dollars in 1957—100 million more than last year—was the signal for a late rally by the oils.

Another boost for the market today was a Wall Street report that the Federal Reserve is considering an ease in the supply of money for the tax-paying period.

The Associated Press average of 60 stocks rose 50 cents to $172.60 with the industrials up 80 cents, the rails up 50 cents and the utilities up 20 cents.

Volume improved slightly to 1,790,000 shares compared with yesterday's 1,670,000 which was the smallest total in three months.

New York Plans Census

NEW YORK, Feb. 20 (AP)—An interim census to be conducted from April 1 to June 30 will cost New York City $1,201,870 and will give employment to more than 8,400 persons during the three-month period. The estimated population is now about 8,050,000 or some 150,000 to 180,000 higher than the federal census of 1950. If this proves true, the city will get an increase in state aid of about $1,300,000 annually.

Most Grain Prices Slip

CHICAGO, Feb. 20 (AP) — Most grains drifted lower in quiet dealings on the Board of Trade today.

Wheat and corn were off from the start and never revived.

Wheat closed ¾ lower to 1¼ higher, corn ⅜-¾ lower, oats ⅛ lower to ⅛ higher, rye ½ lower to ½ higher, soybeans ¼ to 1 cent lower and lard 5 to 10 cents a hundred pounds higher.

More light moisture in parts of Texas and Kansas depressed wheat from the start. The five day outlook also promised additional moisture for sections of the Southwest.

Turkey received an authorization to purchase 1,800,000 bushels of wheat. Turkey will send the wheat to Italy in exchange for Italian wheat recently shipped Turkey.
