

Civil Rights Backer Sees Little Chance For Bill This Year

By J. W. DAVIS
WASHINGTON, May 20 (AP)—Sen. Humphrey (D-Minn.), an outspoken supporter of civil rights legislation, said tonight Congress is not likely to enact it before this year's adjournment.

This morning the legislation made its first progress in the Senate Judiciary Committee in two months, but it remained highly uncertain when it might make more. The committee rejected on a 4-4 vote a Southern proposal to knock out key parts of the bill the administration, with some Democratic support, has been urging on Congress.

Pastor Blasts At Parochial Education

OMAHA, May 20 (AP)—A California pastor today called parochial school education "a kind of brain washing."

The Rev. Gase Little, pastor of the Pasadena Presbyterian Church, urged the General Assembly of the Presbyterian Church in the U.S.A. to sound "a clear warning regarding the dangers inherent in the often-attractive alternative of a parochial school system."

The Rev. Mr. Little is president of the Church Board of Christian Education. He spoke in connection with the report of a special committee reaffirming the church's faith in the public schools and declaring "unalterable opposition to the use of public funds for support of independent or parochial schools."

The six-man majority was made of Sen. Kefauver (D-Tenn.) and five Republican senators: Wiley (Wis.), Watkins (Utah), Dirksen (Ill.), Butler (ND) and Hruska (Nebr.).

He explained he was drawing "a clear distinction between the private school of acknowledged academic excellence... and a system of parochial schools, whether Protestant or Catholic, which is committed... to indoctrination, a kind of forced feeding of religious dogma."

Ervin's proposal aimed at dropping provisions which would: Create a special commission with power to examine complaints of violation of civil rights; and Set up a system permitting injunction suits to protect a variety of civil rights.
