SF Offer to Giants Almost 'Complete'

Mayor Christopherson Anticipates No Difficulty in Reaching Terms

NEW YORK, July 20 (AP) — The New York Giants baseball team will receive an official proposal within the first two weeks of August to move to San Francisco.

This was announced today by San Francisco Mayor George Christopher as he stopped here en route to an American Municipal Assn. meeting in White Sulphur Springs, W. Va.

Christopher indicated that the offer would call for San Francisco to receive seven per cent of the gate receipts to help pay for a 10 million dollar stadium.

The West Coast mayor did not meet Horace G. Stoneham, owner and president of the Giants. However, the mayor said they had "full discussions" by telephone. Christopher has no plans to talk further with Stoneham during a two-day visit here.

No Other Local Park

Stoneham said he had spoken briefly on the phone with Christopher and asked that San Francisco's offer be put in writing.

Talk has been prevalent that the Giants were headed for San Francisco and the Brooklyn Dodgers for Los Angeles.

Stoneham has said this will be the Giants' last year at the Polo Grounds here, and that he sees no possibility of moving to another local ball park.

Christopher said at a press conference that Stoneham "reiterated his interest in moving the Giants to San Francisco." "However, as I have stated before, no decision can be made until a firm proposal is placed before him by the city of San Francisco. I assured Mr. Stoneham that our official proposal is now being prepared and would be submitted within the first two weeks of August."

Similar to Cleveland

Christopher did not disclose any provisions of the offer. However, he said it was the general view that Cleveland has an agreement which is "fair and ideal" and which provides that city with seven per cent of the gate at Municipal Stadium, where the Indians play.

"I believe that the offer will have to be based on a sum that will assure the amortization of the stadium over a period of years," Christopher said.

San Francisco has been authorized by its citizens to spend 5 million dollars for a stadium, but Christopher says it'll cost twice that.

He said he was "not contemplating any more difficulty" in reaching terms with the Giants.

Odds on their moving to San Francisco next year are "rather favorable," he said.

Installation Cost High

Christopher had said earlier that the transfer of the team was contingent upon a pay-as-you-see television arrangement.

At the press conference he added that the telephone company in his city had expressed "some concern" about installation of pay TV facilities because of a manpower shortage and "excessive cost."

Christopher said the company told him installation would cost 30 to 60 million dollars.

Skiatron Inc., a pay TV concern, had much lower estimates, the mayor said. He said the firm figured the cost in San Francisco at 8 million dollars, in the city of Los Angeles 4 million dollars, and in the city and county of Los Angeles, 16 million dollars.

Herb Flam, Seixas Win

CHICAGO, July 20 (AP)—Defending champion Herb Flam today led topseeded players of both the Men's and Women's Divisions into tomorrow's finals of the National Clay Courts Tennis Tournament.

In muggy, 95-degree weather Flam, no. 1 seeded star from Beverly Hills, Calif., easily turned back his semi-final foe, 6th seeded Bill Quillian, a lanky army private from Ft. Rucker, Ala., in straight sets, 6-3, 6-1, 6-4.

Flam's final round opponent tomorrow will be no. 2 seeded Vic Seixas of Philadelphia, who today outlasted 3rd seeded Bernard Bartzen of Dallas, Tex., 8-6, 4-6, 1-6, 6-1, 6-4, in a 2-hour and 20 minute struggle.

Gibson Wins Easily

The women's semifinals also went according to form as Wimbledon Champion Althea Gibson of New York and no. 2 seeded Darlene Hard of Montebello, Calif., scored decisive victories.

Miss Gibson toyed with No. 4-seeded Lois Felix of Meriden, Conn., for a 9-7, 6-2 triumph. Miss Hard had little trouble squelching Karol Fageros of Miami, Fla., 6-3, 6-2.

Tomorrow's champion showdown between Miss Gibson and Miss Hard will be a repetition of the recent Wimbledon finals in London, England. Miss Gibson tomorrow will be seeking her first major U.S. title.

In the women's doubles championship round, also played this afternoon, Miss Gibson and Miss Hard teamed up for an easy 6-3, 6-0, triumph over Misses Fageros and Jeanne Arth of St. Paul, Minn.

In one of the day's men's doubles semifinals, the Australian pair of Ashley Cooper and Fraser scored a crisp 6-2, 6-1, 9-7, victory over Bartzen and Grant Golden, Wilmette, Ill.

In the other men's doubles semifinals Seixas and Flam were leading Giammalva and Barry MacKay, Michigan's 1957 NCAA champion, when the match was called because of darkness.

Seixas and Flam had won the first two sets, 7-5 and 6-3, and were tied 6-6 in the third set.

The third set will be played tomorrow after singles competition.

Mayor and His Briefcase

NEW YORK, July 20 — Mayor George Christopher of San Francisco poses in his St. Moritz Hotel room with his briefcase, which he said contained "papers for the transaction" to shift the New York Giants baseball team to his city. Christopher, who flew to New York with his wife today, said he expected to confer with the Giants' president, Horace Stoneham. Stoneham already has said this will be the Giants' last year at New York Polo Grounds. (AP Wirephoto)

Yanks Win Oval Meet

Sime, Gilbert Nab Double Victories

LONDON, July 20 (AP) — Tom Courtney of Fordham, Olympic 800-meter champion, splashed a half mile in 1 minute 47.7 seconds today as the New York City track and field team easily defeated a London aggregation, 94-61.

Courtney's time was phenomenal. It had rained heavily before today's half of the program got under way and Courtney, a powerstriding runner, spun the distance over a heavy, scuffed up track that had pools of water on it at several spots.

At that, his time was the fifth fastest ever registered and goes into the book as a British all-comers record. He is seeking approval for his May clocking of 1:46.8 as a world record.

Derek Johnson of the London team, who lost to Courtney by 18 inches at Melbourne, was second again today but his time of 1:48.5 was a British national and English native record. Johnson finished five yards behind Courtney.

Greatest Race Ever

The New York team won 13 of the 15 events. Only British victories came in the mile and two-mile run. Peter Clark, who doesn't even rank among the best in Britain, won the mile run with 4:03 after Brian Hewson scratched because of a leg strain.

Laurie Reed, another Britain, was second although given the same time as Burr Grimm of Maryland who ran for the New York team. They were credited with 4:07.7.

Derek Ibbotson of Britain, broke the world record for the mile with a 3:57.2 and the next three men all came home under four minutes. They were Ron Delaney of Ireland, and Villanova, Olympic 1500 meter winner Stanislaus Jungwirth of Czechoslovakia, world record breaker in the 1500 meter, and Ken Wood of Britain.

Runs 9.5 in 100

The British crowd of 20,000 today got a chance to watch the almost perfect sprinting form of Dave Sime of Fairlawn, N.J., who today took a 100 meter invitation run in 10.5. Last night he won the 100 yards in 9.5.

Elias Gilbert of Winston-Salem, N.C., smooth moving hurdler, took two first places today to add to another victory of last night. He eased through to win the 120 yards hurdles in 14.1 and then sped through a 220-yard hurdles race in 23.3.

They're Back, Rarin' to Go

Matchmaker Elton Owen has finally succeeded in securing the noted Donovan Brothers (above), and both will appear in a tag scrap on Tuesday night's mat card at the Armory. "Dirty Doug" is at left, "Roughhouse Red" at right.

Freeman Now Holds Title . . .

Donovans Will Appear On Tuesday Mat Card

The Donovan Brothers—"Dirty Doug" and "Roughhouse Red"—who have eluded a Salem booking by Matchmaker Elton Owen the past couple of weeks, have finally been landed by the muscle maestro. Both will appear Tuesday night at the Armory, in a tag teamer that will be only part of a double main event Owen has lined up for the card.

The rugged and tough Donovans, easily remembered for their riotous engagements here on an almost weekly basis over a year ago, are to make their 1957 debut against Herbie Freeman and Cowboy Carlson, a pair of real topnotchers who now hold the Northwest tag team title and who intend keeping it.

LINDSAY VS. SAVAGE

As his second mainer Owen has lined up Luther Lindsey and Wild Bill Savage for their rematch, even though it won't be for the Northwest heavy title as originally planned. That bauble left Wild Bill last week and went to Freeman as a result of their hot Portland session, one in which the Portland Commission held up the belt.

But the Lindsey-Savage sortie could be a dinger even at that, for they went to a bloody "no contest" tussle here two weeks ago, one which ended with both fighting on the floor and one that saw big Luther cut up Savage's profile with punches.

The 8:30 opener Tuesday puts the dashing Leo Garibaldi and his whiz stuff against Ali Pasha, the "Terrible Turk" who hasn't been able to do much here.

Donovan in One-Hitter

the Tigers in the last three innings to protect Russ Kemmerer's fourth victory against six defeats.

Zernial hit his Kansas City game-winner off losing reliever George Zuverink to climax a four-run rally for the A's. Connie Johnson and the Orioles led, 5-2, entering the ninth. Tom Morgan won it.

Five Unearned Runs

Crandall, although he hit his 11th homer, nearly cost the Braves their game with the Giants, booting a fly ball in short right field and setting up five unearned runs after two were out in the 8th. That tied the score at 5-5 but Covington had the formula, hitting the top of the Polo Grounds' right field roof off loser Marv Grissom after Ed Mathews singled. Crandall was pressed into outfield duty when Andy Pafko turned up with a bad back.

Two other Milwaukee outfielders, Hank Aaron and Bill Bruton, are injured along with infielders Joe Adcock and Felix Mantilla.

Snider's homer provided the clincher for the Dodgers, who have won nine of 10 since the all-star break. Randy Jackson also homered for Brooklyn. Don Drysdale won it with help from Clem Labine despite two homers by the Cubs' Ernie Banks. The loss went to Dave Hillman, who was "knocked" out of action when Gil Hodges smash hit him on the pitching hand in the first inning.

Lopata, sidelined with a bad leg, hobbled to the plate with Richie Ashburn and Chuck Harmon on base and none out to smash his game-winning homer for the Phils off lefty Don Gross, who lost his sixth straight. Dick Farrell, the Phil's fourth pitcher, was the winner.

Eddie Kasko had four hits, Stan Musial three for a lifetime total of 2,899 and Del Ennis had four RBI's with a home run and squeeze bunt in the Cardinals' romp over Pittsburgh and Bob Friend. Forty-year-old Murry Dickson won his fifth although he tired in the 90-degree heat and gave way in the seventh to Lloyd Merritt.

Foul Gives Leather Button Futurity Go

Alhambra Disqualified on Infraction By Stablemate Olymar After Easy Win

CHICAGO, July 20 (AP) — Unbeaten Alhambra, after scoring an apparent easy 4½ length victory, today was disqualified and Leather Button moved up as winner of the $150,075 Arlington Futurity.

Eddie Arcaro, putting Alhambra ahead at the five-eighths pole, brought Fred W. Hooper's 2-year-old star across the wire first in 1:09 4-5, breaking the six furlong record for the event. The old mark was 1:10 1-5 set by Hasy Road in 1953 with Arcaro aboard. The veteran jockey also had an Arlington Futurity winner in 1954 with Royal Note.

The Arlington Park crowd of 26,244 sat in tomb-like silence when the inquiry signal was flashed on the tote board. Jockey Bill Hartack, riding Claiborne Farm's Sir Ruler, charged an interference foul at the 1-16th pole against Doug Dodson who was aboard Hooper's Olymar as an entry.

After 15 minutes of studying moving pictures, the stewards allowed the claim and, under Illinois State racing regulations, disqualified Alhambra, setting him back to fourth place.

Action Automatic

The action was automatic although Alhambra was not involved. State rules stipulate that under such claim of foul every horse entered by the same owner is disqualified.

Leather Button, with Jack Skelly up, was a supplementary entry and earned his Rockmoore Farms $97,575. To his backers at the mutuel windows, Leather Button paid $20.50, $9.60 and $6.40.

William S. Miller's Rellim S.W., ridden by Charles Burr, returned $11.80 and $8.60 and won $25,000 for being moved from third to second place. Sir Ruler took over third place which was worth $12,500 and paid $4.60.

Alhambra, being erased from what would have been his fourth straight triumph, received a consolation prize of $6,250 for being set back to fourth place.

Gonzales in Net Victory

Hoad, Pancho Clash Exhibition Sunday

FOREST HILLS, N.Y., July 20 (AP) — Swarthy Pancho Gonzales won Jack Kramer's Tournament of Champions today when he crushed Pancho Segura 6-4, 6-3, 6-4, while blister-fingered Tony Trabert was trouncing Lew Hoad, 6-4, 10-12, 6-2, 3-6, 6-3.

Gonzales now is undefeated in four matches, while Hoad, the $125,000 bonus baby of the pro troupe, has a 2-2 mark, so Pancho collects the $2,500 top prize money. This situation also posed a king-sized headache for promoter Kramer, who had hoped to have the two go through undefeated and meet for the title tomorrow.

In order to break even in the venture Kramer will need an almost full house tomorrow. A crowd of about 5,000 sat in the plus-90 degrees heat of the West Side Tennis Club today. That made the total attendance about 18,000 to date.

Thus the Gonzales-Hoad match will amount to nothing more than an exhibition.

In another singles match muscular Frank Sedgman cut down little Ken Rosewall, 4-6, 7-5, 6-2, 6-2.

Hawaii Kai in Lead Of Mapes Gold Cup

TAHOE CITY, Calif., July 20 (AP)—Hawaii Kai, a crew-owned hydroplane driven by Californian Jack Regas, today averaged 96.282 m.p.h. for 30 miles to take the opening day lead in the Mapes Gold Cup races on mile-high Lake Tahoe.

Regas, of Livermore, piloted the big boat which formerly belonged to industrialist Henry Kaiser, to victory in the second section of today's opening heat.

Only seven of the 13 speed queens entered were able to finish the gruelling speed test as supercharger trouble in this mile-high altitude forced the defending champion Shanty I, from Phoenix, Ariz., and Seattle, out of the day's competition.

Second place after the first heat, with another slated tomorrow morning and finals in the afternoon, went to the Seattle boat Wahoo, driven by Miro Slovak, Czechoslovakian who flew an airliner over the Iron Curtain about two years ago.

Slovak, personal pilot for William Boeing Jr., of Seattle, won the opening section with an average speed of 95.821. Following in order of best times were Miss Thriftway, driven by Bill Muncey of Seattle, 92.284; Gale V, Bill Cantrell, Detroit, 91.185; Miss Bardahl, Norm Evans, Chelan, Wash., 90.657; Thriftway TOO, Brien Wygle, Seattle, 87.020; and Gale VI, Lee Schoenith, Detroit, 82.293.

Wahoo turned in the fastest three-mile lap of the day as Slovak spun her over the comparatively calm lake at 107.303 m.p.h.

Oregon Fish Travel Afar

Dead or alive, Oregon fish are global travellers.

Last month the Oregon Fish Commission reported the unusual story of two steelhead, bearing plastic tags, that wound up in a Paris cafe. The fish had been caught by Indian fishermen above Bonneville dam (the point of tagging) and were exported to France.

This week the fish commission had news of another "tagged" fish that journeyed to foreign waters the hard way—by swimming. The fish was a 20-pound albacore tuna that had been "branded" with a tubular plastic spaghetti type tag on August 11, 1956, about 300 miles off the Oregon coast by fish commission biologists.

On June 3, 1957, the tagged albacore was caught by a Japanese vessel off the coast of Japan. During the ten months the fish was at liberty, it had doubled its weight.

Dr. George Y. Harry, Jr., fish commission research director, said the albacore tag recovery further substantiates the theory that albacore caught sporadically in Oregon waters during late summer are destined for Asiatic waters.

Finsty, Hebert Seek Golf Title

(Cont'd. from preceding page)

missed two easy five-foot putts on the 33rd and 34th holes before Hebert closed the door.

The two finalists clash for the $8,000 first prize at 10 a.m. Sunday over the Miami Valley golf course, which was burned to concrete hardness by today's steaming sun.

Finsterwald, a pro since 1952, won more than $28,000 last year to finish second in the official prize list and this year has won $18,000-plus for No. 1 position among golf's capitalists. He has been in the money in 56 straight tournaments—tieing a record long held by Hogan.

Five Down Offer

Whitt, obscure 26-year-old native Californian who also has been on the tour since 1955, provided the main excitement for the sweaty crowd of 7,2000 who roamed the flat Miami Valley course today.

Five down after 12 holes and apparently hopelessly beaten, he hit an eight iron shot on the 145-yard 13th which hit beside the cup, spun and dropped for a hole-in-one. Inspired he went to play the last five holes in three under par to square the match.

Round Table Romps Home

INGLEWOOD, Calif., July 20 (AP)—Round Table continued his sensational winning streak today with an easy 2-length victory in the $115,600 westerner, hanging out his fifth stakes victory of the meeting and his third in as many weeks at Hollywood Park.

Jockey Willie Shoemaker went to the whip only three times, each a light smack more to rouse than urge the 3-year-old Round Table and coasted in without difficulty.

Irisher was a surprise second in a photo finish over the late closing Joe Price in the field of eight 3-year-olds.

The time for the mile and one-quarter was 2:00 1-5.

Round Table, racing under the kelly green silks of Travis M. Kerr of Oklahoma City, was the odds on favorite as he again smashed the opposition in his sophomore division.

He returned $2.30, $2.50 and $2.10. Irisher paid $11 and $3.80 and Joe Price $2.30.

Bailey Snares Women's Title

OMAHA, July 20 (AP)—Meriam Bailey, the calm stubborn national collegiate champion, won the Women's Western Amateur Golf tournament today with a 2 and 1 victory over Ann Casey Johnstone, the Mason City, Iowa, veteran.

The 20-year-old Northwestern University coed, three up at the end of 18 holes, saw her lead dwindle to one hole at 27, but she refused to flinch.

The dramatic match ended on the 35th hole where Mrs. Johnstone, 34-year-old mother of a 5-year-old daughter, muffed a four foot putt. The collegiate champion from Evanston, Ill., who had chipped to 18 inches out from 80 feet away, dropped her putt for a par 4 and the championship.

It was the first hole the girl from Illinois had won since the 24th.

Rose Upended In NW Tennis

TACOMA, July 20 (AP) — Top-seeded Noel Brown of Santa Monica, Calif., edged Bill Rose of Portland, 7-5, 5-7, 10-8, 6-1, here today to move into the men's singles finals of the 66th annual Pacific Northwest Tennis championships.

Brown will play John Been of Shawnee, Okla., and Fort Bliss, Tex., in tomorrow's title round. Been is seeded fourth.

Art Kono of Seattle successfully defended his junior men's singles crown by downing top-seeded Ramsey Earnhart of Ventura, Calif., 6-3, 6-4, 7-5.

Sherwood Bowmen Defeat Nottingham

SHERWOOD, Ore., July 20 (AP) — Sherwood archers for the second straight year defeated archers from Nottingham, England, in a telegraphic shoot today.

The Sherwood team of eight scored 10,418 points to 9,721 for the Nottingham team. Two husband and wife combinations were on the Sherwood team. Nottingham had one woman shooting.

Hubbard Wins Pair

HUBBARD, July 20 (Special) — Hubbard Garage swept both games of an exhibition softball doubleheader from Cascade Plywood of Lebanon here tonight 7-2 and 9-7.

Larry Cole slashed out three hits in an 11-hit attack in the opener, while Larry Berkey, who pitched the first game and relieved in the second, had two hits in the nightcap. Berkey tossed a two-hitter in the first game.

Rams Set to Open Drills

REDLANDS, Calif., July 20 (AP)—The Los Angeles Rams, a championship contender in the National Football League with a squad of 35 veterans and 16 rookies, open training for the 1957 season next Friday at the University of Redlands.

Six of the rookie prospects were invited to play in the college all-star game against the pro champion New York Giants Aug. 10 and will be late reporting to Ram Coach Sid Gillman.

They are halfbacks Jon Arnett from the University of Southern California and Del Shofner, Baylor, linebacker Jack Pardee, Texas A&M, George Strugar, Washington tackle, end Lamar Lundy, Purdue and Paige Cothren, fullback and field goal kicker from Mississippi.

Five May Retire

The possibility of five Rams retiring may reduce the veteran roster to 30. Tackle Bud McFadin, offensive ends Ron Miller and Bob Carey, linebacker Hugh Pitts and defensive end Duane Wardlow have indicated they won't be back this year.

Gillman hopes to have virtually all his 1956 offensive and defensive starting teams on hand for the opening practice.

The Rams have only 13 days of practice before their opening exhibition against the Southern California All-Stars.

Junior Baseball Leagues Start Tenth Week of Play

The Salem Junior Leagues are heading into the tenth round of play this week with a full slate on tap.

In the "B" Loop it is still the Truax Oilers that are pacing the league with a shiny 8-0 mark. Next is the J's & Emory's entry with 7-and-1, with Master Service Stations in third spot with a 5-3 record.

Top games for the first part of the week should come from the J's & Emory's—Master Service mix and the Truax-Salem Lions tilt. Both contests are Monday.

In the "C" circuit, Jackson Jewelers and Nameless Market are on top with 7 and 1 slates. The West Salem Lions are next with 5-2, followed by Steinke's with 5-4.

Tuesday's games will feature West Salem Lions against Berg's, Vista Market vs. Steinke's, Nameless Market vs. Legion Post 136 and the 30-30 Club against Jackson Jewelers.

SPORTSLIGHTNER

by Al Lightner

(Cont'd. from preceding page)

art of dancing as something for sissies and girlies would be surprised to know how many big leaguers purposely learned how to dance in order to gain better balance, timing and footwork. . . . It helps kids, and let's face it. You can't duck the gals all your life.

Notre Dame football followers will check their programs a second time when the Irish make their initial splash come autumn. They have a Bob Williams at quarterback, but it isn't the same capable who directed the 1949-50 South Benders. No relation, either. . . . The LA Rams' Elroy (Crazylegs) Hirsch isn't so crazy. He has invested in a Hollywood restaurant that's doing big biz.

Hogan Has Another 'Best Seller' Coming

And if you've been feeling sorry for golfer Ben Hogan because old age, an aching back and calloused tootsies have caught up with him, forget it. Hogan's original sports book, "Power Golf" was the second largest seller in history for books of this kind and bowed only to "The Babe Ruth Story." Now Bantam Ben comes back with "Five Lessons—The Modern Fundamentals of Golf," and advance orders forced a record first printing of 200,000 copies, retailing at $5 and $7.50, depending on the cover. That adds to more than a million bucks for a first printing. . . . Like the man said, "That's gold in them thar golfers."

In view of Pete Susick's announced (and predicted) resignation at the U. of Washington, and the intentions of Barry Bullard and Dale Cardwell to attend the Seattle school regardless of the fact that their prep mentor won't be there, poohs the suspicion that Susick was going to the university only as an escort for some of that rich Marshfield football talent. Coupled with Roger Johnson's pledged allegiance to Oregon State, it does completely fracture the longstanding Marshfield-to-Oregon pipeline, however.

We believe Susick is wise to return to Marshfield. He has a tremendous prep football program built up there, has a nice home for his family, is well liked and well paid and can enjoy the peace, quiet and beauty of the Coos Bay area. At Washington he would be hand-in-hand with today's high pressure collegiate football and would be very eligible for its here-today-gone-tomorrow risk.

Hurley Asking Title Fight Prices

Many fistic folks may look upon the August 22 Floyd Patterson-Pete Rademacher heavyweight championship battle with skepticism, figuring that big Pete is in way over his head. But Promoter Jack Hurley is nonetheless asking heavyweight title fight prices for the Seattle Sick's ball park show, and even at $20 for ringside, $15 for reserved and $10 for general admission ducats, we'll betcha he fills the 25,000 capacity arena.

Puget Sounders have taken this view of the bout: "I've got to see this fight. Now suppose it's a stinker? I've got to be there, don't I, so I can say how lousy it was." . . .

AN OPPORTUNITY FOR AMBITIOUS YOUNG MEN!

If you are a high school graduate . . . if you are between the ages of 17 to 39 . . . if you are truly ambitious to better the position of yourself and your family . . . then the few moments required to read this message may be the turning point of your life.

There has appeared on the industrial scene in recent years a truly remarkable new and rapidly expanding industry . . . the field of Electronics. Its present rate of expansion and its new applications are almost fantastic. Electronics includes the giant new television industry, which is receiving added impetus with the coming of color television. Electronics includes radio, with its continually expanding applications not only in homes, but in industries such as airlines, railroads, pipe line companies, etc.

Electronics includes radar and micro-wave relay, which are finding tremendously important uses in such fields as telephone communications, air traffic control, etc. Electronics devices such as the electronic computers or "mechanical brains" are revolutionizing industrial procedures for testing and development of new products such as automobiles, airplanes, household appliances, ships, military equipment, etc.

Electronics is making possible a revolutionary step in the industrial world . . . the introduction of "automatic factories." Production processes will be controlled by electronic equipment . . . substituting in part for assembly line workers. One major automobile manufacturer alone is spending approximately $200,000,000.00 to set up seven such electronically controlled factories. Other manufacturers in many different fields are following suit.

Electronics goes hand in hand with atomic development. Electrons are a basic part of the atom. The atomic machines which are so much in the news . . . the electrostatic generator, the cyclotron, the betatron and the synchrotron . . . are electronic devices.

These are but a few of the widespread applications of Electronics. Every day new applications, new uses are being discovered.

What does this mean to you? It means that there is a tremendous need in this new field of Electronics for properly trained technicians. It means that, for the young man who is inclined along mechanical or technical lines, there is probably no other field in the world today that is so jam-packed with Opportunity, not only for a good job or business of your own, but for advancement in the future.

Now you can qualify for these opportunities through a nationally recognized, low-cost training program, that can train you through home study right in your own home! Equipment for home laboratory experiments is included, plus all preparation material for Second and First Class FCC Licenses. Or full resident training, if preferred. An ECPD accredited engineering technician program. Approved for veterans.

Thousands of other men have already achieved success through Central's training program. Get complete FREE information on what this can mean for you. Mail the coupon today.
