Finsterwald is a percentage player who doesn't take many chances. He has a very fine swing and a well balanced game throughout. At 27 years of age he could become one of the games all time money winners. Last year he picked up some \$32,872 by winning only one tournament and finishing second in no less than eight. In the last three years Dow has pocketed close to \$80,000 in official winnings, and you may be assured that isn't the end of his income from golf. Most of the good players make a substantial sum through endorsements and such . . .

The new Texas Open champ is a Westerner who has played in our sectional tourney for some years. Handsome Bill Johnston of Provo, Utah will make a popular champion, but should be making a much easier living as a movie idol. He is a truly good looking bloke with worlds of personality. Bill is a good Mormon which stands him in good stead on the tour. He is always in the peak of condition and should do well as long as he chooses to continue . . .

Lightning Does Strike Twice . . .

The theory that lightning doesn't strike twice in the same place can't be applied to the third hole at the Salem Golf club. On Jan. 25 Keith Severson aced the hole, and of coure we always look for the second one to follow. Sounds silly but it seems to work out that way. Sure enough last Thursday Dr. Bill Burrell canned a six-iron shot for his first ace. Charles Musser, Cactus Glen Wilbur and Joe Devers were privileged to witness this talented effort. To say that Bill was pleased would be the understatement of the century. We heard the yell clear up at the clubhouse. Bill offered to set up the odles for the entire town when he came in. We think the offer is still good. Test him and see . . .

We dare anyone to get an ace next Sunday morn. Already we have 4 players signed up. If you would like to play put in a call now. Pairings will be made up Friday. Don't miss this fun tub . . .
