Sharp Drop Clips Stocks

NEW YORK (AP) — The stock market wiped out last week's gains Monday with its sharpest drop since Feb. 11.

An estimated 1½ billion dollars was clipped from the quoted value of stocks listed on the New York Stock Exchange, based on the drop in The Associated Press average.

Pivotal stocks fell fractions to 1 or 2 points for some. Selected issues posted gains.

The late weakness followed news that industrial production slumped in February to the lowest level since December 1954.

The Associated Press average of 60 stocks dropped $1.20 to $162.50 for its largest drop since it lost $1.30 on Feb. 11. The industrials were down $2.20, the rails $1.00 and the utilities were unchanged.

Volume was 2,130,000 shares compared with 2,150,000 Friday.

Actress Divorces Physician Husband

SANTA MONICA, Calif. (AP)—Actress June Lockhart Monday divorced her physician husband, Dr. John F. Maloney, 45, of New York, testifying that he drank too much.

Miss Lockhart said she thought the birth of their two daughters would cause him to stop drinking, but that he drank more. He rejected her pleas to seek psychiatric help or turn to the church, she said.

Superior Court Judge Allen T. Lynch awarded her custody of the children, Ann, 4, and June, 2, and $300 a month child support. She and Maloney were married in New York in 1951.

Metal Confetti Used for Study

WASHINGTON (AP)—The Army said Sunday it is releasing clouds of metallic confetti 50 miles above the earth so scientists can study the high-altitude winds that will buffet long-range missiles.

An Army announcement said aluminum chaff is scattered from high-flying rockets and then tracked on radar to get a quick, accurate map of wind speed and direction.

Light chaff has been swept along at about 200 miles an hour by the winds, it said.

Small Loki II rockets, developed by the Army, carry packages of the confetti to a maximum altitude of 64 miles.

It said the wind studies also are helping develop new weather forecasting theories.

The system has been tested at White Sands, N. M., and at Cape Canaveral, Fla.
