Higher Court Called As Judges Deadlock

Portland Tape Testimony Issue To Be Taken to San Francisco

PORTLAND, Ore., April 20 (AP)—The 9th Circuit Court of Appeals in San Francisco Monday will be asked to rule in a jurisdictional court dispute in the long trial of Big Jim Elkins, one of the central figures in Portland's year-long vice probe.

Elkins and his employe, Raymond Clark, are on trial here in U. S. District Court, charged with wiretapping.

State Circuit Court Judge Charles W. Redding has issued an order forbidding 12 city and state officials from testifying in the trial on any matter relating to tape seized in a raid here in May 1956.

He made this ruling because five reels of tapes, which constitute part of the government evidence in the trial, were seized in a raid which has been ruled illegal by the state court.

U.S. Dist. Court Judge William East has ruled that the 12 men must appear to testify. He has held that the federal government seizure of the tapes from state authorities was legal.

Some congregations in the area have scheduled their own sunrise services along with Easter breakfasts. A few will hold their programs tonight.

Many youngsters will also have an opportunity to participate in special Easter programs which will be held during Sunday School.

Easter worshippers will find many altars decorated with Easter lilies and special music will have a part in all services.

Easter Rites Start At Sunrise

Partly Sunny Forecast Today

The sun will shine on Holy Easter in the Salem area at least until this afternoon, the U. S. Weather Bureau at McNary Field said.

The observance of the resurrection of Jesus Christ will start in Salem at 6 a. m. with Union Sunrise services sponsored by the Salem Ministerial Association at McCullough Stadium.

Delivering the message will be the Rev. Stanley B. Zeigler, Willamette University Chaplain.

Others on the program will be the Rev. James E. Kratz, organ music; the Rev. Lloyd Uecker, president of the Ministerial Association, invocation; and the Rev. Harold McIntire, closing prayer. The Salem Vesper Band will play and Salem Boy Scouts will usher.

Some congregations in the area have scheduled their own sunrise services along with Easter breakfasts. A few will hold their programs tonight.

Many youngsters will also have an opportunity to participate in special Easter programs which will be held during Sunday School.

Easter worshippers will find many altars decorated with Easter lilies and special music will have a part in all services.

The afternoon weather is expected to increase in cloudiness, with Monday's forecast calling for occasional showers.

Temperature will range from a high near 62 today to a low near 40 tonight.

Youngsters Scamper for Eggs Today

A floodtide of small fry, expected to number 5,000 or more, will be out and running at 1 p. m. today at Bush Park as the Salem 20-30 Club holds its annual community Easter Egg Hunt.

Co-chairman Dave Loudon said 18,000 candy eggs will be hidden on the High Street side of the park to await the frenzied search of youngsters. The hunt will be held, this or after.

The egg hunters will be spurred on by an array of prizes ranging from record players to fishing poles and a toy printing press. Prizes were donated by merchants.

Louden, co-chairman along with Ralph Jackson, said Easter lilies will go to mothers with most children in the two hunt divisions.

One division includes children from two to eight and the other is for those from nine to 12.

Louden said an estimated 5,000 children took part in the hunt last year. If the weather remains favorable, an even greater number is anticipated today.

'Deaf' Defendant Quick to Grasp Liberty Whisper

'Salem: Cherry Pink' Float Design Wins

Maribel Starr, senior at North Salem High School, poses with the design (top) which won her first place Saturday in the Portland Rose Festival float design contest held by the Salem-Cherrians. The other entry shown in picture was designed by Burt Edwards of North Salem High.

Rose Festival Sketch Prize Won by Girl

The theme of cherry blossoms and pretty girls is featured in a design which Saturday won first place for a North Salem High School girl in a float contest held by the Salem-Cherrians. The float, based on the winning design, will be entered in the Portland Rose Festival on June 15.

Maribel Starr, daughter of Mr. and Mrs. George F. Starr, 745 N. Lancaster Dr., and a senior at North Salem, was the top prize winner from among 25 entries and won a \$25 bond. Song title around which she developed her entry was "Cherry Pink and Apple Blossom White."

"Marianne" Design Second

Second place in the contest for school students went to Margi Milne, Leslie Junior High, with her "Marianne" design. She earned a \$10 prize. Third place was won by the "Somewhere Over the Rainbow" rendition of Janet Anderson and Terri McGinn, both also of Leslie. They split a \$5 cash prize.

Robert M. Fischer Jr., King Bing of the Cherrians, said some 6,000 flowers will be needed to reproduce Miss Starr's design. Fischer added that plans call for use of white and pink carnations and he made a plea to the public and garden groups to help provide the flowers.

In a statement Freeman said crimes and accidents after midnight call for a trial of the law to protect both young and old from the "irresponsibility of a small minority."

Somehow similar instructions, were sent out by the Air Force surgeon general's office this month to all commands.

The Army has disqualified from flight duty individuals who are under treatment with "any of the newer mood-ameliorating, tranquilizing or ataxic (calming) drugs for hypertension, angina pectoris, nervous tension, irritability, insomnia, etc." They will remain disqualified for four weeks after use of the drug is stopped.

The order also disqualified from flight duty persons under treatment with any of the anti-histaminics or barbiturate preparations. In these cases the four-week "recovery" period was not imposed, however.

Li. Col. Spurgeon Neel, an Army aviation medical officer, told a reporter the order was issued after it had been learned that some pilots, treated with the drugs for high blood pressure, reporting for duty "just because their pressure was down."

Demo Tax Plan Would Bring in \$281 Million

The House Taxation Committee's tax program would raise approximately \$281,546,000, the State Tax Commission estimated Saturday.

This is \$19,500,000 more than was proposed in the budget submitted by former Gov. Elmo Smith, under which the state revenue laws would have been unchanged.

The additional \$19,500,000 would be raised as follows:

- Personal income taxes, \$6,000,000.
- Withholding income taxes, \$3,000,000.
- Corporation excise tax, \$6,000,000.
- Inheritance taxes, \$2,000,000.
- Increased utilities tax, \$2,500,000.

Thure A. Lindstrom, head of the commission's research division, emphasized that the estimates are preliminary.

If the program proceeds around \$21 million, and if the ways and means committee achieves its objective of holding the budget to 270 million, there should be an adequate margin of safety in the state's financial operations in the next two years, the committee believes.

The tax commission warned, however, that the estimates are based on the assumption that the state's economy would remain at the present level.

Minnesota Puts Driving Curfew on Young Motorists

ST. PAUL, Minn., April 20 (AP)—Juveniles under 17 are prohibited from driving cars between midnight and 5 a. m. under a new Minnesota law.

The law became effective today when Gov. Orville L. Freeman signed a bill passed by the current Minnesota legislature.

Jordan Army Boss Resigns

Now in Syria, Job Given to Bedouin

AMMAN, Jordan, April 20 (AP)—Maj. Gen. Ali Hayari resigned as the Jordan army's new chief of staff today while on a military mission to Syria, the haven of his predecessor, King Hussein promptly filled the gap with a tough Bedouin general, a leader of the loyal tribesmen who form the backbone of the army's old Arab Legion.

(A dispatch from Damascus said Hayari accused Hussein's royal palace of "preparing a plot in cooperation with foreign non-Arab military attaches in Amman against Jordan's independence and liberty." He was reported to have asked the Syrians for political asylum.)

From Bedouin Family

Succeeding him as acting chief is Maj. Gen. Habes Majali, a member of an old Bedouin family and a cousin of Hazza Majali, who tried as premier last year to take Jordan into the anti-Communist Baghdad Pact.

An official spokesman said Hayari, a career soldier, formally assumed only Thursday the top army job vacated by Maj. Gen. Ali Abu Nuwar, a pro-Egyptian soldier-politician, at the height of the governmental crisis last week. Hayari was sent to Damascus yesterday to arrange the extradition of Nuwar and other Jordanian officers who fled with him.

Was to Contact Syrians

He was supposed to contact the Syrian army chief, Gen. Tewfik Nizam.

Instead, once across the border, Hayari telephoned his father-in-law, Sen. Sadyk al Kassem, and asked him to present his resignation to Premier Hussein Khalidi's government.

Fair Board Signs Stage Revue Pact

Another step toward organization of the 1957 State Fair was taken Saturday with announcement that the Larry Allen Agency of San Francisco has been signed to stage the Night Revue.

One of the entertainment highlights of the fair, the Revue was staged for many years by Helene Hughes of San Francisco. Miss Hughes indicated after resignation of Fair Manager Leo Spitzbart that she was no longer interested in the connection here.

Announcement of the signing of the Allen Agency came from Jack Travis, chairman of the new Fair Board. Travis said the Allen enterprise is one of the leading entertainment agencies on the West Coast and has promised a "well-rounded spectacular show."

Travis also announced that free entertainment is planned for the bandstand show this year, with Monte Brooks orchestra from Portland to provide band concerts. Also to appear is the Eugene Highlanders bagpipe band.

The commission hopes to obtain the highly popular "Dancing Waters" attraction which has appeared twice at the Portland Rose Festival and three times at Radio City Music Hall, Travis said. The attraction consists of geysers of water rising and falling in changing colors to musical accompaniment.

Teamsters Ask Secret Union Trial

Urge No Record Be Kept at Trial on Corruption Charge

WASHINGTON, April 20 (AP)—The Teamsters Union is reported to have asked that no record be kept of its AFL-CIO trial on corruption charges.

AFL-CIO sources interpret this to mean that the Teamsters don't want in existence a written transcript which could be subpoenaed by the Senate Rackets Committee and combed over for possible new evidence against the union.

It is still not clear whether the Teamsters will send representatives to defend the union at the trial, scheduled to be held May 4 behind closed doors.

Such trials are customarily held in secret, and it is up to the defendant union whether a record will be kept.

The 1½-million member Teamsters organization came under charges from its parent AFL-CIO as a result of the Senate committee's disclosures against Teamsters President Dave Beck and other high officers.

The federation has suspended Beck as an AFL-CIO vice president and council member, an action Beck is contesting, and has scheduled a hearing May 20 before the AFL-CIO executive council. Beck claims his suspension is illegal and therefore a "nullity."

He has hinted he won't show up for his hearing.

The federation also has accused the Teamsters Union itself of being dominated by corrupt influences. This charge is the basis for the May 5 trial before the AFL-CIO ethical practices committee. If sustained, the charge could lead to eventual ouster of the AFL-CIO's largest union.

The AFL-CIO has assured the Teamsters no record of the May 6 trial will be kept unless the union wants one.

Stowaway Taken From Mayflower

(Picture on page 45.)

PLYMOUTH, England, April 20 (AP)—Mayflower II set sail for America from this English port today with 32 modern Pilgrims aboard—and one stowaway.

Bob Lewis, 27, a baker's salesman with a wife and two children in his hometown near London, was discovered hiding between decks as the wooden sailing ship passed Elystone Lighthouse, 34 miles south of Plymouth.

It was the first sensation of the new Mayflower's trip duplicating the voyage of the Pilgrim Fathers from England to Plymouth Rock in 1620. The new ship has one big advantage: two-way radio communication with ports and other ships.

Lewis was manhandled across the deck of Mayflower II and dropped into a photographers' launch riding alongside. A member of the crew later threw down Lewis' overcoat and jacket. The bedraggled stowaway was brought back to Plymouth by the photographers. He told newsmen he arrived here only this morning and looked over the Mayflower II from a small pleasure boat in the harbor.

Lewis said he telephoned his wife and told her of his plans before returning to the Mayflower. "It was the easiest thing in the world to stow away on that ship," he said. "Anybody could have done it."

Drillers in Search of Oil Near Portland

PORTLAND, April 20—Plans for an exploratory oil well in Multnomah County were announced Saturday by a major oil company and the Lloyd Corp. Site will be 20 miles north of Portland just west of the Columbia River.

The Sunray Mid-Continent Oil Co., and the corporation said the well will be drilled to a depth of 3,000 feet on a 11,000-acre land block owned by the two interests. Drilling will start this June.

A release said plans for the project developed after conducting of an extensive nine-well core hole program in the area last fall.

The venture will be the first attempt of either company to develop oil or gas production in the Northwest.

Abbreviation for Attorney Bothers Husky Lawyer

ST. LOUIS, April 20 (AP)—An attorney who has been fighting the battle of the bulge turned to page one of the new telephone directory and found his name listed as "Molloy, John F. aty."

Molloy suggested in a letter to Southwestern Bell Telephone Co. today that "attorney" be designated in some other way. This abbreviation, he said, when combined with an "F" looks suspiciously like "Fatty."

"This is somewhat embarrassing in my case," he said, "but I feel especially sympathetic for attorneys whose middle initial is 'L.'"

Brighter Side . . .

'Mr. Baseball' Andy Hansen, 562 Hill St., who was named 'Mr. Baseball' by the Salem Senators today, tries on a Senators cap. Hansen's 89th birthday will be April 25—opening day of the baseball season here. He will receive a lifetime pass at the opening game. (A44 details in sports section.)

Big Blast Jars Texas Refinery

BEAUMONT, Tex., April 21 (Sunday) (AP)—A terrific explosion rocked the huge Magnolia Refinery on the south edge of town early today.

Plant officials said a tank of some type blew up. They said one was killed or injured.

The fire reportedly was being contained in a small area.

Military Grounds Pilots Who Use Tranquilizers

WASHINGTON, April 20 (AP)—The Army has grounded airplane pilots who use the new tranquilizing drugs.

An order signed by Gen. Maxwell D. Taylor, army chief of staff, said pilots using the drugs may not fly until four weeks after they have stopped using them.

Somehow similar instructions, were sent out by the Air Force surgeon general's office this month to all commands.

The Army has disqualified from flight duty individuals who are under treatment with "any of the newer mood-ameliorating, tranquilizing or ataxic (calming) drugs for hypertension, angina pectoris, nervous tension, irritability, insomnia, etc." They will remain disqualified for four weeks after use of the drug is stopped.

The order also disqualified from flight duty persons under treatment with any of the anti-histaminics or barbiturate preparations. In these cases the four-week "recovery" period was not imposed, however.

U.S. Agrees to Ease Trading Restrictions With Red Chinese

WASHINGTON, April 20 (AP)—The United States, bowing to British and Japanese pressure, has agreed to an easing of Allied restrictions on trade with Red China. At the same time it has proposed tighter controls on trade with the Soviet bloc in Europe.

However, the ban on all U. S. trade with Red China will stand. This was disclosed by the State Department today in a statement which said an American proposal on revising the trade control system had been presented to the embassies of 14 Allied countries here during the past week.

Both Britain and Japan have long urged that the United States agree to an increase in Allied trade with the Chinese Communists. Britain particularly has advocated that the embargo on goods to Red China be reduced to the same level as that applied to Russia and its European satellites.
