By FRANK CAREY **AP** Science Reporte

WASHINGTON, April 22 UN - J washings for, April 22 of - A member of the genetics commit-tee of the National Academy of Sciences today criticized what he called the government's failure to carry out a year-old academy rec-ommendation for a national sys-tem of individual record-keeping on individual record-keeping

on radiation exposure. Dr. H. Bentley Glass of Johns Hopkins University did ao in a report to the NAS's spring meet-ing. He declared that last year's estimate of the average reproduc-tive cell exposure of Americans to medical and dental X-rays and other medically used radianctive ther medically used radio

substances has since been revised upwards from the original esti-mate of 3 roentgens from concep-tion to age 30. The revised esti-mate for that key reproductive pe-riod, he said, is that the "proba-ble dose" is 4.6 roentgens,

Medical, Dental Exposures

Glass told a reporter that while the scademy's genetics commit-tee had used "broad" terms in recommending a national system of radiation record-keeping, the perimany instantion was to approximately and the system.

definitions desiring it.
Dulles admitted that the question of how to deal with revolts uses of radiation, he told the scademy in a prepared reconstruction of how to deal with revolts uses of radiation, he told the scademy in a prepared reconstruction of how to deal with revolts uses of radiation, and the entire experiment—If it ever comes to pass_will be eaging.
Dulles admitted that the questions we chose of radiation, he told the scademy in a prepared reconstruction. What happens to attendance at the games is something else again, and the entire experiment—If it ever comes to pass_will be eaging.

Porter to France Facing **Tour East** Money Crisis Amid Prosperity Linn County

PARIS, April 22 (8) - At the time of its greatest prosperity, France is facing one of its most severe financial crises.

statesman News Service LEBANON, April 22 - Congress-man Charles Porter (Rep.-D.) will spend next Friday in eastern Linn county. An important item on the day-long program will be a visit to the proposed Green Peter dam site on the South Santiam River. Arranging the program are rep-resentatives of the Lebanon, Sweet Home, Brownsville and Al-bany Chambers of Commerce and Linn County Democrats, beaded by Mrs. Eva Sylvester of Lebanon, chairman of the Linn County Dem-ocratic Central committee. Rep. Porter will arrive in Al-bany at \$ a.m. Friday after which he will inspect the zirconium plant The trouble, experts agree, is that the nation is living beyond its means. The government already has started the belt-tightening process, but there are fears that the limited government action may not be quick enough or se-vere enough to avoid trouble.

vere enough to avoid trouble. Factories are running at a rec-ord clip and the production rate is still going up, unemployment is almost nonexistent, stores are bulging with merchandise and, de-spite gasoline rationing, traffic jams have never been so bad in Paris. But France musi import. Reserve Dwindles Sharpty The figures tell the story.
