

Supreme Court Justices Irked At Absence; Advance Figuring On Income Tax Pays Dividend

By the World Staff of the Associated Press

WASHINGTON — Supreme court associates of Justice Robert H. Jackson are reported somewhat inconvenienced at Jackson's long absence from the tribunal while prosecuting Nazis in Nuremberg.

Chief Justice Stone made no bones about his attitude at a holiday party, according to one who attended.

Last Monday the court announced it was reserving decision in three important cases until Jackson returned.

Best estimate here is the trials won't end until mid-May.

NEW YORK—There may be a permanent peacetime USO or similar organization to furnish entertainment for hospitalized veterans. Abe Lastfogel, president of USO

camp shows, says "we hope not only to bring shows to hospitalized veterans of this war until sometime in 1947, but also to supply a model, and nucleus for a permanent peacetime organization."

WASHINGTON — It will pay to do a little advance figuring on the deductions you make in your 1945 income tax return, due March 15.

If you can claim total deductions of more than 10 per cent of your income you'll save money by making out the long form 1040—because the withholding receipt and short form 1040 automatically allow deductions of no more than 10 per cent.

And don't forget usual medical expenses of substantial interest

payments, which exceed 5 per cent of your income.

ROME — Look for the Allied control commission in Rome to fold up by January 31 or soon after.

Reason: The transfer of supply functions to Unrra, the return of northern provinces to Italian affairs through diplomatic channels have left the commission little to do.

MOSCOW — U.S. Secretary of State Byrnes and Soviet Foreign Commissar Molotov went out of their way at the end of the foreign minister's conference to thank U.S. Ambassador W. Averell Harriman for the fine work they said he did in connection with the meeting.

Harriman, onetime playboy and polo player, now has been doing business with the Russians for four years. He has seen Premier Stalin more often than perhaps any other foreigner alive.

LONDON — The United States, where the vacuum cleaner was invented, will receive about 250,

000 British portable electric cleaners in the next several months. Vactor, Inc., has received about \$2,000,000 worth of U.S. orders.

WASHINGTON — Friends doubt that former senator James J. Davis, now 72, will try a comeback in Pennsylvania politics, either as a candidate for governor or senator. They say his purpose in not withdrawing his name from conjectural lists of candidates is designed to worry the

regular Pennsylvania GOP organization—with which Davis has had many a bitter scrap.

WASHINGTON — These pairs have not been listed in a senate official, but they could:

Hill and Tunnell; Bridges and Brooks; Green and White; Aiken and Hart; Downey and Byrd; Reed and Tydings; Glass and Ball; Thomas and Gerry.

Oh yes, and Pepper and Saltonstall.

North Howell Social Club is Entertained

NORTH HOWELL, Jan. 5 (Special)—Mr. and Mrs. Don Vinton were hosts Thursday night at the regular social night card party. High score prizes were awarded to Dorothy Cline, and K. D. Coomler, low score to Jessie Coomler and Elton Parker.

The next meeting will be on Thursday night January 17, with Mr. and Mrs. Percy Dunn as hosts.

The Victoria Cross, instituted by Queen Victoria in 1856, is the most prized honor awarded to combatant officers and men of the British Commonwealth of Nations.
