Parents Visit Robert Jones While Ship is in San Francisco Harbor

Mr. and Mrs. Charles L. Jones, 1048 N. 5th st. and Miss Mavis Owenings of Springfield returned home Sunday evening from San Francisco, where they visited three days with Robert L. Jones, S 2/c, who had just returned from the south Pacific.

Jones enlisted in the navy last April and sailed for Pearl Harbor in September on the USS Maryland. He played the trombone in the ship's band en route. At Pearl Harbor he transferred to an army hospital ship and played in the ship's orchestra, and was transferred to an LSM and has been a member of that crew since. He also visited Japan, the Philippines, Saipan, Guam and other south Pacific islands. His ship is now in drydock at San Francisco for the repair of a leak developed en route home.

After the ship is repaired it will go via the Panama Canal to Charleston, where it will be decommissioned. Jones does not know what his duties will be after the decommissioning of his ship, but has hopes of getting assigned to a transport or carrier.

The travellers report the roads to San Francisco bad because of the recent high water and the heavy snow in southern Oregon and northern California. They were forced to return to Ashland after getting within seven or eight miles of the California line to get chains to cross the snow-covered mountains. The return trip was made by the coast route and no snow was encountered.

PEARL HARBOR, T.H. — Cpl. Donald Salchenberg of Salem, Ore. is one of 5000 high-point army veterans whom the navy has returned to the states for discharge aboard the USS Admiral Hugh Rodman. This ship left Nagoya, Japan, December 22, and was scheduled to arrive in Seattle about January 3.

FREEDOM!

to Fend for Herself...

WHAT CAN YOU SPARE THAT SHE CAN WEAR?

THIS LITTLE GIRL is free—to fend for herself! Free—to face a multitude of problems. Her problems are the world's problems. Let's face them. For instance, let's face the desperate need for clothing now in Europe and Asia.

Goal of the Victory Clothing Collection is 100,000,000 garments, plus shoes and bedding. If your contribution seems negligible, bear this in mind: Every garment you give means one more human being saved from cold or sickness or possibly death.

About 25,000,000 people overseas received clothing collected from Americans last spring. But for every person clothed so far, a dozen more remain virtually threadbare. Your spare clothing will be distributed free, without discrimination, to victims of Nazi and Jap oppression in Europe, the Philippines, and the Far East.

In most any town or city overseas there is someone who can translate English. You can help build international friendship by writing a simple, friendly letter to pin to the clothing you contribute.

Dig into your attics, trunks, and closets today. Dig out all the clothing you can spare. Take it to your local collection depot now.

THE OLD JUDGE SAYS...

ART: "Saw you at the movies last night, Judge. That was quite a weekend that alcoholic went through, wasn't it?"
OLD JUDGE: "Sure was, but I'm afraid most people won't really understand it."
ART: "What do you mean, Judge?"
OLD JUDGE: "Simply this. That poor chap was really a sick man...not just a drunk. Studies by famous psychiatrists and the medical profession show that alcoholism is not caused by a craving for alcohol...it is usually the result of some deep-rooted social, physical or emotional condition. If that fel-

low had not turned to alcohol for escape, he would have turned to something else."
ART: "Are there many that get in that condition, Judge?"
OLD JUDGE: "Fortunately not, Art. Scientists at a great university have stated that approximately 95% of the people who drink do so sensibly. Only 5% are immoderate at times. In that 5% is the small number known as alcoholics. And the beverage distilling industry which does not want a single person to use its product immoderately, is cooperating fully in the solution of this problem."
