

Fund Added to College Budget To Aid Housing

PORTLAND, Jan. 22.—(AP)—The state board of higher education was told today an unexpected boost of winter term enrollment at the state colleges necessitated heavy increases in staff and housing facilities.

The increase, which passed 100 per cent at some institutions, was more than 3800 students for the system, including 2660 veterans.

To cover required expansions, the board added \$31,045.84 to the state college budget; \$12,056.34 to the university's and smaller sums to other units.

The board adopted fee schedules and curricular changes for the next academic year, adding 64 courses to the system.

Maj. Kerr Tells Of Yamashita Trial in Manila

PORTLAND, Jan. 22.—(AP)—Gen. Tomoyuki Yamashita, former Japanese commander in the Philippines, had a "very thorough and fair trial," the chief prosecutor declared here.

Maj. Robert M. Kerr, here visiting his family, said the supreme court decision on the case might establish, for the first time, the right to try war criminals before military tribunals.

Kerr, son of the former Oregon State college president, was graduated from OSC and the University of Michigan law school. His wife and two sons live here.

Still Not Happy

CHICAGO, Jan. 22.—Pee-Wee, a Boston Bull terrier, can't understand why his new mistress, Francine Opon, 4, is so sad. Pee-Wee was given to Francine after her dog, Punkin, was killed by an auto. (AP Wirephoto to The Statesman)

Navy Reveals More Cuts in Point Scores

By Charles Maloney WASHINGTON, Jan. 22.—(AP)—The navy announced tonight further cuts in point scores for discharge.

Effective March 15 and again on April 2, the latest changes are expected to make an additional 14,700 officers and 176,400 enlisted personnel eligible for release.

By April 2, reported Vice Admiral Louis E. Denfeld, chief of naval personnel, the navy's demobilization program will be two-thirds completed. It now is scheduled to pass the half-way mark of 1,500,000 discharges by Feb. 1.

The critical score for enlisted men, last at 32 points for release after March 2, is reduced to 31 points effective March 15 and 30 points effective April 2, the navy's statement said.

For male commissioned and warrant officers, the March 2 score of 39 is dropped to 38 after March 15 and 37 after April 2.

For women officers, the March 2 requirements of 27 points will continue in effect until April 2, when it will drop to 26.

For enlisted women, the March 2 requirement of 21 points will continue in effect until April 2, when it will drop to 20.

For male doctors, the March 2 score of 49 is reduced to 48 after March 15 and 40 after April 2.

Reductions also were made in point requirements for varied classes of personnel "whose eligibility for demobilization" Admiral Denfeld said, "has demanded a slightly higher score" because of their essential duties.

More Reductions Forecast "In the case of enlisted personnel in these classifications," he continued, "it is anticipated that on or before June 2, 1946, we shall be able to effect further reduction which will bring their scores on a par with the general scores for all men and female enlisted personnel."

Secretary

Charles D. Byrne, secretary to the state board of higher education, who asked to be relieved of two-thirds of his duties yesterday because of ill-health.

Byrne Asks Job Lessened

PORTLAND, Jan. 22.—(AP)—The state system of higher education was without an assistant to the chancellor and director of information tonight following a 2½-hour closed session of the state board of higher education which granted the request of its secretary, Dr. Charles D. Byrne, to be relieved of two-thirds of his responsibilities.

Dr. Byrne gave health reasons for his request, Willard L. Marks, president of the board, said after the meeting. The statement submitted to the board by Dr. Byrne after speaking of health warnings said "continuation of this load under present administrative conditions is hazardous."

Dr. Byrne also asked for and was granted a four-month sabbatical leave from March 1 to July 1, Marks said.

21 Troopships At West Coast Ports Today

By the Associated Press Redeployment figures more than doubled over yesterday as nearly 25,000 veterans were scheduled today to arrive at east and west coast and one gulf port on 32 vessels.

West coast arrivals include: San Francisco, 1379, four ships; San Diego, 2730, nine ships; Seattle, 1238, one vessel; Tacoma, 3617, two ships; Los Angeles, 4338, five ships. Expected arrivals are:

Miscellaneous on following: Destroyer escorts Blakley, H. C. Jones; Howard, Farquhar, Fessenden, 259 navy and coast guard; escort carriers Tulagi, 1169 navy and coast guard; Siboney, 570 navy, marine corps, coast guard and Puget Sound, 742 navy and marine corps; destroyer MacCalla from Seattle, no passenger information.

At Seattle Escort carrier Rudyard Bay, from Samar, 1238 miscellaneous navy and coast guard.

At Tacoma Miscellaneous troops on following: USS Shelby from Manila, 1517; Seq Euail from Yokohama, 2100.

At San Francisco Miscellaneous on following: De-Grasse from Pearl Harbor, 599 navy, 102 army; Mizar from Manila, 1537; Mormagren from Yokohama, 1364; Balduck, 149; LSM 155 from San Diego, 135.

Miscellaneous on following: Mexico from Saipan, 1153; Esperance from Manila and Pearl Harbor, 1537; Mormagren from Yokohama, 1364; Balduck, 149; LSM 155 from San Diego, 135.

Need Workers To Help Sort, Pack Clothing

More volunteer workers are desperately needed these evenings at the R. L. Eifstrom warehouse on the alley in the 200 block between North Liberty and Commercial streets to pack for shipments the huge pile of clothing collected in the clothing drive, Floyd Seamster, chairman of the shipping and packing department, stated Tuesday.

"Until we can get the garments packed and sent out our pickup drive from collection depots is at a standstill," Seamster said. "The warehouse is jammed full with about 25 tons of clothing to be sorted. We need more help and we need it badly," he added.

In the meantime clothing is piling up at collection depots throughout the city, and in the rural communities. It cannot be stored, said Seamster, until the clothing already collected is shipped out.

Authority to Build \$15,000 Court Granted

A permit to erect \$15,000 worth of one-story apartments at 1960 N. Capitol st., present site of the Lone Star court, was taken out Tuesday in the city building inspector's office by the firm of D. B. Simpson & Powers.

The First Christian church, preparing for erection of a new church building, took out a series of three permits to raze dwellings and garages at 507, 523 and 531 N. Cottage st., at a cost of \$50 each.

W. H. Sample and L. P. Gronquist were issued permits to erect \$1500 dwellings at 435 S. 21st st. and 1675 Yew st., respectively. Paul B. Wallace and W. L. Phillips took out a permit to alter the dress shop at 265 N. High st. at a cost of \$1000, W. F. Marsh to alter the beer parlor at 2290 Front st., expending \$341.25.

not reflect any increase in anticipated newspaper supply, but rather a return to what is believed to be a reasonable minimum operating inventory for newspaper users during the winter months."

For newspapers in eastern and central states inventory ceilings were raised from 25 to 30 days' supply. In southern and western states the new ceiling is 50 days' supply, as compared with 45 days previously.

CPA said this relaxation "does

Dog-Loving Gob Shuns Publicity

BREMERTON, Wash., Jan. 22.—(AP)—An embarrassed young man, Harry E. Bennett, said today he wished the country would forget all about him and his aged pet, "Honey Girl."

The young sailor failed recently in an attempt to obtain a furlough to return home and see the dog, reportedly dying in Detroit. Dog lovers in various societies offered to have the dog brought here by plane.

His buddies, said Bennett have been giving him a "rough time."

Portland Zone Ordinance Hit By High Court

The state supreme court ruled today that a recent new zoning ordinance in the City of Portland was not a reasonable exercise of police power.

Mr. and Mrs. Orin O. Page sued the city, Safeway stores, H. E. Plummer and K. F. Hughes to prevent Mrs. Hughes from selling two lots near the Page home to Safeway stores for business purposes.

The new ordinance had changed the location from a residential to business classification.

Other decisions today: Edward E. McGinn and others vs. Herman and Helen Gilroy, executors of the estate of Marguerite Pater, deceased, appellants. Appeal from Multnomah county. Suit contesting will. Opinion by Justice J. O. Bailey. Judge Franklin C. Howell, modified.

Caroline K. McKinnon and others, appellants, vs. William C. Bradley, G. E. Bradley, and Hood River county. Appeal from Hood River county. Suit on promissory note. Opinion by Justice Arthur D. Hay. Judge Fred W. Wilson, affirmed.

Major Boxer Seeks Privacy

TOKYO, Wednesday, Jan. 23.—(AP)—Marriage for British M. J. Charles Boxer means retirement to "respectable obscurity," he told an interviewer for the army newspaper Stars and Stripes today. Here as a member of the far eastern commission, the publicized husband of writer Emily Hahn turned aside inquiries with the remark:

"My news value ceased the day I married." Boxer will return to America with the commission, leaving here Jan. 31. After treatment of an old war wound, he will head for England to request a transfer back to the far east—with Mrs. Boxer.

Police Release Degan Suspect

CHICAGO, Jan. 22.—(AP)—Chief of Detectives Walter Storms said tonight a 22-year-old former marine questioned regarding the Degan kidnap-killing was not being held and declared "this man is completely innocent."

Storms said the young man, who came here voluntarily from Toledo, O., in the midst of his honeymoon, cooperated in answering routine questions, had passed a lie detector test "with flying colors," and had been permitted to leave.

Paper Storage Rule Relaxed

WASHINGTON, Jan. 22.—(AP)—The civilian production administration today authorized an increase in the amount of newspaper that newspapers could keep on hand.

For newspapers in eastern and central states inventory ceilings were raised from 25 to 30 days' supply. In southern and western states the new ceiling is 50 days' supply, as compared with 45 days previously.

CPA said this relaxation "does

Mussolini's Corpse Shows Unusual Health

WASHINGTON, Jan. 22.—(AP)—Post-mortem studies of the body of Benito Mussolini have disclosed that he was an "unusually healthy" man at the time of his execution, arms pathologists reported today.

But the same studies also show that snippets took several pot-shots at the dead body of Il Duce either before or after it was hung by the feet in a public place in Milan.

Scientists of the army institute of pathology drew these conclusions after examining a formal report of an autopsy performed on the fallen dictator's body by Italian doctors.

The autopsy report was made by Prof. Mario Cattabeni and Prof. Enea Scario of the University of Catania and by Prof. Emanuel D'Abundo of the University of Milan.

Declaring that the autopsy report disclosed virtually no evidence of any organic impairment, Col. James E. Ash, director of the army institute of pathology, told a reporter:

"It's a rare individual whose body, at autopsy, doesn't show more impairment than Mussolini had."

"We reached the conclusion that Yamashita was responsible for a deliberate campaign of extermination, terrorism and devastation," said Kerr, who practiced law here before joining the army in 1942.

Kerr, son of the former Oregon State college president, was graduated from OSC and the University of Michigan law school. His wife and two sons live here.

British Hold 'Daughter' of Adolf Hitler

HEREFORD, Germany, Jan. 22.—(AP)—An attractive 18-year-old girl who insists she is the daughter of Adolf Hitler is being held by British military government authorities.

A British army psychiatrist who questioned her said her general intelligence appears to be about average, but that he believed her claim to be Hitler's daughter may be a "hysterical phenomenon with little or no truth or reality in it."

The girl, who gave her name as Godelin "Tortensen, said her mother, now dead, was a Swedish actress and was Hitler's mistress in the late twenties.

Described as a violent nazi who hates British and Americans, the girl is being held in an internment camp near Paderborn as a security suspect and also for thorough interrogation regarding her story of her relationship to Hitler.

Farm Supply Of Cattle Down

PORTLAND, Ore., Jan. 22.—(AP)—A mistaken impression among farmers that all packers here are on strike is threatening Portland's meat supply, industry spokesmen said today.

Only a fifth of the normal cattle arrivals has been coming to the Portland livestock market, resulting in strong demand and price advances. F. L. Ritter, secretary of the Oregon Meat Council, and J. D. McDonald, AFL Oregon Federation of Butchers secretary, said this was not enough to supply non-striking, independent packers.

They urged Oregon, Idaho and Montana stockmen to ship more cattle here. Otherwise, an emergency not caused by the Armour and Swift strike here may develop, both declared.

Solon Says GOP Seeks Negro Vote

WASHINGTON, Jan. 22.—(AP)—Senator Tydings (D-Md) told the senate late today that the bill for a permanent fair employment practices commission was "simply political shenanigans" and most republicans were supporting it "to get the Negro vote."

He spoke after supporters of the FEPC had defeated, on a 33 to 24 coalition vote, his move to adjourn at 5 p.m. They kept it in session until 6 p.m., making the filibusters who have been talking since Thursday work one hour overtime.

"Why, there are senators voting for this bill who would move out of a hotel if a colored man came in and sat down in the dining room," Tydings shouted.

Coyotes In for Portland, Jan. 22.—(AP)—Aerial warfare on coyotes will continue in 1946, with four fliers to start the hunt in February and March. The state game commission also authorized a reconnaissance flight to see if air hunting of predators would be feasible in Oregon areas not yet included.

Charges Wife Put Ant Poison In Hubby's Cup

LOS ANGELES, Jan. 22.—(AP)—A young housewife and her mother collapsed today after they had heard read into the record at an inquest the wife's alleged confession that she had placed ant poison in her husband's coffee, intending to make him ill so she might prove her love by nursing him back to health.

Mrs. Virginia McIlhinney, 28, was held without bail on charges of murdering her husband, Everett, 26, recently returned war veteran who died December 30 at the Sawtelle Veterans' hospital.

She collapsed when her alleged confession was made part of the inquest record, as did her mother, Mrs. Estella Brisco.

"I wanted to prove to him I did love him while he was sick," said the reputed confession. "It was ant poison in a bottle. . . I know that it wasn't much more than a teaspoonful each time, if that much. I thought he was going to leave me."

Finding Human Leg Causes Much Furor

DEER LODGE, Mont., Jan. 22.—(AP)—Deer Lodge's mystery of the amputated leg had all the preliminary requisites of a "thriller."

The limb, wrapped in cloth, was found in a cardboard box bound with surgical tape, laying in the street.

Authorities rushed the leg to Butte for examination by a pathologist.

But Mrs. Frances Hale Herabek, Deer Lodge newspaper correspondent, found the answer quickest. She checked with Deer Lodge surgeons and found one who said he had been keeping the leg for medical research and legal evidence, after it had been amputated from a state prison inmate a year ago.

But there still was a portion of the mystery unsolved: Nobody knows how the limb got from the doctor's premises to the spot where it was found.

Life Saving Medal Given To Salem Man

U.S. Treasury Secretary Fred M. Vinson yesterday presented the gold life saving medal to Lt. Comdr. Glenn M. Rollins, native of Salem, according to Associated Press dispatches.

The presentation in Washington, D. C., recognized the former Salemite's heroic service as leader of a coast guard party which rescued 18 shipwrecked seamen in Alaskan waters in 1938.

In addition to this high ranking peacetime award, a navy bronze star has been received by Rollins for his rescue work performed in 1944 when 33 seamen were saved after a collision of two tankers in the north Atlantic.

Rollins, who resides in West Hyattsville, Md., was graduated from the Coast Guard academy in 1935. He recently completed nine years of sea duty during which he commanded five ships.

Firm Urges Cash For PEPCO Bonds

PORTLAND, Ore., Jan. 22.—(AP)—A suggestion that Portland Electric Power company's reorganization plan permit bondholders to get cash instead of stock came today from Guaranty Trust company, New York.

If underwriters sold stocks, enough extra money would come in to pay the underwriters' commission, said the company, which represents Peppo bondholders.

Bond holders would receive stock in Peppo subsidiaries under the reorganization plan, now being studied in federal court.
