The Sun-Kraft lamp is different from the conventional type lamp. Its radiations of 95% ultraviolet rays are always cold, always constant. It induces Vitamin D production . . . and acts as a powerful germicidal agent. Kills bacteria, strengthens bones and teeth, stimulates circulation, aids in relieving discomforts, such as head colds, sinus, bronchitis, asthma, hay fever, etc. Arthritis and muscular pains are relieved by ultraviolet rays, too, according to medical science.
