

41st Division Recommended For Galantry

The adjutant general's office Tuesday received from Maj. Gen. Jona A. Doe a strong commendation for the performance and morale of the Pacific Northwest's 41st (Sunset) division during the Japanese war.

"In the closing months of the war, the 41st was undoubtedly the best division in the Pacific," Maj. Gen. Doe declared. "This division never lost a fight and took every objective right on schedule."

Figures released by the division commander showed that the division killed 24 Japs for everyone of its own men lost through death on the battlefield or from wounds suffered in battle. This ratio compares with the sixth army's overall ratio of 19 to 1. The 41st division final score, was 21,065 Japs killed and 2022 taken prisoner.

Decorations earned by the officers and men in the long and successful drive from Buna to Hiro were included 27 distinguished service crosses, two distinguished service medals, 552 silver stars, 1425 bronze medals and 3216 purple hearts.

Irving Rand to Seek Re-Election

PORTLAND, Ore., Feb. 19 (AP)—Irving Rand, Portland, state senator from Columbia and Multnomah counties in 1943 and 1945, announced today he would be a candidate for re-election in the republican primaries.

THE SMART FAMILY

"YOU know something Joan Smart said to me set me thinking hard. She was getting Hal—that's her youngest—an after-school snack from her refrigerator. And I said—kidding because I've known the Smarts for years—I don't see any 'bottles' there—where do you keep 'em? And then Joan said, 'Of course, Sally, you know we don't keep 'em anyplace—but if I did, I would be ashamed to open my refrigerator to the children. I would feel like I was actually running a liquor store—in my kitchen...and inviting minors to participate. And maybe that is something for all of us parents to think over—hard!'"

Army Censorship Of News Charged

WASHINGTON, Feb. 19 (AP)—Rep. Weichel (R-Ohio) complained today that the army is forbidding the free publication of news dispatches in service papers abroad.

"The army, in order to keep from enlisted men its failure, lies and inefficiency and the fraud it has practiced on the parents of enlisted men, has now gagged the voice of enlisted men in the South Pacific," Weichel told the house. "The servicemen's paper is not even permitted to print Associated Press and United Press dispatches which they reflect any criticism or dissatisfaction with official policies of the war department."

Resolution to Remove Dairy Control Offered

SAN FRANCISCO, Feb. 19 (AP)—A higher price structure for butter and removal of all OPA controls from the dairy industry were asked of congress today in a resolution of the Pacific states butter, egg, cheese and poultry assn.

Paul McClure of Great Falls, Mont., the committee chairman, said the immediate withdrawal of all OPA controls, as far as the butter industry is concerned, "probably would result temporarily in prices of around \$1 a pound."

He added, however, that as soon as milk resumes its normal distribution pattern in which butter-making has a share, the prices would level off somewhere around 70 cents a pound.

Butter sells in this area for around 57 cents a pound.

The convention elected Dean Olson, of Los Angeles, as president; George Lawson, Tillamook, Ore., vice president; and L. N. Thompson, San Francisco, treasurer.

DUKE ROBBED OF JEWELS

WITNEY, Oxfordshire, England, Feb. 19 (AP)—The Duke of Norfolk, first peer of the realm and hereditary earl marshall of England, and the Duchess of Norfolk were robbed of jewels valued at \$40,000 by burglars who entered the duchess' bedroom through a window, police reported tonight.

Man Convicted Of Killing Girl, Body Missing

SANTA CRUZ, Calif., Feb. 19 (AP)—After a bizarre murder trial—a case without a trace of a body—Thomas H. McMonigle, 31, a bus driver, was convicted today of the kidnap-murder of 15-year-old Thora Chamberlain.

The verdict, reached in 43 minutes, was first degree murder with no leniency was recommended. However, under California law, he is to be tried again by the same jury on his plea of innocent by reason of insanity and his ultimate sentence hinges on the outcome. The trial date was set as Feb. 26.

The state, depending entirely on circumstantial evidence, contended that the bus driver abducted the girl near Campbell high school last Nov. 2, raped her, shot her and hurled her body over 355-foot-High Devil's slide into the Pacific ocean.

At the time of the abduction-slaying, McMonigle's wife was in a hospital with a newborn baby. McMonigle, during his arrest and trial, gave at least five different versions of the crime.

In his last one, he said he buried the victim. Today, pleading that he feared lynching, he refused to lead a searching party to the spot. He had testified yesterday she was killed by leaping from his automobile.

A-Tests May Be Broadcast

CHICAGO, Feb. 19 (AP)—Rear Adm. Harold B. Miller, navy director of public information, today told a group of approximately 300 newspaper editors and publishers that next spring's atomic bomb tests in the Pacific may be broadcast throughout the world in a "play by play" account.

Adm. Miller told the Inland Daily Press association that approximately 200 press representatives would be permitted to witness the tests, the first to be held in May and the second in June, and added "we are trying to make arrangements for aircraft for observers, with a play by play account to be broadcast all over the world."

Short's Chief of Staff Testifies

WASHINGTON, Feb. 19 (AP)—Col. Walter C. Phillips, former chief of staff to Lt. Gen. Walter C. Short, said today a desire to continue air aid for the Philippines figured importantly in the Hawaiian army command's pre-Pearl Harbor decision to go on the alert only against sabotage.

He told a senate-house investigating committee that the decision on an anti-sabotage alert after a Nov. 27 "war warning" from Washington was carefully considered and was consistent with the information available. As did Short when he appeared before the committee earlier, Phillips said the Hawaiian army forces would, however, have gone on an all-out alert if they had been given all the information available to Washington.

LUMBER DEALERS TO RISE

SPOKANE, Feb. 19 (AP)—A large increase in the number of retail lumber dealers was predicted today by W. C. Bell, managing director of the Western Retail Lumbermen's association, at an association convention.

New Diet Improves Diabetics Health, Cuts Down on Insulin

By Howard W. Blakeslee
Associated Press Science Editor
NEW YORK, Feb. 19 (AP)—Fifteen years use of a diet that improves the health and lengthens the life of diabetics was reported to the Kings County Medical association here tonight by Dr. I. M. Rabinowitch, associate professor of medicine at McGill university, Montreal.

The results are based on treatment of about 5000 persons. The diet furnishes meals with virtually the amount of sweets and starches in an ordinary person's intake instead of cutting them way down. In most diabetic diets the sweets are reduced and fats substituted. Dr. Rabinowitch said that his experience indicates that fats are bad for diabetics.

Keeps Calories Down

The secret of success of this diet is in keeping the calories down to enough to maintain a person's best weight. This averages 2000 to 2500 calories daily, and occasionally goes higher. Dr. Rabinowitch said that most people habitually eat more calories than they need. His diet gives three regular meals, with three in-between meals, each of the latter containing a small amount of starch equaling one slice of bread.

He reported that the patients who have taken the diet consistently show several advantages, after some years, over those taking most other diabetic diets. One advantage is that about 75 per cent of such people do not require insulin. With all diets there always are some persons who do not need insulin. But with the other diets he said 50 to 80 per cent generally have to take this remedy.

Another advantage, Dr. Rabinowitch said, is that among those on his high carbohydrate diet who must take insulin, the average dose is lower than in other diets.

A third advantage is less hardening of the arteries. He reported that with rare exceptions no one, regardless of age, in the past escaped hardening of arteries after having diabetes for five years or more.

He warned against a great danger in a tendency which now is widespread to disregard diet in diabetes and rely on insulin. He declared that a careful diet, which was the only treatment before the discovery of insulin 25 years ago, still is as necessary as ever. The difference now is that the diet can be different and better.

Reynolds Gives Bid On Aluminum Plants

WASHINGTON, Feb. 19 (AP)—Gov. Wallgren of Washington said by telephone from New York tonight the Reynolds Metal Co. informed him it was submitting a new bid for leasing two government-constructed aluminum plants at Spokane, Wash.

The governor said the company told him the terms of its proposal are higher than a bid previously submitted by the Kaiser company which also is seeking the plant.

Stettinius Sees Trouble Ahead

NEW YORK, Feb. 19 (AP)—Edward R. Stettinius, Jr., head of the U.S. delegation to the United Nations organization, said on his return from London by plane today that the UNO in the future would face even greater tests than those it met at London.

"London was the first test of the United Nations," said Stettinius in a statement. "What happens in the immediate future in the direction of effective international economic action will be a greater test, both for the United Nations and ourselves. We cannot fail to meet it."

US Conducting Treason Hunt

WASHINGTON, Feb. 19 (AP)—Attorney General Tom Clark said today that 22 Americans suspected of wartime treason are being hunted in Europe.

"Expressing his determination to bring every single American who played the axis game swiftly to trial," Clark told a reporter that the suspects are reported to have broadcast for the nazis from Berlin, Munich, Vienna and Paris. The attorney general disclosed that he plans to send a special representative to Europe soon to survey investigations of Americans reported to have collaborated with the nazis and fascists.

No Football for Gonzaga in 1946

SPOKANE, Feb. 19 (AP)—Gonzaga university formally announced today it would not field a varsity football team next fall. Rumors have indicated Babe Hollingbery, ex-Washington State college coach, might be signed as coach this year.

9477 Returning Vets to Dock At Ports Today

By the Associated Press
Approximately 9477 returning servicemen aboard 14 vessels are due to arrive at six U. S. ports today.

Four west coast ports expect debarcation of 6734 personnel from eight ships. On the east coast two ports await 2743 returnees aboard six vessels.

East coast arrivals: New York, 2890 personnel, two vessels; Norfolk, Va., four ships, 53 troops. West coast arrivals include: Seattle, Wash., 1432 men, two vessels; Los Angeles, one ship, 1826, San Diego, 1600 personnel, two ships; San Francisco, three vessels, 1876 men.

Ships and units arriving: At New York
Fair Isle from Le Havre, 1702 troops, including headquarters, service company, companies A, B and C and medical detachment of 80th amphibious tractor battalion; eight nurses; three WACS.

Cody Victory from Bremerhaven, 977 troops, including headquarters and headquarters battery, batteries A, B and D of 135th anti-aircraft artillery gun battalion; medical detachment, company B and service company of 15th tank battalion; 3487th quartermaster truck company.

At Norfolk
Miscellaneous on following vessels: Albert Michelson from Leghorn, 22 (due originally Feb. 18); Mary Austin from Leghorn, one; Newbury Victory from Casablanca, 28; Frank Wiggins from Naples, two.

At Seattle
Miscellaneous on following: Baranof from Alaska, six army; Kingston Victory from Yokohama, 1426 army.

At Los Angeles
Docking from Saipan, 1826 miscellaneous personnel.

At San Diego
Miscellaneous on following: Assault transport Monrovia, 1555 navy; marine and coast guard; LST 221, 45 marines (both vessels from Pacific forward areas).

At San Francisco
Miscellaneous on following: Cavalier from Guam, 148 navy; Megez from Japan, 27 navy; Oconto from Pearl Harbor, 1621 army, 80 navy.

MAX GARDNER APPOINTED

WASHINGTON, Feb. 19 (AP)—O. (for Oliver) Max Gardner, Washington attorney and governor of North Carolina from 1929 to 1933, was named undersecretary of the treasury today by President Truman.

Eisenhower Visits Brother

McHORN FIELD, Wash., Feb. 19 (AP)—Gen. Dwight Eisenhower, who left nearby Fort Lewis six years ago with the rank of lieutenant colonel, returned today as America's top ranking army man but as just plain "Ike" to his brother, Edgar.

With him as his aide was another former Fort Lewis man, Lt. Col. John Stack, who was a master sergeant when stationed at the fort.

Dried Egg Shortage Halts Sinatra Jaunt

LONDON, Feb. 19 (AP)—Concert Impresario Harold Fielding said today he had abandoned plans to bring Frank Sinatra to England because of "adverse publicity in the English press."

A number of newspaper writers have protested against spending dollars as fees to American entertainers while a dollar shortage prevents importation of food such as dried eggs.

Eagles Induct 30 Candidates

Thirty candidates were inducted into Willamette aerie No. 2081, Fraternal Order of Eagles, Tuesday night at the local Eagles hall.

The induction was in honor of an official visit made to the local lodge by A. C. Friesen of Salem, state Eagles president. About 240 attended the meeting.

Girls to Vacate Laurel Hall for Returning Men

Laurel Hall, one of three dormitories currently housing Willamette university women, will be vacated by its coed occupants March 1, to facilitate housing of unmarried men students during the spring semester, Registrar Walter E. Erickson has revealed.

The hall will accommodate about 16 single men, it was announced. Used during the 1945 spring semester as the Chi Omega chapter house, the hall has currently been handling an overflow from Lausanne and Fredrickson halls. Women now living at Laurel will be placed in Lausanne and Fredrickson next semester.

To further ease the shortage of accommodations for returning men, Alpha hall, former home of Alpha Psi Delta fraternity, which was occupied by women students during the recent tenure of the V-12 unit at Willamette, will be leased by the university and opened as a temporary dormitory to house from 23 to 26 men next semester.

BONNEVILLE HITS PEAK
PORTLAND, Ore., Feb. 19 (AP)—A new peak in Bonneville power administration revenue was announced today when officials reported delivery of 8,513,125.169 kilowatt hours for \$22,990,018 during the fiscal year 1945.
