Roadhouse Owners Get Prohi Warnings

SEATTLE, Wash., April 21.—(AP)—Warnings were sent by the prohibition office to a large number of hotels, road houses and cabarets in a drive against liquor law violations after the padlocking today for one year of the Club Victor, popular night club.

"Not only in hotels, but in a lot of road houses east and west of Seattle, violations of the prohibition law are occurring," Administrator Carl Jackson announced.

"We are sending out notices to every property owner where we have information the prohibition law is being violated," he added. "If the owners don't abate the nuisances, we'll abate them."

Elephants, giraffes, zebras, camels, lions, tigers, llamas, leopards, ponies, dogs, panthers, wolf hogs, geese, ducks, parrots, gazelles, rhinoceroses, varying from about an inch to five and six inches in height and painted in brilliant colors, are included in the display.

OREGON FURNITURE TO BE DISPLAYED AT BIG EXPOSITION

An office fitted entirely with Oregon-made furniture will be one of the featured displays of the second annual Lane county wood products show which will open Thursday for a three day session at the Eugene armory.

It is pointed out by those in charge of the wood show that there are a number of firms manufacturing furniture in Oregon and that the products of these firms are comparable in quality with the best furniture manufactured in the United States.

Another interesting feature of the finished products section of the wood show will be a map which is being prepared by Eugene and Lane county wood manufacturers. The map will show the extent of the industry and will show all the points to which Lane-made boxes are distributed. There will also be a number of wood novelties on display, one being of a new use of juniper wood recently commercialized at Bend, showing possibilities of several other little-used Lane county woods.

One important feature of the wood show this year will be an exhibit of model farm buildings which will be arranged by Prof. J. W. Gilmore of the school of agriculture of Oregon State college. The display will show numerous types of attractive farm buildings, all of which can economically be constructed of wood.

Prof. Gilmore will be present at the wood show with a number of plans for farm structures of all types, and he will give free advice to farmers on building and remodeling. His presence is made possible through the

courtesy of the school of forestry of Oregon State college.

The lumber committee of the Eugene chamber of commerce, which is sponsoring the show in cooperation with the Willamette Valley Lumbermen's association, is composed entirely of men who are not engaged in any phase of the lumber industry but who are interested in the industry as it vitally concerns the welfare of the city, county, and state as a whole.

It is the purpose of the committee to make possible a permanent wood display following the completion of the wood show this year, to secure suitable housing for such an exhibit, to actively encourage unexploited and new uses of wood, to promote an increased interest in good design in wood, and to further in every manner possible an increased use of wood locally and its uses in such a manner as to be interesting to every tourist and visitor.

Mohawk-McKenzie Grange Initiates

YARNELL, April 21.—(Special).—Mohawk-McKenzie grange met at Donna hall Wednesday evening for its regular meeting. Seven new members were taken into the grange. After the business meeting the lecturer gave a program which was followed by lunch being served by Mrs. R. Hill, Carrie Moore, Lein Seavey and Mrs. Horace Myers.

Coburg Residence Damaged By Fire

COBURG, April 21.—(Special).—What might have proved a serious fire, if it had not been under control at the time it was, started in the roof at the home of the Misses Lola and Alma Allington.

A large hole was burned in the roof and a quantity of water was dropped down into the kitchen as a result of extinguishing the fire. No other damage was done outside of burning a hole in the roof.

"FATHER'S SON" IS SPLENDID DRAMA

"Father's Son," which opened Tuesday at the Hellig theater, is one of the really good pictures which has come to Eugene this year. The picture was previewed late Monday evening at the theater, and the little group who saw it agreed with the three-star rating given "Father's Son" by Liberty magazine.

Leon Janney, clever child actor, plays the part of the boy, with Irene Rich as his mother and Lewis Stone as his stern father who takes all his granks for evidence of natural depravity. The lad has the brooding sympathy of his mother, the faithfulness of his dog and the worship of Vestibule Pullman Johnson, a colored lad, but dad's harshness seems to cancel all the comfort the others bring. The boy finally decided to run away and then it is that the father begins to see the havoc wrought by his attitude towards the lad. No more of the story need be told except that the picture from the first is a living, amusing and tender reproduction of the Booth Tarkington novel.

Creswell Church to Be Convention Host

CRESWELL, April 21.—(Special).—Rev. S. D. Trefren announced at the regular Sunday school hour Sunday that the local Methodist Sunday school will be the host at the district convention next year. A meeting of the board of stewards will be held at the church following the regular mid-week prayer service Wednesday night of this week.
