PLANE CRASH STORY

(CONTINUED FROM PAGE 1)

died instantly. The ship did not catch fire.

Starbuck had been with the transport company four years, while Parmelee had been with it a similar time.

Learning Route
Parmelee was flying to learn the route, E. E. Johnson, vice president and general manager of the Pacific Air Transport, said.

"Starbuck was ordered not to try to land at Burbank," Mr. Johnson said. "This was because of the fog."

Our last word from him was his reply to this order which said: "O. K."

Russell Cunningham, an official of P. A. T. left for Burbank today to investigate the accident.

Mrs. Parmelee collapsed when she was told about the crash. Parmelee arrived here from Panama two weeks ago.

PILOT WAS EXPERT
OAKLAND, Cal., May 6.—(P)—Arthur Starbuck, Los Angeles, killed at Burbank today in an airplane crash was the first pilot of the Pacific Air Transport. He flew between Oakland and Modesto, Ore. His first flight was in 1914.

In 1917 Starbuck joined the army and became a flying instructor. After the war he organized private flying schools over the country. He organized one at Santa Rosa, Cal. He was considered one of the best fliers in the country.

Club Honors Two
At Party Tuesday

SPRINGFIELD, May 6.—(Special)—Honoring Mrs. J. C. McMurray and

Mrs. W. F. Walker, who are leaving Springfield in the near future to make their homes elsewhere, members of the Kensington club entertained Tuesday at the home of Mrs. C. E. Swarts with a pot-luck luncheon at 1 o'clock.

Mrs. Walker, who is the only charter member of the club, gave a talk on the early history of the club. The honor guests were presented with pieces of poetry by the club, and Mrs. J. T. Moore talked on "Friendship."

Those present were Mrs. Clarence Chase, Mrs. W. C. Reblan, Mrs. W. C. Wright, Mrs. S. C. Wright, Mrs. W. E. Buell, Mrs. L. L. May, Mrs. Charles Poole, Mrs. A. J. Morgan, Mrs. C. E. Kenyon, Mrs. W. N. Dow, Mrs. L. E. Basford, Mrs. J. T. Moore, Mrs. H. W. Whitmer, Mrs. W. R. Barnell, Mrs. C. E. Swarts, Miss Edna Swarts, and the honor guests, Mrs. J. C. McMurray and Mrs. W. F. Walker.

In England there are about 18,000 accidental deaths a year. Of these about 6,000 occur on highways and the balance in industry and homes.

Vice President Charles Curtis is one-eighth Indian. His maternal grandmother was half French and half Kaw Indian.

NASH

Finer Performance—the Result of Freedom from Excess Weight

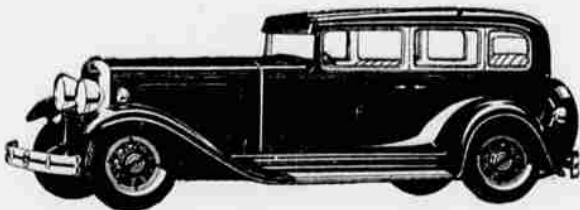

THE NASH EIGHT-50 SEDAN

\$1295

F. O. B. FACTORY

The delivered price of this Straight-Eight, fully equipped, is \$1548. This includes tire, tire lock, tire cover, bumpers and freight—the car complete, ready to drive. For your own protection, compare the difference between the Nash price, and the difference between the Nash and delivered prices of any competitor. See how much Nash saves you.

PERSONS accustomed to driving other cars marvel at the quickness and litheness with which even the largest Nash steps through and around traffic. The answer is the notable Nash freedom from excess weight. Nash eliminates weight at precisely those points where excess weight interferes most with performance. Nash hollows out its crankpins, thus re-

ducing the centrifugal load on the crankshaft bearings by more than three tons when the shaft is revolving at top speed. Nash Invar Strut pistons are a whole pound lighter than cast iron pistons—resulting in livelier, more spirited performance. Nash engineering means longer life, greater value—and performance you can appreciate only by personal driving test.

DELIVERED PRICES ON NASH SIXES AND EIGHTS RANGE FROM \$1006 TO \$2340
