High water did a little damage to the swimming hole on the Anderson place, washing some of the holes a little deeper so the ones who spend their time wading cannot venture in so far.

The Anderson ranch has the best swimming hole around here if the crowds of young people on the bank warm afternoon are proof of that fact. Some times as high as twenty-five or more are at the place in an afternoon. They also go back evening, but do not stay long after the sun goes down. The pool where they swim is fed by the cold waters of the McKenzie and cools quickly at night.
