DAVID GRAHAM Birthday Party

"Having Completed 25 Years in one Business in the same location, I feel entitled to a Celebration—So I'm going to give a Party."

The Presents—
A birthday party wouldn't be complete without presents. Again I'm going to turn things around and I'll give the presents. And I want especially to favor the old-timers—and those not so old—the loyal friends and customers of this good people of this community whom I have known, and who have known me—through the long, pleasant years that I've been in business. And here's the way I'm going to give the presents. I am offering a reduction of 1 Per Cent Per Year for every year you have been a resident of Eugene up to 25%, this reduction to apply on the purchase of any pair of shoes in my store.

If you have lived in Eugene five years, you will save five per cent.

If you have lived here 10 years, you will save 10 per cent—10 cents on the dollar—50 cents on a \$5.00 pair of shoes.

If you have lived here 50 years, you will buy your shoes at a 25 per cent reduction, one per cent for each year up to 25, the number of years that my store has served you.

If you were born in Eugene, you have earned a 1 per cent discount for every year of your age, if you are 25 years old or younger.

This is not an ordinary "sale." I have no old stock to work off. You make your selection of anything in my store.

I'm giving a Birthday Party. And this is my way of showing the appreciation that I feel. I want you to share with me my genuine gratification at the completion of a business experience of 25 years. So I'm giving a straight-out reduction of 1 per cent on anything for sale in my store, for each year that you have lived in Eugene, up to 25%.

Newcomers - - -

You too will appreciate the merit of Graham's footwear and the expert shoe service available for you in Graham's Shoe Store; a store that deservedly merits the confidence of our community.

THE PLACE—
The party will be held at my store—Graham's—828 Willamette Street—the same place where I've been selling shoes for 25 years—my business home. But everybody knows Graham's store.

THE CAKE—
A birthday party without a cake would be like an Oregon winter without rain, or a football season without an upset. So we're going to have a cake—a real one—with candles—25 of them—and what's more—we're going to give a piece to every customer.

In 1906—"Dave"—just graduated from the University of Oregon, with the confidence of youth, associated himself with Mr. C. A. Burden in the retail shoe business. The store known to many "old-timers" as Burden & Graham—now Graham's, has long since become an institution in Eugene. Two decades have passed. In the meantime, disturbances of the magnitude of a World War, together with others of minor importance, have been experienced. There have been many recurring ups and downs, still Graham's store remains in the same location where your mother bought your shoes as a child—where you now in turn buy shoes for your own dear little ones.

Through it all Dave Graham has enjoyed it all—the business in which he has spent these many years, has been a good business as such things go. He has enjoyed a very generous share of your patronage—but his friends, worth a thousand times this, he values more than anything else.

That's the reason Graham's Shoe Store is celebrating. In these days of uncertainty and rapid changes—25 years in the same business, in the same location, is a good, long time. The occasion to celebrate comes only once in a quarter of a century. Dave Graham is entitled to, and takes considerable pride in the event.

Many others have come and gone in the meantime, but "Dave" finds himself in the same town—in the same business, and in the very same store where he started. It's only natural that he should think this event of some importance—to himself, to his associates in this business, Harry Powell, Harold Ed-bloom, John Saunders and Elizabeth Richard—to his friends and to the community that he has served.
