Folmer Bodiker and Cleo Petersen of Junction City will be the Oregon entry in the livestock demonstration contest.

Among Lane county exhibits at the exposition will be a carload of livestock made up of four pens of fat hogs and two Angus beef cattle.

Four H's attending the exposition for the week, October 24-31, will be registered at Penny hall and then taken to the third floor of the Stock Exchange building where cots will be provided.

Fiddle Creek Ranch Sold By Furnish

James L. Furnish of this city has sold 191 acres of his 215-acre ranch on Fiddle creek in the western part of Lane county to Brad Moss, a recent arrival here from the Ontario section in eastern Oregon, he announced Wednesday. It was a cash deal.

Mr. Furnish took up this place as a homestead 31 years ago and for many years operated it but has not lived there for some time. The ranch is suitable for dairying and Mr. Moss announces that he will stock it with a herd of cattle and engage in the dairy business. Part of it is rich bottom land and the rest is timber. Mr. Furnish retains 24 acres of the land.

Send-Off Is Given Oregon Grid Team

In order to give "Doc" Spears and his re-vamped Webfoot football squad a rousing send-off for their trip to North Dakota and New York, University of Oregon students gathered at 4 o'clock Wednesday at McArthur court on the campus, to stage a rally and pep meeting.

The team left direct from the "rig" at 4:15. The Oregon band, dressed in full array, was on hand to add to the good luck wishes of students and other Webfoot supporters.

HERE'S A POLITICAL PARTY!

"Will you have a little more hot coffee, governor?" Yes, the governor would. And as Chief Executive Franklin D. Roosevelt of New York held up his cup, smiling Miss Bessie Tate served him. The occasion was a barbecue which Southern friends of the Empire State governor gave in his honor at Warm Springs, Ga., the other day. That's Senator W. J. Harris of Georgia at the right.

SCHOOL CENSUS TO START NEXT WEEK

The annual school census of Lane county will be taken by the clerks of the school districts during the next week as required by the state school law, E. J. Moore, county school superintendent, announced Tuesday.

All children of from four to 19 years of age inclusive with legal residence in the district on Oct. 25 are to be enumerated during the week and certified copies of the census sent to the county superintendent within 10 days after the census is taken.

It is important that the time limit on taking the census and reporting it be observed as the census is the basis for the apportionment of state and county school funds and the amount to be needed for 1932 must be determined before the county budget is finally adopted, said Mr. Moore.

Census blanks are being mailed to school clerks now. The blanks provide for reporting the number of boys and girls, the number of children at

PROBE PROMISED IN FRESHMAN ELECTION

Student body officials, headed by Brian Mims, president, at the University of Oregon have promised a thorough investigation of the recent freshman class election, which drew a demand for a probe into the conduct of the poll, from the Daily Emerald, student newspaper, Tuesday.

Mims, in co-operation with the newspaper, has assured the campus that the investigation will be conducted, and any irregularities in the polling procedure will be aired.

In connection with the probe, Mims has promised a research concerning a more accurate method of conducting campus elections. He suggested, according to the Emerald, that special attention will be given to the possibility of using pictures taken during registration as a means of identification. Also, the advisability of having student voters sign their name at the polls during elections, will be considered.

The Emerald claimed in a follow-up editorial Wednesday that in attacking the alleged mismanagement of the freshman election, it was not attacking any particular faction, but merely wished to have "campus elections cleaned up."

Wall proposes that the Eugene chapter would include young business men as well as students. There are a few of these clubs in Oregon, especially in the southern part of the state, Wall states.

All former members of other groups are asked to get in touch with Wall at 2882-W.
