UP..UP..UP..UP!

THEY'RE MILDER. The best Turkish and Domestic tobacco that money can buy is put into Chesterfield. Chesterfield tobacco is the finest-textured, the smoothest and ripest that grows—ripened and sweetened in the sunshine, cured right by the farmer and aged right for two years in wooden hogsheads. Mellow—and wonderfully mild!

THEY TASTE BETTER. These mild, smooth tobaccos are put together exactly right. The aroma of Turkish, the mellow sweetness of Domestic—blended and cross-blended. How it's done is Chesterfield's secret—but millions know how much better it tastes!

THEY'RE PURE. Everything that goes into Chesterfield is tested by expert chemists. The purest, finest cigarette paper made; a clean, tight-sealed package. "Pure as the water you drink."

THEY SATISFY. The package... neat, clean. The cigarettes... well-filled. The paper... pure white. And with your very first puff, you notice they taste better. Pleasing and satisfying—Chesterfields just seem to suit you, right down to the ground.

Four hits—four good things about every Chesterfield cigarette. Remember: They are Milder—Taste Better—Pure—Satisfy.

GOOD...they've got to be good!
