

PERSONNEL OF NEW RECREATION GROUP OF CHAMBER LISTED

The personnel of the new outdoor recreation committee of the Eugene chamber of commerce, recently authorized and headed by P. A. Thompson, supervisor of the Cascade national forest, was announced Wednesday. Besides Mr. Thompson, the members are Jack Luckey, W. R. Robertson, David Evans, Dr. S. C. Endicott, Dr. O. F. Stafford, Percy W. Brown, Louis Waldorf, Ray Babb and Arthur Hendershott.

The committee which will later be augmented by the addition of men from other parts of the county, includes members of the Obsidian club, Lane County Sportsmen's association, the University of Oregon and the forest service. Practically all of those already named have signified their willingness to serve on the committee. The first meeting will be called by T. O. Russell, president of the chamber, in the near future.

"Outdoor recreation, both summer and winter, is playing an increasingly important part in the lives of us all," Mr. Thompson said Wednesday. "More and more people are turning to the great outdoors for rest and relaxation, and play. The possibilities for outdoor recreation in Lane county are almost unlimited. From the shores of the Pacific to the tops of the Three Sisters stretches a country as varied as that found on most continents. Forests and streams, magnificent scenery, interesting geological formations, ocean beaches, mountain lakes and glaciers are scattered in generous profusion from border to border of our county—and all of these attractive places may be reached within a couple of hours drive from Eugene."

"Fortunately for us, these resources, if properly protected and with regulated use, will not diminish in value but will actually increase in value if properly advertised and utilized. The committee will work to coordinate the efforts of the various existing outdoor and recreation organizations and will attempt to help them in their efforts to make Lane county a better place for the outdoor man and woman."

Injured Men Are Reported Better

Dan Driscoll and John Kinnunen, injured in a cave-in while at work on a tunnel on the Umpqua highway west of Drain, Tuesday, were reported to be resting easily at Pacific Christian hospital, Wednesday.

Driscoll is the more seriously injured of the two, suffering with a fractured skull and other severe cuts and bruises. Kinnunen sustained a fractured leg. No more details of the accident were available at the hospital Wednesday because the men were unable to talk.

Juror Collapses in Roseburg, Case Fails

ROSEBURG, Ore., Jan. 6.—(AP)—For the second time the murder trial of Cecil Beckley has ended without a verdict.

Late Tuesday, after the jury had deliberated about 24 hours, R. O. Lehman, Oakland farmer-juror, collapsed and was taken to a hospital. His collapse was attributed by physicians to the strain of the past week. The court declared a mistrial.

Red Cross Chief To Visit Monday

A. L. Shaffer, manager of the Pacific branch of the American Red Cross, will be in Eugene on Monday of next week, according to Miss Mary Annin, executive secretary of the Lane county chapter.

Mr. Shaffer will attend the monthly meeting of the board of directors Monday night and hold conferences with workers during the day.

PLAN ANNUAL MEETING

The First Congregational church is to have its annual meeting on Thursday evening at the church. The event will start with a covered dish dinner at 6:15 o'clock. At the meeting to follow annual reports will be given.

NEW YEAR'S WAY WITH THE HOOVERS!

New Year's was a busy day for the Hoovers at the White House. Pictures above show J. W. Hunsfeld, left, who braved the morning rain for hours to be the first in line to shake the president's hand in 1932; top right, President and Mrs. Hoover with their secretaries at the annual New Year's Day reception, and lower right, the four who were invited in for breakfast at the White House after arriving early to shake hands. They are, left to right, Martin J. Bredvold, H. Walter Barrows, Otto Caffer and William Wilson.

EUGENEAN PERFECTS TRANSFUSION DEVICE

A blood-transfusion machine invented by John W. (Jack) Carpenter of this city has proved of such benefit to the medical profession after two years use in Eugene that it is to be put on the market for use in general.

The instrument is a strictly rotary motion one and from the time the blood leaves the donor until it reaches the recipient it does not come in contact with any metal passages, springs, valves, or pistons, and all air is excluded from reaching the blood during the transfusion process. The machine insures a constant flow of blood. It likewise provides all the pressure and lift necessary in the process.

The simplicity of the machine is an outstanding feature. The machine is made of solid bronze, chromium plated. A continuous rubber tube works around a rotary pump inside the machine, each end of the tube coming out at a different location on the back side of the machine, one end for the donor, the other for the recipient.

Mr. Carpenter conceived the idea for the instrument about 10 years ago when in Washington, Dr. A. F. Barnett, who is now in Eugene, too, called upon him to build a blood-transfusion instrument from a picture of one in a medical book. In building that machine Mr. Carpenter obtained his idea for the one he has perfected and patented.

Dr. W. B. Neal of this city has used the machine for nearly two years and reports that he has not seen any of the reactions and painful results that commonly follow the use of blood-transfusion machines.

Students attending the University of Oregon for the first time this winter term were being rushed by social fraternities on the Oregon campus this week. Several houses have already announced pledges.

The first release of the list is as follows:

Chi Psi—Thomas Crawford, Holmby Hills, Cal.; Phi Delta Theta—Claus Vesterberg, Portland; Sigma Alpha Epsilon—Stanley Roska, South St. Paul, Minnesota; and J. B. McZalney Edleson, Portland. Alpha Mu—Zalney Edleson, Portland. Theta Chi—Clark Williams, Portland and Ralph Morrow, Astoria.

Salem Man to Open New Store Here

The room at 889 Willamette street, recently vacated by the Prudential Savings and Loan association, has been leased by J. L. Morgan of Salem, who is preparing to open a women's ready to wear shop in a few days. The lease was obtained from the Hoffman estate, owners of the building in which the room is located. Some remodeling will be necessary before the room will be ready for the stock of goods.

The Prudential has moved to rooms over the Bank of Commerce where it is continuing business under the management of Fred G. Slickels.

Science Magazines Asked By Red Cross

Magazines dealing with science, especially those of the Popular Science type or dealing with airplanes can be used by the Red Cross, according to Miss Mary Annin, executive secretary of the Lane county chapter.

The magazines are wanted for a couple of boys whose mother is dead and whose father is unable to give them much attention because of his work. The boys are vitally interested in airplanes and wish to build model planes but have no way of learning how to do it. Building model planes will keep them out of mischief, said Miss Annin.

Sign Solicitors Fail to Deliver

A man has been reported to the Eugene chamber of commerce as soliciting the erection of signs in Eugene and one local merchant ordered a sign made and made the initial payment. The man gave Cottage Grove as his home address but no one at that city had ever heard of him and his sign company.

Another man from the state of Washington inquired at the chamber Monday about a certain sign company.

Good Crowd Present At Church Service

Arthur Long, evangelist at the First Christian church, will talk on "Today's Creed for Today's Needs" Wednesday evening. The sponsors for attendance are the following: Loyal Daughters class, Loyal Band class and the Women's council, Dr. R. T. Burnett, M. W. Weber, O. C. Bean, Mrs. Minnie Nimmo, Capt. LeRoy Woods, Mrs. S. E. Stevens, Fanner Travis, Mrs. Harry Nebersall, Mrs. J. M. Hicks, Miss Marie Nimmo.

There was a big attendance Tuesday night, showing a growing interest in the purposes of the campaign and a constantly increasing attendance, Mr. Long reported.

The evangelist spoke Tuesday night on "An Indictment and Challenge, a Call and Answer." David's cry, "No man careth for my soul," furnishes a terrible indictment, declared the evangelist. If it can be made to stick, "Jesus himself, placed the value of one human soul above everything in the world. No man can make that indictment stick against corporate or organized religion. Organized churches have plenty of room for far more than attend most of the services. They can take care of thousands more in the Bible schools."

These organized churches have spent hundreds of millions of dollars for equipment and personnel. They haven't done this for show or entertainment but because the vast majority of them are interested in the upbuilding of human lives. More than that, on the organized side of religion the churches are willing to continue to spend millions for the souls of men, women and children."

Smithfield Plat Is Vacated By Court

The plat of the town of Smithfield was declared vacated Wednesday by an order of the county court. A petition asking for the order was filed with the court some time ago and the court had been in receipt of the petition prior to Wednesday's order.

The plat, dividing the town into lots, was filed on Nov. 9, 1901, but the filing of the plat was the only step taken, the site being given over to acreage rather than lots. Taxes have been paid on a basis of lots, however. Vacating the plat will restore the payment of taxes to an acreage basis at a lower rate than that for lots.

BORN

ELSENHOHN—At the Pacific Christian hospital, Tuesday, Jan. 5, 1932, to Mr. and Mrs. H. E. Elsenhohn, 1937 Orchard street, a son.

CHURCH PLANS RECEPTION

Central Presbyterian church will hold a covered dish dinner and reception for new members on Thursday evening at the church. The dinner will be at 6:30 o'clock. The parish group will have charge of the dinner and Karl Thummann is in charge of the program.

LOSS BY FIRE IN OREGON FOR 1931

Said \$7,979,666

SALEM, Ore., Jan. 6.—(AP)—Oregon's fire loss during 1931 amounted to \$7,979,666 in property damage, 35 deaths and 103 persons injured.

State Fire Marshal Averill pointed out in his annual report released today that 6,755 fires last year resulted in a 17.3 per cent greater property loss than during 1929. Despite the increase 1930 was four per cent under the annual loss average from 1923 to 1929.

Twenty-three injuries and deaths were listed for Portland in the report. Remaining casualties were rather evenly distributed.

"An advance in fire protection efficiency in the state is evinced by a ratio of 7.2 per cent in losses to values involved for 1930 as compared to 8.1 per cent for the seven year average," Averill said.

"Losses to farm properties alone, amounting to \$2,065,075 in 1930 represent an increase of 6.7 per cent over 1929, 40.3 per cent over 1925 and 24.2 per cent in excess of the average from 1924 to 1929," Averill said. "Other farm fires amounted to \$3,583,581 bringing the rural loss to \$5,648,656, or 5.3 per cent of the total."

"The farm fire per capita loss in 1930 amounted to \$10.98 or some \$72 per average family of 3.6 persons. For the entire state, it was \$8.38 per person. To illustrate the comparative magnitude of the fire 'tax' during 1930 the state government per capita levy was but \$7.12, for roads \$7.19, county school and library and high school tuition \$4.93 and county government \$4.45.

"Percentage of losses to values involved in city fires where advanced protection facilities were available was only 8.9 per cent. The farm property fire loss ratio was 53.3 per cent giving ample evidence of the value of fire protection."

Rosson and Robnett Speakers For Lions

Hugh E. Rosson, graduate manager of the University of Oregon, and Ronald H. Robnett, assistant graduate manager on the campus, were the speakers for the weekly luncheon and meeting of the Eugene Lions club Wednesday noon at the Eugene hotel.

Robnett outlined for the club the program that the university is carrying out in the way of concerts and other musical activities for the townspeople. Rosson discussed the 1932 Pacific Coast football conference and told of some of the problems in getting games between the northern teams and those of the south.

For a special musical program, a trio of Phi Beta members, including Miss Frances Brockman, violinist, Miss Roberta Spicer, cellist, and Mrs. John Stelin, pianist, played. Antiques were made of the conference of Paul Engberg, bassist, in Eugene on January 14. The concert is being sponsored by Phi Beta.

JACK O. RICHARDSON DIES ON WEDNESDAY

Jack O. Richardson, 18 years old, son of Mrs. Ella Richardson, died at 1:30 o'clock Wednesday morning at his home, 830 Olive street, following a lingering illness.

He was born in Seattle, Dec. 12, 1913, but had lived in Eugene for 16 years. He would have been a junior in the Eugene high school this year. During his freshman and sophomore years he was class president.

Jack is survived by his mother; one brother, Arthur Richardson; one sister, Margaret Richardson; two uncles, Orlo Hendershott and Arthur Hendershott, both of Eugene; and three aunts, Mrs. Ida Franklin, Los Angeles, Mrs. C. B. Washburne, Junction City, and Mrs. L. B. Gilbertson, Salem.

Funeral services are to be held Friday afternoon at 2 o'clock at the Branstetter chapel.

Nurses Favor Eight Hour Day Locally

The eight-hour day proposed for nurses was voted to go into effect by the Eugene branch of the Oregon Graduate Nurses' association at its regular meeting Tuesday evening at the registration bureau. The new ruling will go into effect shortly, announces Miss Robin Jones, president of the branch. The nurses said the eight-hour duty is of help to both the nurses and the patient and that it assists

the employment problem for nurses as well.

At the meeting Tuesday Dr. E. L. Zimmerman addressed the group on the barbituric acid drugs, describing their uses and their dangers. Thirty-one nurses were at the meeting.

The next session will come on Wednesday, February 3. A dinner will be served at the Eugene hospital, followed by the program and meeting.

Deadmonds Waive Trial; Held in Jail

Jaques and Ira Deadmond will waive trial on charges of larceny in a dwelling, they told Justice of the Peace Dan Johnston when arraigned before him Wednesday morning. The pair are held in the Lane county jail with bail set at \$1000 pending the opening of circuit court here.

The Deadmonds were arrested Monday in Coos county by Sergeant W. H. Mulvey of the state police and Deputy Sheriff George Canaday of Lane county. The men admitted the robbery of the O. E. Simpson home at Penza and the Lloyd Awdrey home at Pleasant Hill.

Plans For Reunion To Be Made By Vets

Plans will be made at the regular meeting of Willamette post, Veterans of Foreign Wars, at the armory on Thursday night for the reunion of members of the 65th and 69th coast artillery regiments that served in the World war. The reunion will be held some time during the latter part of this month, the exact date to be decided upon at this meeting.

Instead of the potluck dinner, which is usually held by the post at the first meeting in the month, this one will be a business session, it is announced.

U. S. CONGRESS STORY

(CONTINUED FROM PAGE ONE)

the president of his power to change tariff rates on recommendation of the tariff commission.

Other house committees were working on the reconstruction finance corporation bill, the measure passed by the senate to give farm wheat to the needy, and Muscle Shoals legislation.

The house foreign affairs committee approved an appropriation of \$450,000 for the American delegation to the Geneva disarmament conference after hearing Secretary of State Stimson.

There was a flare-up before the naval affairs committee when Representative McClintic, democrat, Oklahoma, asserted Secretary of Navy Adams was "disloyal" to President Hoover and demanded he resign. The incident blew over when Adams explained that his endorsement of a huge navy construction program was merely a personal expression and was not to be considered official until the measure had been passed on by the president and the budget bureau.

Grosvenor N. Jones, head of the finance division of the department of commerce, declared in the senate banking investigation that some Wall Street houses had disregarded the department's advice in making loans to South American countries.

The bill for creation of a United States employment service which was killed by President Hoover's pocket veto at the last session was introduced again by Senator Wagner, democrat, N. Y.

CONGRESS MEETS

Directors of the Eugene building congress will meet Thursday evening at 7 o'clock to consider business matters of the organization before the regular meeting of the congress scheduled for 7:30 p. m. in the chamber of commerce rooms, according to M. Drew, president. A set of by-laws for the congress will be adopted. Committees will be appointed at Thursday meeting.

U. of O. Registration Increases Tuesday

One hundred and twenty-five students were either registered or received their registration material at the university during the second day of the new term. This additional fee brings the total up to 2515.

Graduate students who have completed the first semester of work in the university are expected to fall term at the two similar terms, the slight drop at the beginning of school last fall.

Thrift Emphasized On Franklin Day

Thrift will be emphasized in the city schools in connection with the celebration of Franklin's birthday Jan. 17, according to H. R. Gould, city superintendent.

A supply of thrift envelopes which will be used to accumulate savings until they total 25 cents, is expected to be on hand and with these in use deposits of less than that amount will be made, and clerical work thus reduced, it is announced.

First-Aid Classes Cancelled For Week

All classes in first-aid instruction have been cancelled for the week, it was announced Wednesday. Classes for state police and Girl Scouts are affected.

John B. Patterson, instructor for the work, has been called from the city on business but will resume the classes next week.

ROCKNE SIX

arrives in EUGENE

Sensational new low-priced car to be sold and serviced here by

Brown Motor Company

Broadway at Pearl

We are glad to announce the above appointment as the Rockne Six dealer in this city and extend an invitation to you to see the Rockne "75" model now on display.

The "75" is the larger of the two cars that comprise the Rockne line. It is built especially for those who want improved transportation at lower cost and without sacrifice of higher priced car advantages.

The Rockne "75" has everything a great car should have—a magnificent six-cylinder power plant—the finest type of Free Wheeling in all forward speeds—a full Synchronized Shift—Switch Key Starting—4-Point Cushioned Power—all at no extra charge.

The Rockne "75" has size and style. It has roominess. It has stamina. It has tremendous power. It comes completely engineered with every desired advancement of the day—glass-smooth, electro-plated pistons—quadruply counterweighted crankshafts—easy-pressure, solid-gripping brakes—finger-tip steering—

silent carburetion—self-adjusting spring shackles—hydraulic shock absorbers.

Come in and see the Rockne "75". Arrange to drive it. Be one of the first in town to know all about this new, Studebaker sponsored low-priced Six that will be the sensation of 1932.

Vital Specifications	Model "65"	Model "75"
