

MARRIED WOMEN IN PUBLIC WORK OPPOSED BY LABOR

A vote of protest against wage cuts for government employees, and a resolution "vigorously protesting the employment of married women in cases where the husband is engaged in business or employment," the resolution specifically referring to the county, city, and water board of the city, were passed at the semi-monthly meeting of the Eugene Central Labor council Wednesday evening.

The committee presenting the resolution against married women working in public offices, said during the discussion there is a scarcity of employment in all lines of business.

"Many of these employed women do not realize that their retaining these jobs is causing hardship. . . . Others do not care anyway; if they can hold down a job and get the money, they are against the fact that some little child is against all the rights of pure and simple honesty, deprived of sufficient food to keep them from being just plain HUNGRY."

The report continued: "We find there are many married women in what might be termed 'dual employment,' family employment, or what you will, with the county, city, and water board, as well as in banks, office and mercantile establishments of the city.

"Some of them are even holding down two or more jobs. This we believe is a direct disregard for the rights of humanity under our American civilization and think it is high time that vigorous action be taken by society in general to remedy this evil. Their vote is termed 'a resolution of necessity' and signed by L. O. Swanger, president of the council, and W. R. Armstrong.

Officers for the coming six months were elected as follows: L. O. Swanger, carpenters' union, president; Edward V. Duke, typographical union, vice-president; Van N. Kemery, cook and waiters' union, secretary; Charles Sullivan, common laborers' organization, W. R. Kinsey, plumbers' union, and W. R. Armstrong, painters' union, trustees; D. Coy Drago, carpenters' union, and Robert M. Fischer, typographical union, legislative committee. The council's next meeting will be the first Wednesday of February.

Commenting on the vote of the Central Labor council in opposing the employment of married women, particularly in the county, city and Eugene Water board offices, County Judge C. P. Barnard said Thursday there would be a meeting of the county court Monday to consider the question.

In most instances, married women employed by the various county offices are highly skilled persons, particularly competent to do the work for which they are employed. Barnard. He pointed out it would be virtually impossible to go out and find other people to do this work at the same cost since salaries paid are not high.

"The county court has no direct authority over the employment of persons in the various offices, other than to refuse to O. K. bills for their employment," Judge Barnard said. "The court does not assume the responsibility of the various offices, since those in charge of them are elected by the people and are responsible to the people."

Chicago Backed By Legislators In Tax Reform

SPRINGFIELD, Ill., Jan. 21.—(AP)—The first victory in Chicago's fight for financial rehabilitation was celebrated today with the passage by both the state representatives of a bill to reform Cook county tax machinery.

By a vote of 114 to 31 the representatives approved the emergency decree.

Today the senate which passed the bill 48-1 received the measure for reconsideration. The house added two minor amendments but passage of these by the senate was regarded by Governor Louis L. Emmerson, Mayor Anton J. Cermak of Chicago and civic leaders who have labored for weeks for the reorganization as a foregone conclusion.

The measure provides for replacement of the present tax bodies of Cook county by a committee of three men appointed by the governor and president of the Cook county board to assess and revise taxes.

H. GORDON AND CO. TO OPEN SATURDAY

H. Gordon and company will open a women's ready-to-wear store Saturday at the corner of Tenth and Willamette. The location is that formerly occupied by Gilmore's.

Mr. Gordon has been in the ready-to-wear business for 12 years. The Eugene store, he said, is affiliated with a large group of privately owned stores maintaining a joint purchasing office in New York City, handling millions of dollars worth of business annually. This arrangement will enable him to meet competitive prices yet give the individual service usually found only in the individually owned shops. Mrs. Ivan Wells, expert decorator and designer, will be associated.

Mr. and Mrs. Gordon, with their daughters, Pauline and Florence, are making their home in Eugene at 1525 Twenty-second avenue east. Mrs. Gordon is a former student of the University of Oregon, a member of Kappa Alpha Theta sorority.

Revival Service Topic Announced By Arthur Long

"How Good can a Man be and Yet be Lost?" is to be the sermon theme in the revival services at the First Christian church Thursday evening, Arthur Long, evangelist, preaching Wednesday evening. Mr. Long spoke on "How Bad Can a Man be and Yet be Saved?"

He said in part: "Some people think that they have sinned away their day of grace, others that they have become too wicked to be saved, Jesus can save anybody who comes to him sincerely, believing, repentance, and with the obedient spirit. Paul was guilty of persecuting the church even unto death yet he found salvation. 'Some may think 'well if I can be forgiven my sins, I'll stay out of the church until I am tired of sinning and then accept Christ.' That is a terrible

GLEEMEN SOLOIST FAVORITE IN EAST

The feature soloist for the Eugene Gleemen in their concert Sunday afternoon at 3 o'clock will be Hal Young, an Oregon man who has gone east and won distinction and honor for his singing.

For four seasons Young was the leading tenor in productions for Messrs. Schubert and Schuber of New York and Chicago, famous producers of light operas and other musical presentations. Besides his work with these men, Young was soloist for the Fifth Avenue Presbyterian church of New York, noted for its choral and musical work.

Young graduated from Jefferson high school of Portland, and then studied under Mark Lintule, well-known radio artist and teacher and former baritone for the American Light Opera company of Boston. From Daniels Young went to the eastern metropolis to carry on his musical study. Since returning to the west coast Young has been showered with honors. He sang the tenor solo part with the Portland symphony orchestra's presentation of the "Messiah" and has appeared in concerts in many cities of Oregon.

The concert Sunday, which will be held in McArthur court, is the second of the Associated student concert series sponsored by the student organization of the university. The popular admission prices, established by the large crowd that turned out to hear George Enescu, will be continued for the Gleemen concert. Ronald Robnett, assistant graduate manager has announced.

Approximately \$500,000,000 is spent each year by American families on concerts, lectures and theaters other than movies.
