

### MERIT BADGE WORK STARTED BY SCOUTS

CAMP LUCKY BOY, Blue River, July 21.—(Special)—Merit badge classes and advancement work started Tuesday for the second period at Camp Lucky Boy.

Examiners for merit badges are the same as last period, but Bob Booth is the new examiner for first and second class tests. Carl Heide is the new instructor for beginning swimmers, replacing Carl Merryman. Those in this class are Bill Scharpf, Edwin Wheeler, Norman Holt, Howard McFadden, George Weniger, George Moody, Jack Gierhart, John Burnett, Albert Romane and Steven Romane. Tuesday's program was "topped off" with a big game in which all scouts participated. The main excitement of this game turned out to be a number of bee stings received by several of the boys. None of them were serious however and just added to the enjoyment of the game. The field game was followed by a council fire.

### Youth Has Sight Restored; Now Big City Frightens Him

NEW YORK, July 21.—(AP)—In some ways Earl Musselman is worse off, now that he can see, than he was when he was blind. The 23-year-old Allentown, Pa., youth was given thirty per cent sight in one eye by the creation of an artificial pupil a year ago. Today he was in New York for the first time since he has grown accustomed to seeing things. While gazing at the wonders of skyscrapers, subways and ships, he explained the tremendous handicap which now faces him. He has lost the ways of the blind, and still has not yet gained the confidence of vision. When he adventured forth into New York as a blind youth, he came alone. This time his uncle, B. W. Laubach, Philadelphia optometrist, guided him by the elbow. "Before I was able to see," Musselman said, "I had no fear of going anywhere. I always went alone. I could guide myself by feel and my sense of direction. But after I was able to see I got afraid. I could see how fast the auto-

mobiles and street cars went. Ever since then some one has had to go with me and lead me when I go out into the streets." Fearing it would be years before he gained full confidence in his new power, Musselman was worried about an occupation. James H. O'Donnell, a showman and brother-in-law of Con Colleano, famous tight rope walker, came to the rescue. He knew Musselman played the saxophone and that he had had two pals in the Overbrook, Pa., institute for the blind who also played musical instruments. So the two blind youths, Ralph Steiner and Charles Lichtenwalner, and the youth who now sees, formed a musical trio. That brought Musselman to this city whose speed terrifies him. January 1 is the official birthday of all thoroughbred horses. About 71,000 persons were sent to prisons in the United States during 1933.

### DRILL ATTENDANCE RECORD IS MADE

Through the efforts of the One Hundred Per Cent Duty club, composed of members of Company "C" 102nd Infantry, a new armory drill attendance record was made during the past year. There was no other unit from the two regiments of Oregon National Guard having anywhere near the number of men with 100 per cent attendance records that the Eugene unit had, which was 32. The One Hundred Per Cent Duty club was organized last year with 16 charter members for the purpose of attaining better drill attendance and acquiring better men to maintain the company. In 1928 there were but two men holding such record and every year since there has been 100 per cent increase in the number. During the coming year there is no way to make such a record for there is but 47 per cent of the personnel to work with. The goal which the club has

set this term, however, will be even harder to accomplish and that is to push the complete personnel to 100 per cent attendance. Another record of which the local unit is very proud is that of having furnished more men in the various regular service branches than any other unit in the state. Two of the men who went during the last year are now corporals serving with the 31st Infantry in the Orient. The unit drills every Tuesday night during the year and welcomes visitors. It is announced. Grange Will Have Four-H Program JUNCTION CITY, July 21.—(Special)—The grange is looking forward to its meeting Friday evening as one of special interest as the lecturer, Mrs. O. M. Miller, has arranged a good program. Following the business hour H. C. Seymour, state 4-H club leader, will give a talk on "Child Psychology," and the 4-H club members will put on a program and have charge of the social hour. The program is open to the public after the business session. Rice accounts for about 80 per cent of Siam's exports.

# THESE PRICES PROVE you don't have to buy low quality tires to get LOW PRICE

**HERE'S** something to think about if you want the biggest money's worth of comfort, safety and trouble-free mileage when you buy tires.

You don't have to buy low quality tires to get low price.

You don't have to take second-choice tires to save money — because FIRST-CHOICE costs no more.

Here are prices that prove it. Read them and remember, they buy real Goodyears. Big, stout, husky, tough Supertwist balloons with the name Goodyear Speedway on the sidewall, and Goodyear materials through and through.

For 17 years, motorists have voted Goodyear Tires the best on the market—because they have bought more Goodyear Tires than any other kind. Because Goodyear makes millions more tires than any other rubber manufacturer, it stands to reason Goodyear can build them better and better.

Take another look at the prices here, and ask yourself: Why buy any second-choice tire when FIRST-CHOICE costs no more!

### GOODYEAR PATHFINDER

**SIX "PLIES"?**  
 You can count six layers of cord here, but the first two under the tread in this tire (or in any so-called "six-ply" tire built this way) do not run from head to head. Some tire-makers count these as "plies," but they are really "breaker strips," so we call them that

4-75-19 Each In pairs Single tire	6-00-18 HD (Six full plies and two "breaker strips") Each In pairs Single tire
<b>\$6.16</b> \$6.33	<b>\$10.33</b> \$10.45
