FALL TERM FOR DANCE STUDIO TO OPEN WEDNESDAY

Wednesday will see the new fall term at the Merrick Dance Studio start and will make the fourth year of the school's establishment in Eugene, according to Francis G. Mullins, manager and instructor at the local studio. Mullins returned last week after two months of intensive study with many of the leading Pacific coast dance teachers and producers...

EXPLOSION WRECKS HOUSE IN EUGENE

An explosion, believed to have been caused by gasoline poured in the house by an incendiary, partially wrecked a two-story frame building at 1130 Adams street and the fire which followed gutted the house at midnight Monday. The explosion blew glass from the windows of the house into the sides of window screens of adjoining building, cracked a hole in the wall of the house and blew the foundation from its base. City firemen rushed to the scene and finally got the blaze under control but before fire had added to the damage. City and state police are working on the case but have not yet issued an official statement. The house was owned by C. E. Haskins of Cottage Grove and until a few days ago was occupied by Marcus Dunn. A man was seen working around the house most of Monday afternoon and a model T Ford roadster with a California license was seen parked near the house. A man was seen driving off in the roadster a few minutes after the explosion occurred. The smell of kerosene was noticed in one of the upstairs closets, according to the firemen, who found the house a mass of flames when they arrived at the scene.

MORE MEN RUSHED TO FOREST BLAZE

MARSHFIELD, Ore., Sept. 12.—(AP)—An emergency call for 20 more men today was the first word received since late Monday from the forest fire raging in the Tioga country. The district fire warden telephoned his assistants here he was on his way to Myrtle Point where additional men would be recruited to reinforce the 60 already at the scene. The fire today was reported burning over a front nearly four miles long and spreading into new slashings and racing across thousands of acres of virgin timber. Reports of the fire received here indicated it originated from a camp fire which spread into slashings near by. Two settlers were found by forest patrolmen in a desperate battle to halt the flames. The fire today was moving southwest toward the east of the Coquille river. The Tioga fire is confined almost entirely to the national forest.

LEAUBURG AID TO MEET

The Leauburg Aid society is scheduled to meet Thursday afternoon at the home of Mrs. Walter Porter. The society only met once a month during the summer. Beginning with September the society is meeting twice a month.

FROZE ICE CREAM

CIRCLEVILLE, O. (AP)—During a recent hailstorm, Mrs. George Hanley, who lives on a farm near here, gathered enough hailstones in a bucket to freeze home-made ice cream. The size of the pellets varied, but some were as large as a good sized bird egg, Mr. Hanley claims.

Colonial Has Bill Of Short Subjects

Hailed as one of the unusual events in theatrical history, the "One Cent Sale" night at the Colonial theater will again be offered Tuesday night. The program offers 10 reels of sparkling comedy and novelty subjects at "one cent a reel." The novel bill is headlined by a snappy Charlie Chase comedy titled "Nickle Nurse." In it Chase gets mixed up with a Garbo-ish vampire and has all kinds of strange and laughable experiences. One of the famed Dogville series, "Trader Hound" comes next, and in this the inimitable dogs have a great time. A comedy that is guaranteed to be as funny as any ever shown is "Around the World in 18 Minutes." This is pure nonsense and wisecracks. "Meet the Winner" with Tom Howard, "Eyes Have It" with Slim Sumner, and "Cheats" with a Betty Boop cartoon, complete the bill.

Ernie Bailey and Herb White Draw

KLAMATH FALLS, Ore., Sept. 13.—(Special)—Ernie Bailey, Eugene fighter, and Herb White, of Medford, went four rounds to a draw on the boxing card here Monday evening. In the main event, Don Fraser of Spokane won a sparkling decision over Tony O'Dell, Klamath Falls, in six rounds. Jack Gibbs, Medford, kayaked Jack Young, Klamath Falls, in two rounds. Midget Perry kayaked Finley Wilson in the fourth round, and Young Schmelting, Klamath Falls, kayaked Sailor Peterson in the second round. Bailey, who fought White here, is to meet White next in a six-round event in Portland Friday night. White is to fight a main event in Medford this week.

Jobless Man Builds Powerful Telescope

CONNEAUT, O. (AP)—Unemployed during the business slump, Frank Saunders has built a powerful telescope in his back yard. He doesn't think that he will startle the world with discoveries of new planets or solar system phenomena. He says the instrument was built to satisfy a desire to work with intricate mechanisms. The telescope was built at a cost of about \$30, but it was valued, upon completion at more than \$1,000. Saunders used odds and ends, including an axle, in constructing the instrument. The 10-inch concave reflector would cost about \$400 at an optical store, Saunders said, but he paid \$7 for a piece of plate glass an inch and a half thick, ground it to the required dimensions by hand, then silvered it himself.

Hoover, Roosevelt Will Flavor Soup

SANDUSKY, O. (AP)—Hoover and Roosevelt will stage a race here August 9, but regardless of who wins, both will be made the basis of soup for a banquet. They are names of entrants in the Sandusky Turtle Racing association. Roosevelt will be brought from Kentucky by French Bravard and Hoover is the entrant of Dr. George Hellier, vice-president of the association. Other entrants include "Repeal" and "Al Smith."

But Kellogg's ALL-BRAN Brought Real Relief

If you are subject to headaches, loss of appetite and energy, sleeplessness and other effects that so often result from constipation, read Mrs. Turner's voluntary letter. "For the past six months I have been eating Kellogg's ALL-BRAN, and cannot praise it too highly. "Am fifty years of age. All my life have been troubled with constipation. Kellogg's ALL-BRAN has not only helped me, but has cured me. "I thought I couldn't like the taste of bran, but Kellogg's ALL-BRAN is delicious."—Mrs. C. J. Turner, 507 Hanover Street, Fall River, Mass. Tests show ALL-BRAN contains two things which overcome constipation: "Bulk" to exercise the intestines; Vitamin B to help tone the intestinal tract. ALL-BRAN also supplies iron for the blood. The "bulk" in ALL-BRAN is much like that of lettuce. Inside the body, it forms a soft mass, which gently clears the intestines of wastes. Certainly this is more natural than taking pills and drugs—so often harmful. ALL-BRAN is not habit-forming. Two tablespoonsful daily will correct most types of constipation. If you have intestinal trouble not relieved this way, see your doctor. Get the red-and-green package at your grocer's. Made by Kellogg in Battle Creek.

COX FOR PRESIDENT!

Nominated for president of his "Jobless Party" after failure to form a coalition with the Liberty party at St. Louis, Father James E. Cox of Pittsburgh has his derby in the race. Father Cox has been prominent in many radical movements and marches of unemployed. Many Catholic leaders frown on his activities.

FEWER STUDENTS IN SCHOOL THIS YEAR

A decreased attendance was noted at Eugene grade and high schools as the students settled down to regular class work Tuesday. H. R. Gould, superintendent of schools in Eugene, is unable to account for the lower attendance figures unless it is because fewer people are living in town. The enrollment Monday, opening day, was 3128 in all schools as compared with 3203 in 1931, 3222 in 1930, 3274 in 1929 and 3157 in 1928. The enrollments by schools for 1932 and 1931 were: Whitaker, 139 for 1931, 127 for this year; Geary, 228 for 1931, 212 for this year; Lincoln, 256 for 1931, 243 for this year; Frances-Willard, 391 for 1931, 354 for this year; Washington, 138 for 1931, 130 for this year; Edison, 244 for 1931, 227 for this year. Total for grade schools, 1559 for 1931, 1426 for this year. Theodore Roosevelt Junior high, 231 for 1931, 209 for this year; Woodrow Wilson Junior high, 691 for 1931, 604 for this year; Eugene high school, 792 for 1931, 790 for this year. Total for secondary schools, 1674 for 1931, 1603 for this year.

Schilling Give a thought to your extracts and spices. There are big differences in quality. If you knew all the facts you would insist on Schilling quality. Pepper Vanilla Schilling

MODERN WOODMEN ARE AGAINST BILL

Eugene Camp No. 5837 of the Modern Woodmen of America at its regular meeting Monday night, adopted a resolution condemning and opposing the Zorn-Macpherson measure to move the University of Oregon from Eugene to Corvallis. The text of the resolution follows: "Whereas, it is the privilege as well as the duty of the people of Oregon to oppose any form of legislation detrimental to the best interests of Oregon's higher educational system; and "Whereas, The time has come for the citizens of Oregon to express their opinion for or against the moving of the University of Oregon from Eugene to Corvallis and the creation of junior colleges at Ashland and La Grande; therefore be it

from Eugene and the establishment of Junior colleges at Ashland and La Grande; be it further "Resolved, That a copy of this resolution be spread upon the minutes of the camp and that copies of this resolution be sent to the Eugene Register-Guard and the Eugene Morning News."

Elks Lodge Will Meet Wednesday

The Elks lodge will meet Wednesday at 8 p. m. at the Elks temple. From now on meetings will be held twice a month, on the second and fourth Wednesdays. During the summer only one meeting has been held each month.

770 Willamette Phone 151 Irrigation Expert Comes Here Friday Arthur S. King, soil specialist at the state college at Corvallis, will be with O. S. Fletcher, county agricultural agent, Friday to assist the farmers of Lane county with irrigation problems. Mr. Fletcher announced Tuesday, Mr. King will supervise the placing of ditches and the laying out of irrigation systems. Mr. Fletcher says they will have time to attend to a few requests for assistance in this line in addition to those already on file and anyone desiring such assistance is asked to notify Mr. Fletcher. Modern Version Of William Tell Told AGTON, Cal. (AP)—The old story of William Tell and the apple is tame compared to a recent variation of the theme enacted on the J. R. Riley ranch near here. An employee of the Riley ranch decided to "sleep under the stars." Riley found him sleeping peacefully with a rattlesnake curled on his chest. Riley hurried back for his rifle, cautiously approached the snake and shot off its head. The hired man woke up uninjured.

Both in the Same Boat Swift & Company has more than one hundred produce plants, where poultry, eggs and dairy products are bought, prepared and shipped to far-off markets. In each plant is an ambitious, hard-working local resident—the manager. In his community that man is "Swift & Company". He has the producer viewpoint. He rejoices when prices are satisfactory to his patrons. In this his interest is selfish. He is in the same boat with the farm producer. His advancement in business, in his own organization, depends on how much produce he purchases and how well he handles it. Your Swift produce plant manager strives for steady operation at full capacity; only under such conditions is his plant most efficient. He wants volume and full pay-rolls. Nothing pleases him better than to pay the cash price for more and more produce. That price is governed by demand, by what consumers can and will pay. But when the local manager is ready to ship his prepared products, demand is not awaited; is not left to chance. Swift & Company enhances demand for produce by advertising brands of high quality: Swift's Premium Milk-Fed Chickens, Golden West Fowl, Swift's Brookfield Butter, Eggs, Cheese and many other products. An army of Swift & Company salesmen, working from 400 branch houses and along hundreds of car routes, searches daily for bigger and hungrier markets. The local manager buys to supply those markets. Thus continually expanding outlets are opened up for the producer. The same army of salesmen sells both meat and produce. The same railroad cars transport both. Thus, costs of marketing are reduced for both livestock men and produce men. Swift & Company has developed a national sales force and a national buying organization—striving to lower costs between the farm and the retail store. The personal welfare of each man depends on how well he does that job. That's why the charges for the service are low. Profits have averaged, over a period of years, less than a half cent a pound for all products sold.

Swift & Company Purveyors of fine foods Swift's Premium Quality Brookfield Eggs, Premium Milked Chickens and Golden West Fowl prepared by Eugene people. On sale by local dealers. LOCAL SALES REPRESENTATIVES E. C. Harris, Osburn Hotel E. E. Hayes, 223 W. 12th St.
