Dryness Is Boon To Wheat Prices

CHICAGO, Oct. 21.—(AP)—Increased complaints of dry weather in western Kansas, Nebraska and Oklahoma did a good deal to rally wheat prices late today from early declines.

Another bullish factor evidenced was that movement of wheat to terminal markets both sides of the Canadian boundary was sharply falling off. For the first time in several days,

MARKET FOR WOOL SLOW BUT STEADY

BOSTON, Oct. 21.—(AP)—The Commercial Bulletin will say tomorrow:

The demand for wool has been slow but there has been piecing-out sales in a small way of nearly every quality at prices which have been fairly well maintained on the whole, although it must be said that the market is still in favor of the buyer.

Some three million pounds of fall wools have been sold in Texas at prices reported as ranging from 10 to 11 1/2 cents.

Manufacturers are reporting slower business in piece goods but they are still operating well towards capacity in old contracts and are expectant of a resumption of business in light weight fabrics in the course of the next few weeks.

The foreign markets have been slightly in favor of the buyer this week, Australia being down nearly five per cent and England reports fair business at slightly lower prices.

Mohair is slow and unchanged.

The Bulletin will publish the following quotations:

Oregon—Fine and F. M. staple 44-60; fine and F. M. Fr. combing 41-45; fine and F. M. clothing 36-35; Valley No. 1, 40-42.

Oregon 35-14; domestic graded, first combing 24-25; second combing 22-23; third combing 17-18; fourth combing 15-16; good carding 24-25; first kid 45-50; second kid 35-40.

PORTLAND, Ore., Oct. 21.—(AP)—Unwillingness of Portland to pay a premium for butter above 91 score is indicated in the almost general price shading for 92 score cubes and prints in the local trade.
