

MAN SLAYS WIFE AND HER FATHER

BURNS, Ore., Oct. 31.—(AP)—When his attempts at reconciliation with his wife failed today, Harry Riley of Portland, shot and killed his wife and her father and probably fatally wounded her mother.

Immediately after he shot the family in a fit of jealous rage, Riley was stricken with remorse. He picked up his wife, who was still breathing and carried her to a hospital but she died in his arms before they arrived there.

Riley gave himself up and is held in the Harney county jail here.

Mrs. Riley recently came here from Portland to reside with her parents, Mr. and Mrs. Carey Thorberg, after she filed suit for divorce. Sunday, Riley came from Portland and sought to effect a reconciliation. Mrs. Riley refused and a long argument ensued. Thorberg finally told Riley he had better leave, that his case was hopeless.

"I will go, but I will be back," Riley is said to have replied. He returned to the Thorberg home this morning as the family was eating breakfast, drew a revolver and shot the three.

The Rileys had two children.

In September, it was estimated that more than 260,000 men found work in 33 states on construction work resulting from "the stimulus of funds made available by the emergency relief and construction act."

Upward employment trends for September were reported in the boot and shoe industry, coal mines, railroad shops, rayon mills and in farm harvesting.

HOOVER TRIP STORY

hav. meant issuance of \$2,300,000,000 of "greenback currency."

"The vice-presidential candidate in this campaign fathered this measure, and the democratic candidate or any speaker in this campaign has not seen fit to disavow it."

Mr. Hoover quoted Daniel Webster saying that "He who tampers with the currency robs labor of its bread, and panders to greedy capital."

The president denounced Governor Roosevelt's statement in Baltimore last week that the republican party had gained control of all branches of the government, including the supreme court.

He declared the court is the "strongest bulwark of the permanence of our democracy," and added: "It surely would not be the will of the people of Maryland that the independence of this tribunal shall be undermined or brought into question for political party purposes, whether they be democratic or republican."

The president again denounced the democratic tariff policy and promised maintenance of a protective tariff if returned to office for another four years.
