CALAPOOIA RIVER HIGH FROM RAINS

BROWNSVILLE, Dec. 21.—(Special)—The most severe wind and rain storm of the present season is in progress in the Calapoopia valley and the Calapoopia river is at high flood stage with the waters beginning to overflow the lowlands. Considerable damage was done by the high winds of the last three nights. At the Schure farm just south of town the roof was partially lifted off of the house.

From Lebanon comes the report of the death at the hospital there of Richard Sharp, a Brownsville man who was recently taken there for an operation from which he did not recover. He resided near Brownsville for about 20 years. He was a member of the Brownsville tabernacle congregation.

The Brownsville auxiliary unit of the American legion post met at the home of Mrs. Dean Morse Monday evening for the packing of Christmas boxes and for a social time. Owing to many liberal contributions on the part of merchants and public alike the kiddies and needy grown-ups in this section will be well provided for.

A Christmas tree which was provided by the Lions club has now been set up in the public square at the head of Spaulding avenue. Smaller Christmas trees have been set up along the curbing in the business section by the merchants and the stores are all array in holiday attire.

Theaters

WEDNESDAY PROGRAMS Hellig—"The Widow in Scarlet," with Dorothy Revier, Kenneth Harlan, Lloyd Whitlock and Glenn Tryon, Ends Friday.

Clon—"Thunder Below," with Tallulah Bankhead, Charles Bickford and Paul Lukas, Ends Friday.

State—"Man Wanted," with Kay Francis, Una Merkel and David Manners, Ends Thursday.

McDonald—"Six Hours to Live," with Warner Baxter, Miriam Jordan and John Boles, Ends Thursday.

Flex—"Divorce in the Family," with Jackie Cooper and Conrad Nagel, Ends Wednesday.

A. West Johnson (Bim. to you), manager of the Hellig theatre, spent a couple of days this week in Portland visiting film row and booking some new pictures. F. M. "Pop" Crabb, who put Bim in charge of the theatre when he left to wrangle the Arizona Wranglers, has been spending several days in Eugene. Crabb has been road-showing the famous KNN radio entertainers, and the boys have been playing to standing room only in every town.

What would you do if you had but six hours to live? Warner Baxter is faced with this problem in "Six Hours to Live," which plays Wednesday and Thursday at the McDonald.

Mr. and Mrs. J. V. Stuart attended the Christmas tree at the I. O. O. F. temple in Eugene Saturday evening. Mr. and Mrs. O. C. Parr took their small son, Vernon, to an eye specialist in Eugene Monday.

Mr. and Mrs. O. C. Parr and children will leave Saturday for Marshfield to spend Christmas with her parents, Mr. and Mrs. Westlake.

It seems improbable that the delectable Kay Francis would have any trouble getting her man, but in "Man Wanted," which will be seen Wednesday and Thursday at the State, she is forced to adopt cave-woman tactics. Put your money on Kay, though, when she starts out after David Manners. Una Merkel and Andy Devine add the touch of comedy and Kenneth Thompson is the unfaithful husband, the rat!

Pendleton is best known for its round-up and its Indian blankets, but Glenn Tryon, famous movie comedian, is also a Pendleton product. He was born in Julietta, Idaho, and received much of his education in

Plymouth Sets a New Pace!

\$30 Reduction Announced by Walter P. Chrysler

Plymouth Six Four-Door Sedan Now \$545

Today Plymouth announces price reductions up to thirty dollars on the Plymouth Six, effective at once. Plymouth set the pace in the low-priced field by introducing new models far in advance of competition. We said then that "this new Plymouth was built to honestly win the good-will of American motorists, who have never yet failed to reward real merit." We meant what we said. Plymouth sets the pace in price as well as performance. This is the time to "go ahead," and now Plymouth sets a faster pace than ever. And remember this... your savings on Plymouth aren't confined to price alone. Plymouth is scientifically engineered to be the most economical Six in the low-priced field... the easiest to run, the easiest on gas, oil, tires and up-keep. That's why it carries no excess weight... no superfluous cast iron and steel... to increase running costs. Remember too, this new price includes Floating Power... patented engine mountings that no other car can use except by license. Not simply rubber cushions... but a basic new improvement which eliminates all vibrations. There's Safety Steel Bodies. If steel railway cars are superior to old-fashioned coaches, certainly steel automobile bodies are superior to the composite kind. And just as necessary. You get Hydraulic Brakes 100... 80 necessary in these days of high speeds and crowded highways. And those easy riding qualities which you formerly found only in high-priced cars. Not only is Plymouth a BIG, full-sized family car... it's a low-priced car without that low-priced look. A thrilling car to drive... with a 70-horsepower engine that makes Plymouth the most brilliant performing Six in the field. Plymouth says again... look at all three... ride in all three... compare delivered prices and may the best car win.
