

SOUTH AFRICA TO KEEP GOLD BASIS

PRETORIA, Union of South Africa, Dec. 28.—(Special)—Premier Hertzog's cabinet decided today to adhere to the gold standard, but to prohibit the export of gold from the South African union. The decision was made at a special cabinet meeting.

Faced with increasing popularity of the labor party and the intention of the Union of South Africa to join the gold standard, the government is regarded as in a precarious position, and it is not yet known whether it will go to the country in another general election.

To meet the situation arising from unlimited sale of currency in the past few days, which according to reliable figures has resulted in the flight of more than £1,000,000, cabinet decided to take power under an emergency act to withdraw sovereigns from circulation and prevent the export of hoarded gold.

Premier Hertzog, undeviating in his support of the gold standard, said its abandonment would depreciate gold to its pure commodity value and thereby benefit the mines at the expense of the rest of the country.

Students of Bible College Married

HAILEY, Dec. 28.—(Special)—A wedding of interest to local people in Eugene was that of Miss Mamie Falk, oldest child of Mr. and Mrs. Adolph Falk, Friday evening at the home of Rev. J. Willis Hale and wife to Ernest E. Staley of Boise, Idaho.

Daily Cash Market

Through 1932, as in former years, Swift & Company has maintained its nationwide cash market for farm produce.

More than 100 Swift & Company produce plants in the West and Central West have continued to buy daily the supplies offered. Everything they purchase has a market over a thousand miles wide and thousands of miles long. The supply goes wherever demand is best.

At no time, in the territories served by these plants, have producers of poultry, butterfat and eggs been without a daily cash market.

Swift & Company has not had this year—has never had—any control over prices. The farmer's price is made by what the consumer can and will pay for the butter, eggs and poultry. This company's task is to cover the gap, quickly and economically between more than 200,000 farm patrons and nearly as many storekeepers.

Posting daily quotations at its buying plants, Swift & Company is really saying to the producer:

"Consumers everywhere, through their retailers, offer so much for poultry, butterfat or eggs. Costs of preparation, transportation and selling are kept at a minimum. With these service costs deducted, the price paid here is about what retailers will pay at their doors hundreds of miles away."

Volume holds down processing cost. Carload shipments reduce freight bills. The same salesmen who sell Swift's Premium Ham and Bacon and Brookfield Sausage also sell Swift's Premium Milk-Fed Chicken, Golden West Fowl and Swift's Brookfield Butter, Eggs and Cheese, thus benefiting livestock men and produce growers alike.
