

New Vegetables Arrive; Wall Street Has Boom

FAIR WEATHER IS BOOM FOR LOCAL CROPS; BERRIES IN

Saturday brought in the first showing of local grown new beets, carrots, and turnips. They were shown in very limited quantity, but a few more nice days and they should be very plentiful on the market. The public market had them Saturday.

More local strawberries were seen Saturday in scattered lots, still bringing up to \$2.50 a crate, buying price, on best grades.

All produce items, eggs, butter, buttermilk, and poultry, remained unchanged Saturday.

Livestock and grains likewise were steady.

BOSTON, May 27.—(AP)—Continued activity on the part of manufacturers during the past week was reflected in the strengthening of quotations on offerings of domestic wools. As during the previous week, Ohio and similar fleeces of 56s and 48s, 50s quality, strictly combing wools, were the most active and showed further advances. Sales early in the week were closed at prices in the range of 31@32 in the grease, and toward the end of the week, these wools were bringing 32 in the grease. New wools being received from the territory states, consisting of the shorter staple, were sold readily at strengthening prices. Twelve months Texas wools brought 63@65, scoured basis.
