"GET OUT BONES" PAY DAY'S COMING TO 3-C TROOPERS

Pay day will soon come for the men in the camps of the Civilian Conservation corps in this district but before the men receive their money it is necessary to obtain their signatures to the payroll the same as they do in the army.

Lieutenant Powell of the headquarters staff in this city left Tuesday for the camps at Oakridge, Fall creek, Belknap and Rigdon to obtain the signatures of the men now at work there and they will be paid later on. The men employed in the camps will be paid once each month, it is announced.

Major C. H. Corlett, commanding officer in charge of this district, left Tuesday morning to inspect the Belknap camp which is now being constructed by a company of civilian woodsmen.

The army officers in charge of operations here Tuesday expressed their appreciation of the co-operation of the Red Cross, the forest service and other agencies in getting the work under way in this district. The officers had hoped the co-operation would be complete in every detail and it has worked out even better than expected and hoped for, it was stated. The Red Cross is supplying magazines and other reading matter to the men in camps regularly and this act alone is deeply appreciated, it was announced at headquarters.

First Lieutenant Roy Craft of Eugene reported for duty at headquarters Tuesday and will be assigned to the public relations department. William B. Varney, first lieutenant of reserves, has been notified to report for duty as chaplain. He has been attending the University of Oregon and the Eugene Bible college.

All C. C. C. camps are equipped with first aid kits to be used in any emergency and on Monday the men in the camp in the city park back of the butte had occasion to use theirs. A small boy in running down the steep slope of the butte fell and severely injured himself. The men at the camp gave first aid and turned him over to the Pacific hospital.

Mark Billman Is Killed

Mark Billman, Indianapolis driver, succumbed to injuries in the emergency hospital this afternoon, a victim of the 500-mile automobile race at the Indianapolis motor speedway.

Physicians amputated his left arm after it had been crushed when he crashed into a wall, and he died an hour later in the emergency hospital located within the track.

Meyer Snatches Lead Away

Louie Meyer snatched the lead at 325 miles when Stapp, leading at the time ran out of gasoline on the back stretch. The time was 3:00.45.41, averaging 107.88.

Malcolm Fox of Staten Island, N. Y., and Lester Spangler of Los Angeles, both went over the wall simultaneously on the treacherous south turn of the track.

Spangler was in seventh place at the time.

The race was immediately slowed down while wrecking cars were rushed to the spot along with ambulances.

Meyer was in the lead at 350 miles with Shaw trailing a lap behind. Stapp was third, six laps behind. The time was 3:15:38.47 for an average of 107.339.

Spangler and Fox were picked up officially injured. They were immediately rushed to the emergency hospital so physicians could determine the extent of their injuries. Meanwhile the racers on the track were travelling at a snail's pace while the crowd sat in silence.

Wilhelm Will Head State K. C. Again

George J. Wilhelm of Eugene was re-elected unanimously as state deputy of the Knights of Columbus at the meeting of the state council of the order in Portland Sunday and Monday. Mr. Wilhelm has served in the office for the past year.

Mr. Wilhelm, Dr. F. A. Reiling and Joseph Franzwa, the latter two being the representatives from the Eugene council, were those going from here to the meeting.

Robert Earl Williams

Funeral services for Robert Earl, two-year old son of Mr. and Mrs. Vern E. Williams, who died in Portland Monday, will be held from the Branstetter-Simon chapel Wednesday at 2 o'clock. Interment will be in the new I. O. O. F. cemetery.

dinary locomotives and trains causes huge expense in fuel and loss of time. Whistles, bells and market lights will be contained within the stream lines.

The new train on regular schedule of 36 hours between Chicago and Los Angeles will eclipse Death Valley Scotty's all-time record of 44 hours and 54 minutes between the two cities, established 28 years ago. Scotty's trip, made as a stunt in the "Coyote Special," caused comment throughout the country. Scotty planked down $5000 cash, demanded transportation to Chicago in 46 hours. The Santa Fe cleared its tracks and accomplished what old-time railroaders thought impossible.

• • •

Largely credited with this new development in transportation is E. E. Adams, vice-president of the Union Pacific since 1929. He was assigned last February to "special duties" with the power to make "research and study of ideas for improved railroad passenger equipment." Adams began his railroad career as a mechanic for the Southern Pacific in 1905.

Al Johnson, 40, of Klamath Falls, was driving the machine when it left the highway. He received head and shoulder injuries but was not seriously hurt.

Transient Jailed For Investigation

O. C. Dobbins, a transient, was arrested early Tuesday morning by S. P. special police while in company with a young girl at the company's terminal yards. He was lodged in the county jail and the girl was turned over to Mrs. Ella Richardson, city police matron.

The case will be investigated by the district attorney's office Wednesday.

Acclaimed as one of the screen's finest dramatic actresses since her triumph in "Bad Girl," Sally Eilers is said to give new proof of her abilities in the title role of "Hat Check Girl," current attraction at the State theater. Ben Lyon plays opposite her in this romance of the Great White Way, and the cast includes Ginger Rogers, Monroe Owsley and Noel Madison.

Lupe Velez shares honors with Edmund Lowe, Victor McLaglen and El Brendel in the Fox comedy, "Hot Pepper," depicting the adventures of Quirt and Flagg on Broadway as night club owners. Girls and music add to the gaiety of the cafe scenes. Instead of the familiar uniform of the marines, Quirt and Flagg appear this time in immaculate evening clothes. The film is showing today and Wednesday at the Rex theater.

As a human drama of human hearts, no motion picture shown on a local screen in several seasons has excelled "Back Street," the Universal screen play now showing at the Heilig theater. This noteworthy production is an adaptation of Fannie Hurst's widely read story of the same name, and the film version does full justice to the original novel of the noted authoress. Irene Dunne, who plays the leading famine role, is altogether delightful as the spirited young girl who finds true love when she least expects it, and gives up everything else in life to follow the dictates of her heart. John Boles plays opposite her, and those two great comedians, Zazu Pitts and Walter Catlett, are in supporting roles.

• • •

Ethel Barrymore, who plays the Czarina in Metro-Goldwyn-Mayer's spectacular production of "Rasputin and the Empress," was born in Philadelphia. She has made dramatic history in a long stage career, "The Twelve Pound Look," "Scarlet Sister Mary," "The Kingdom of God," "A School for Scandal," and "The Constant Wife" being among her recent successful stage vehicles. In silent pictures she appeared in "The Awakening of Helen Ritchie," and several other films, some years ago. "Rasputin and the Empress," now playing at the McDonald theater, is her first talkie and marks the first joint screen appearance of the three Barrymores.

Mel-Roy, one of the greatest magicians in the world today, will show Tuesday at the Colonial. Mel-Roy was originally scheduled for Sunday and Monday only, but his program has been so popular that Glen Godfrey, manager, decided to hold it over another day. Mel-Roy will present a completely new series of illusions and magical feats, both at the special Memorial day matinee and in the evening. The feature picture, Boris Karloff in "The Mummy," will also be held, together with several short subjects.

M'DONALD TO PUT ON DANCE REVUE

Bringing to a close his fourth successful season in Eugene Francis G. Mullins, director of Merrick studios will present his 40 pupils in a brilliant and colorful dance revue on the stage of the McDonald theatre Wednesday and Thursday evenings.

A program of 14 fast moving song and dance numbers, including tap,

acrobatic, musical comedy and ballet numbers, will make the Merrick revue an outstanding dance event.

Fred Peterson's ten-piece orchestra, who recently furnished all the music for Junior week-end on the University campus, will play for the Merrick revue. Specialty costumes for the revue were designed by Bessie Mae Dunn of Los Angeles.

One of the outstanding numbers in the revue will be the "Parade of the Wooden Soldiers," featuring nine girls executing military maneuvers while tap dancing. This number was originally used by Fanchon and Marco "Military Idea" with great success.

The feature picture on the program is "Beneath the Sea" with Ralph Bellamy and Fay Wray.

Harvey Firestone Visits in Eugene

Harvey Firestone, of Akron, Ohio, noted rubber manufacturer and close friend of Henry Ford, was a visitor in Eugene Tuesday. He called on the agents for Firestone tires in this city.

"The outlook is decidedly better the world over and especially in this country," Mr. Firestone said. He urged strenuous efforts to restore confidence and to build trade as the best means of hastening recovery in all sections.

During his ten-minute stop in Eugene, Firestone, and his sons, Russell and Leonard, visited at the Firestone Agency station at Eleventh and Pearl streets. He talked with employes of the station and then left on his train enroute to Portland.

Presbyterians Vote To Pull Together, Forget Differences

COLUMBUS, O., May 30.—(AP)—The 145th general assembly of the Presbyterian church in the U. S. A., today rejected a proposal to reduce the size of next year's assembly, decided to hold it in Cleveland, and then adjourned.

In face of an urgent plea from Dr. S. M. Robinson, Elizabeth, N. J., presenting the report of the polity committee, the body overwhelmingly refused to send down to the Presbyteries a measure calling for approximately one-third reduction in the size of the assembly at savings estimated at about $20,000.

Thus, the assembly will convene next year with its same strength of approximately 900 commissioners.

After adjournment, Dr. John Mc-Dowell, newly elected moderator, said the assembly had demonstrated:

"1. Unity of the church in its [illegible] essential beliefs.

"2. Unity of its spirit and [illegible] in all plans and action.
