SPRINGFIELD NEWS NOTES

SPRINGFIELD, June 24.—(Special)—The next meeting of the Kensington club will be held June 30 at the home of Mrs. Paul Basford, in the form of a picnic. It will begin at 1 o'clock.

Mrs. Eggmann Is Given High Post
SPRINGFIELD, June 24.—(Special)—Mrs. Myrtle Eggmann, for the past year state department secretary of the Ladies of the G. A. R., and member of the local L. A. R., received the post of chairman of the council of administration at the recent state convention in Salem. Two other Springfield women, Mrs. Grace Landberry and Mrs. Wanda Barnes, also received positions.

This was Mrs. Eggmann's fourth high office in the state administration, having formerly held the positions of treasurer, president and secretary. Mrs. Landberry was elected state registrar, and Mrs. Barnes was elected to be one of the nine delegates to the national convention at St. Paul. A vote of commendation was given Springfield's drill team, the youngest in the state.

TEMPERANCE DRAMA
SPRINGFIELD, June 24.—(Special)—"The Aftermath," described as a two-act drama, religious temperance drama, will be presented Monday night, June 26 at 8 o'clock in the Methodist church. Two traveling acts will present the drama, both of them long-time prohibition workers. The Springfield W. C. T. U. and churches are sponsoring it, in the fight to prevent the repeal of the Eighteenth Amendment. A collection

to the fish racks to replace those which washed out in the last high water. Several truck owners have joined the Truck Owners and Farmers Protective association to help fight the new truck law, as its enforcement will stop all trucking industry in this part of the country.

Gift Wrapping Ensemble—Ribbons to Match—See Them at COE'S 985 Willamette

What Makes a Safe Tire? ... I KNOW!

ARE you willing to risk your life on advertising statements claiming blowout-proof and unblowable tires? One manufacturer gives as the reason for claiming blowout-proof tires—the use of one ply of another color—another, a patented "no breaker" construction—a mail order house, high stretch "elastic" cords, etc. Actually the fundamental cause of a tire blowout is the flexing of the tire which causes friction of the fibers in the cord, resulting in heat and causing the rubber to soften and the cords to deteriorate.

There is a reason why Firestone Tires have won the 500-mile Indianapolis race for 14 consecutive years, the most gruelling tire test. The reason is the Firestone patented extra process of Gum-Dipping which saturates every fiber and insulates every cord with pure rubber—which gives strength to the cords and prevents friction and heat in the fibers. This year 42 drivers in this race equipped their cars with Firestone Gum-Dipped Tires and not a single driver had any tire trouble.

Race drivers know why Firestone Gum-Dipped Tires are safer and not subject to blowout and will not risk their lives on ordinary tires. Your life and the lives of your family are often in danger at the high road speeds of today and you should not take greater risks than the race drivers who make sure that they have the best and safest tires they can buy—Firestone. Come in today. We will give you a liberal trade-in allowance for your old tires on new Firestone High Speed Tires—the safest tires in the World.

Firestone
Patented Construction Features Give You Greater STRENGTH, SAFETY and MILEAGE

This tire is the equal of all standard brand first line tires in Quality, Construction and Appearance. Sold at a price that affords you real savings.

Firestone SUPER OLD FLY TYPE
This tire is superior in quality to first line popular brand tires offered for sale by mail order houses and made without the manufacturer's name and guarantee. This is "The Tire That Taught Thrift to Millions."

Firestone SENTINEL TYPE
This tire is of better quality, construction and workmanship than second line special brand tires—sold as low as many cheap special brand tires manufactured to sell at a price.

Firestone COURIER TYPE
This tire is of good quality and workmanship—carries the name "Firestone" and full guarantee—sold as low as many cheap special brand tires manufactured to sell at a price.

Firestone BATTERIES
Firestone Batteries set a new high standard of Power, Dependability, Long Life and Economy. We will test any make of Battery FREE.

Firestone Brake Lining
Firestone Brake Lining is moisture-proof and embodies a new principle which produces smoother braking action. Free Brake Test At \$2.40 Per Axle. Retaining Brake Hairs

58° Firestone SPARK PLUGS
Give a hotter spark, increased power, and have a longer life. Double tested and sealed against power leakage. Old worn plugs waste gasoline. We will test your Spark Plugs FREE.
