

DEMAND FOR WOOL GENERALLY STEADY

BOSTON, June 30.—(AP)—The Commercial Bulletin will say tomorrow:

"Demand for wool has been of fair proportions, everything considered this week. Prices have not been marked up materially but the trend of the market is against the buyer.

"Manufacturers are not pressing goods for sale any more. In fact, they are allotting deliveries and buyers are eager to get their commitments. Sales for the more remote months are not heavy. There is reluctance on the part of the manufacturers for the time being to quote far ahead, on account of the new processing taxes and the question of labor costs in the matter of wages and working hours.

"The new clip is well cleared from the west, except for some wools which are held at prices that dealers now consider prohibitive.

"Foreign markets are very strong and for the week a bit higher once more. Advances of 15 to 25 per cent are predicted at London. Tuesday next, medium crossbreds being the strongest feature of the market."

The Bulletin will publish the following quotations:

Scoured basis: Oregon, fine and F. M. staple 70/72; fine and F. M. Fr. combing 67/69; fine and F. M. clothing 62/65; Valley No. 1 63/65.

Mohair: Oregon 22/23; domestic graded: First combing 35/40; second combing 32/35; third combing 27/30; fourth combing 23/25; good carding, 21/23; first kid 60/63; second kid 50/53.
